Vote on Sewer Right-of-Way Stated Tonight

Most Aldermen Favor Land Exchange Plan To Resolve Problem

(Related Story on Page 9) The long-debated proposal that Granite City vacate August street to acquire right-of-way essential to construction of the city's new stormwater sewer system is expected to go to its first actual vote by city council members tonight. A recessed meeting is set for 7 o'clock.

The action is contemplated by backers of the vacating move as the result of a series of developments in a recessed council session Monday night. These included:

1. Three aldermen who formerly were opponents of the plan to trade August street for needed sewer right-of-way now owned by Granite City Steel Co. changed their stand.

2. Edmund Bartosiak, chairman of the council's Special Sewer Committee and a proponent of condemnation proceedings as the means of obtaining the right-of-way, said he would go along with the program to vacate August street "for the good of all the people of Granite City."

3. A test of strength on a motion to suspend the rules to permit presentation of a vacating ordinance on final passage received an 11 to 4 vote, with 15 members of the 16-man council present.

4. Backers of the August street vacating plan revealed that the one absentee council member, Alderman William Green of the Fourth Ward, favors the street vacating, which would provide the 12th vote necessary to approve it.

Presents Ordinance
The test of strength came in the motion to suspend the rules for presentation on final passage of an ordinance read by Alderman Bartosiak of the Second Ward. The ordinance provided for vacating August street in return for the Granite City Steel Co. land.

It was the first time the proposal had been presented to the council in voting form. Bartosiak made the motion for suspension of the rules, followed by subsequent developments that ultimately prevented a vote on the ordinance itself. The test of strength involved action on the motion for a rules suspension.

Bartosiak's motion was followed by more than half an hour of speeches by virtually all of the attending aldermen, variously condemning and commending the Press-Record for news articles concerning the August street issue published on the front page of Monday's issue.

In those articles the Press-Record detailed the problems confronting the city due to neglect to acquire earlier needed right-of-way for construction delays that could result from continued council inaction.

Claim Pressure Tactics
Aldermen charged the Press-Record with "pressure tactics," a "snow job" and attempting to run the city council. Alderman Walter Nunn of the Fifth Ward said "no one is going to tell me how to vote," and Steve Basarich, also of the Fifth Ward, said he would vote "later he did so." Basarich insisted that controversy over the August street issue "is making a mountain out of a molehill."

Among council members reversing their previous opposition to vacating August street were Aldermen Sam Whitmer of the Second Ward and Charles Moerlein and William Dallas of the First Ward.

At the same time, Bartosiak, who never had gone on record as opposed to the vacating move but who favored condemnation proceedings to obtain the right-of-way, said it has become necessary to favor vacating if right-of-way is to be obtained.

All of them said that in reversing their stand on the vacating proposal, they were "not influenced in any way by the Press-Record articles but had become convinced after last Thursday afternoon's severe

New Pay Plan Proposed By GC City Employees

(Related Story on Page 39)

A counter-proposal calling for a two-year contract with a total monthly wage increase of \$112.50 (\$65 this year and \$47.50 next year) has been submitted to city officials by union representatives of all union-affiliated city employees, including members of the police and fire departments. It was learned by the Press-Record today.

Union leaders, who submitted the new contract proposal to Mayor Donald Partney in a meeting Tuesday at the laborers' union hall, said they plan to attend tonight's recessed session of the city council in an attempt to obtain council action on the deadlocked contract issue.

The council is scheduled to meet tonight primarily on the August street proposal exchange. That proposal involves the city allowing time for consideration of land needed for a sewer right-of-way along East 23rd street and Nameoki road, now owned by Granite City Steel Co.

Aldermen Get Proposal
Mayor Partney said copies of the union counter-proposal have been distributed to the 16-member city council, but that he did not know if tonight's meeting will allow time for consideration or discussion of the requests.

Partney said that since the union prepared the contract request, he did not feel free to discuss details of the proposal. It was learned from other sources, however, that the contract differs from all earlier proposals in that it asks the same wage increases and other benefits for all city union employees, including police, firemen, street department teamsters and laborers, pollution plant workers and city hall custodians.

In previous negotiations, varying contract demands were made by the different unions. The city had proposed different wage scales for the various departmental workers.

The new contract request asks a salary increase of \$65 per month for all union employees and retroactive to May 1, with an additional \$47.50 wage increase to become effective since Monday.

12 Undergo Surgery at Hospital During Week

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Patricia Perkins, 1637 Spring avenue; John Stodnick, 1739 Market street, Madison; Della Nance, Collinsville; Samuel Littlejohn, 1401 Kirkpatrick Homes; Peter Metz, 1394 Rhodes street; Marcus Voelker, Collinsville; Edna Barnes, 2418 Logan avenue; Carrie Coley, Brooklyn; Thea Dittler, 2116 Bryn Mawr; Phillip Meyer, 21 Tulip lane; Herbert Wright, 1231 Bissell street, Venice; Dennis Barker, Belleville.

W. L. BEATTY

Beatty Vs. Coppinger for Circuit Judge

William L. Beatty, a Granite City attorney for 18 years, was nominated Monday night as the Democratic candidate for circuit judge of Madison and Bond counties, to run in the Nov. 5 general election.

Beatty's nomination by Democratic delegates of the two counties in a judicial convention at Edwardsville was by acclamation. He was the only candidate whose name was placed in nomination.

The Republican judicial convention, meeting at the same time as the Democrats, nominated John B. Coppinger Jr., an Alton attorney, as the GOP candidate. Coppinger has practiced law in Alton since 1939.

Both conventions were held in this Circuit courtroom in the Madison county courthouse and were attended by most of

CONTROVERSIAL STREET. This view of August street facing southeast shows an auto passing through a flooded section. Industrial property is located on both sides of the street, which has been proposed for a trade involving nine acres needed by the city of Granite City for a stormwater sewer right-of-way.

Schools Expect Record 20,630 Enrollment

By VALERIE EVENEDEN
Public and parochial schools in the Quad-Cities are expecting a record-breaking projected enrollment of 20,630 youngsters when the 1968-69 school year gets underway on Monday, Aug. 26, in Venice and Madison, Aug. 27, in Granite City and the following Tuesday, Sept. 3, at Catholic schools.

The figure represents almost 1000 more pupils than were enrolled in the three districts and parochial schools last September; 19,686 were enrolled at that time.

Granite City public schools estimate a student population of 14,946, plus 135 special education pupils. The projected enrollment for the actual six-day attendance figure of 14,241 students in September 1967.

Madison schools' estimate enrollment will reach 3038 pupils and 38 special education students, compared to last year's actual September figures of 2961.

Venice schools expect 738 students and 15 special pupils, dropping from a figure of 794 pupils at the start of the 1967-68 school year. Approximately 60 students still are expected to register at Venice high school.

705 Gain in GC
Projected student enrollment at all Granite City public schools totals 14,946, an increase of 266 pupils over September 1967. In addition, 135 special education students will attend classes at five buildings.

Granite City Supt. of Schools B. J. Davis said registration next week of new kindergarten and elementary pupils who have not yet enrolled and did not previously attend local schools may push the total figure higher.

A one-day registration of new students will be conducted Friday, Aug. 23, at all elementary schools in Granite City.

Anticipated enrollment at Granite City high school is 3029 students, including 29 special education students, an increase of 221 over the September 1967 enrollment.

At the four junior high schools, including new Grigsby school, projected enrollment

Room Neighbors at Birth Will Marry

When Miss Linda Jean Blumenstock of Madison and Michael Vincent of Rural Route Two, Granite City, are married Saturday, they will have a little more in common than most newlyweds.

Although they were unaware of it at the time, Linda and Michael were close together at the moment of their birth.

They were born in St. Elizabeth Hospital on the same day—Aug. 1, 1947—two hours apart. Their mothers were only one room removed from each other.

Linda and Michael did not meet until they were ten years old at a church summer camp. Both attended the camp each summer, renewing their acquaintance until it budded into romance.

County Refuse Disposal Plan on Ballot Nov. 5

Madison Schools 'Without Teachers'

Lawyer Rejects Salary Offer; Board Mailing Individual Contracts

The Madison school district will be without teachers on the opening day of school Aug. 26, an attorney for Local 763 of the American Federation of Teachers declared after he rejected a contract offer at a negotiation meeting Tuesday night at the school board office.

Ray Carr, of East St. Louis, the teachers' lawyer, rang on members that if they do not meet demands of an \$833 monthly starting salary, ranging to a top of \$1333 per month (yearly, total divided by nine), the district will have no teachers.

The board immediately prepared to mail contracts to individual teachers, with salary terms granting an increase of \$333 to \$777.78 per month.

Raymond Dragich, superintendent, said those who accept will continue to teach in the district for the next school year, and those who refuse will lose their tenure and replacements will be sought.

Proposed Schedule
Carr, in rejecting the offer, said he was speaking for all of the teachers in the district.

He told the board that all of the teaching positions in the district are now open and that all teachers in the district are giving up their tenure.

The attorney, who also represents teachers in the financially troubled East St. Louis school district, said the board should borrow the money to finance the requests, based on next year's anticipated income.

He claimed that the Madison district is the only one in this region which is operating in the black.

Many Financially Stable
In disagreeing, Supt. Dragich charged that many school districts in the area are financially stable and that Carr will not understand that the board will not place the school district in deficit financing.

The district employs 113 teachers, excluding administrative personnel, and budgeted \$896,500 for salaries during the 1968-69 school year, an increase of \$71,500 over last year.

Teachers also are seeking class size limits of 25 students and more fringe benefits, including hospitalization and insurance.

The administration claims

Effort to Break Union Charged

Rex Carr, East St. Louis attorney representing the Madison Federation of Teachers, criticized the Madison board of education in rejecting the board's salary offer Tuesday night.

His statement brought an immediate response from Raymond Dragich, superintendent of schools, yesterday.

Carr commented: "The school board of Madison voted to make an attempt

(Continued on page 22, col. 6)

Brown Appointed Acting Principal at Madison High

Richard Brown, counselor at Madison high school, was named acting principal of the school by the Madison board of education Tuesday night.

Brown, 39, is the son of the late Wendell Brown, who served as Madison superintendent of schools from 1952 until his death two years ago.

A teacher since 1953, Richard Brown was employed in Madison in 1956, serving first at the junior high school. He also was sixth grade and head teacher at Louis Baer school, and is entering his ninth year at MHS.

He was employed the first three years of his career at Cahokia. Receiving a bachelor's degree from Southern Illinois University-Carbondale, he earned a master's degree in administration at St. Louis University and has conducted a year of post-graduate work in guidance at the Southern Illinois University-Southwestern campus.

He was born in Granite City, attended Granite City schools, served two years in the Navy and is a member of the National Association of College Admissions. He resides with his wife, Jacquelyn, and three children, Ricky, 11, Randy, nine, and Jayne, five, at 2851 Grand avenue.

Success Questioned
Chances of success of the referendum in November were somewhat minimized, as most county Alton delegation on the county board charged that it would constitute double taxation for waste disposal for Alton.

Only Gallows from Alton voted to place the proposal before the voters. The city of Alton has obtained

(Continued on page 5, col. 1)

Specific Method Not Listed; Maximum Tax Rate to Be 10 Cents

Voters will decide Nov. 5 if Madison county will enter the waste disposal business. The Madison county board of supervisors decided yesterday to place the controversial issue before the electorate.

An amendment to the original motion proposed by Carl Buehler, assistant Granite City township supervisor and chairman of the board's sanitation committee, deleted the method to be used in resolving the growing problem of waste disposal, but included a provision for a tax rate of up to 10 cents per \$100 assessed valuation to finance the project.

The original motion presented by the sanitation committee called for at least one incinerator in the populous western part of the county and a landfill in the eastern section at a cost estimated at \$7.4 million in a study conducted by Horner & Shiffrin, St. Louis consulting engineers.

Review Problem
In an introductory review of the waste disposal issue, Raymond Gallows of Alton pointed out that the sale of general obligation bonds would be required for construction and operation of the proposed facilities but that a fee charged to users based on weight and volume would help defray expenses.

The amendment was offered by Robert Ford of Wood River township, who felt it advisable to leave the question of facilities open pending completion of a tri-county report by Horner & Shiffrin, St. Louis consulting engineers.

Ford complained that there was a definite attempt to distort facts in the waste disposal issue, as the consulting engineers recommended that the county await completion of the study also including St. Clair and Monroe counties.

He said that he previously stressed by Buehler and other committee members that most of the current landfills, especially Mal landfill on Chouteau Island as the largest, will be out of business within three years, the amount of time required to erect and develop new facilities by the county.

Success Questioned
Chances of success of the referendum in November were somewhat minimized, as most county Alton delegation on the county board charged that it would constitute double taxation for waste disposal for Alton.

Only Gallows from Alton voted to place the proposal before the voters. The city of Alton has obtained

Ethiopia Peace Corps Problems Cited by Speaker

Roy Schleiter, a member of the Peace Corps, was guest speaker at a weekly meeting at the Granite City Rotary club Tuesday, at the YMCA.

He showed color slides to illustrate his talk on experiences while in Ethiopia as a secondary school teacher. He listed the three main objectives of the Peace Corps as to train manpower to be sent to needy countries, to learn more about other countries, and to ease people in foreign countries to learn more about America, its people and the American way of life.

On the last objective, he said, "This is a waste of time, as the poorer class of people could care less about America." He added that most of the natives are farmers and are primarily interested in getting enough to eat and following their own customs.

Eighty percent of the people in Ethiopia are living in rural areas. Government workers and those who are in a higher financial bracket are interested in the work of the Peace Corps, but students who attended the high school came primarily to work toward a degree and many were not fully interested in education, he said. With a degree, they can earn more money, he noted.

One custom which the people genuinely support is a fund used for funerals, he said. Each resident is required to donate money for this general fund, and no one ever steals any of it. After a funeral is paid for from the fund, a large feast is prepared and the day becomes a celebration.

Weather in Ethiopia is similar to that in California—quite warm and with a lot of rain, the club was told.

Warren Decatur, president, led a discussion on the "Home Show" Sept. 19, 20, 21 and 22 at the ice rink pavilion of Wilson Park.

Carl Mathias and James Louis will serve co-chairmen. They announced that 86 booths, 8x10 feet in size are planned and 14 have been allocated.

The show will have a theme of new modern living and will feature, among other things, newest home appliances.

Hours will be 6 p.m. to 10:30 p.m. on Thursday and Friday; 1 p.m. to 10:30 p.m. on Saturday; and 1 to 6 p.m. on Sunday on the Sept. 19-22 dates. Live music is planned and prizes will be awarded.

At the Aug. 20 meeting, induction of six new members will be conducted.

Price Plans Fall Hearings On Food Irradiation Process

Comp. Melvin Price, chairman of the Subcommittee on Research, Development and Radiation of the Joint Committee on Atomic Energy, has announced that plans to continue hearings on the food irradiation program as soon as practicable after Congress returns in September.

The Subcommittee held hearings on July 18 and 30 on the status of the U.S. government's food irradiation program, which is divided into two areas: a high dose radiation sterilization effort under the direction of the Department of the Army to obtain radiation-sterilized packaged foods with two years' shelf life without refrigeration, and a low radiation dose food pasteurization program under the direction of the Atomic Energy Commission.

In opening the hearings, Price said: "Research on food irradiation as a formal program began about 16 years ago. The potential of radiation as a food preservation method has long been recognized by the committee."

"Besides the basic function of cutting down on spoilage and waste, which holds phenomenal benefits to the whole world, this method of preservation appears to have benefits from the standpoint of minimum reduction in nutritional values of the food thus preserved, compared to other preservation methods."

"At the time of our 1966 hearings, petitions were pending on three foods and another three foods had been approved. Since that time, however, we have seen little if any evidence of progress. In fact, there have been no food petition approvals."

"I understand two of the three foods then in the pending status have been withdrawn (strawberries and citrus fruits)."

During the July 18 hearing, Commissioner James T. Ramey of the Atomic Energy Commission stressed the "high importance and value to successful development of this new food processing method," while at the same time pointing out the need for "scientific and technical data fully sufficient to establish the safety of such foods."

On July 30, the Food and Drug Administration presented testimony indicating a need for more study to show that the high dose radiation process is inherently safe.

Cong. Price said he is confident that irradiated foods will be proven safe for human consumption.

He stressed, however, the importance of insuring that the irradiated food be safe. He expressed the hope that the research work needed to develop the process and prove its safety will be carried out.

With regard to the September hearings, Price said: "We plan to have representatives of the Food and Drug Administration, Atomic Energy Commission and Department of the Army provide us with information on what is required to move ahead safely and effectively in this field, which has such great potential benefits for all mankind."

Trust Bank to Handle Bus System Passes

As a further step toward providing maximum convenience for Bi-State bus passengers and operators, weekly passes will be sold at Granite City Trust and Savings Bank instead of on the buses, it has been announced.

This plan will become effective with the passes for the week of Sept. 22. E. A. Karandjef, president of the bank, announced that the first sale of bus passes by Granite City Trust will begin Wednesday, Aug. 28.

Three types of passes will be available: Gold pass selling at \$4.50 which will permit riding in the central metropolitan area and suburban areas; Silver pass selling at \$3.90 which will permit riding in the central metropolitan area, with an additional zone payment for suburban areas. Discount pass selling at \$2.25 which is designed for shoppers and service citizens and can be used from 9 a.m. to 4 p.m. in the central metropolitan and suburban areas.

Passes may be purchased from any Granite City Trust lobby or drive-in teller.

Man Reports Theft Of \$1000 1887 Bible

Daniel Knight, 22 Kaseberg park, reported to the Madison county sheriff's office at 5:10 a.m. Wednesday, that an 1887 edition of a Jehovah's Witness Bible was stolen from him. He said it was valued at \$1000.

He told deputies that he knew who had taken it and requested an arrest, but deputies told him to first see the state's attorney and file a complaint.

Leonard-Buxton Mishap

Autos driven by Mary E. Feager, 2948 Myrtle avenue, and Gary R. Moore, 2328 Terminal avenue, collided at 3:30 p.m. Tuesday at Leonard and Buxton avenues.

Quad-City Tavern Owners Increase Bartender Wages

A new contract for Quad-City area bartenders providing a 40-cent per hour wage increase over the next two years has been negotiated between tavern, restaurant and night club operators and International Hotel & Restaurant Employees and Bartenders Union Local 102, it was announced today.

Edgar Patrick, secretary of the bartenders' local, said the contract covers approximately 220 employees working in about 150 tavern and restaurant bars in the Quad-Cities and the area extending northward to Hartford.

The new contract, he said, increases bartender salaries by 25 cents per hour during the first year, with an additional 15-cent hourly increase to become effective next year. Present scale is \$2.10 per hour.

May Raise Prices

Patrick said that as a result of the higher wage schedule, "there is a possibility some of the operators will have to adjust prices."

He said that in return for the new contract, union members also agreed to make a "more diligent effort to prevent misuse of the union label." Signs of union recognition will be provided to establishments signing the contract.

The negotiations also resulted in an agreement for appointment of standing committees by both the tavern owners and the union to meet periodically on problems of the business.

In announcing the new contract, Patrick said the union "found it gratifying to work with such a responsible group as the tavern owners' association."

WITTHAUER

SWIM, SURF or SUBMERGE with SCUBA-MATIC I

Men of action pace themselves by Witthauer's Scuba-Matic. The sophisticated surfing watch you wear into water over 100 fathoms down! Smart stainless steel case is Witthauer's All-Pro®. Luminous, legible dials correlate with the elapsed time bezel that rides under the protective crystal, yet sent from a separate outside button. Tells date and time automatically without winding. Busy Red Cross Pace; 3 Going to Michigan Camp

July was one of the busiest months involving personal contacts in the recent history of the Tri-City American Red Cross chapter. Mrs. Ruby Overbeck, chapter executive, reported to local Red Cross directors Tuesday afternoon.

She said over 310 separate contacts were recorded, many requiring more than a single step to complete action on requests for assistance. The busy pace appears to be continuing during the current month, she added. The Vietnam war, is a major factor.

Service contacts included 33 emergency leave requests, six emergency leave extensions, 124 requests to military services and families, 214 counseling, 15 health-welfare reports, 69 other reports, one traveler's aid request, one social history report, nine financial assistance requests, four veterans' assistance cases, 21 other services and 15 requests for "information only" in which no case file is opened.

Meeting in the board room of the First Granite City National Bank, the Red Cross directors also approved sending three local Red Cross youth workers to a week-long training camp in Kalamazoo, Mich.

The three are Rita Wallace, Granite City high school, Paula Broadway, Madison high school, and David Scaturro, Venice high school. They will depart for the Michigan camp Sunday.

Bernard T. Pinney, chapter chairman, presided and welcomed three new board members, Mrs. Vina Shone, Ralph Fraga, manager of the local Nestle plant, and Charles Kagan, new Biederman Co. store manager.

Carl Thomsberry, treasurer, discussed the chapter's 1968-69 allocation request from the United Fund and reported that service loans to military families amounted to \$645 in July.

Mrs. Overbeck announced that Mrs. Mildred Fehling is continuing to serve coffee and rolls to Quad-City inductees at the Selective Service office in Edwardsville, and requested contributions for inclusion in individual "dirty bags" presented by the local Red Cross representative to each departing inductee.

Pvt. McKay Home on Embarkment Leave

A r.m.y. Pvt. Tim McKay is spending a furlough with his parents, Mr. and Mrs. Melvin McKay, 2812 Grand avenue, prior to embarking for overseas early next month.

The 1967 Granite City high school graduate recently completed artillery training at Fort Sill, Okla., and is scheduled to report Sept. 6 at Fort Dix, N. J., for assignment overseas. Before joining the Army in April, he was employed at General Steel Industries.

Gasoline Cans Stolen

One-gallon and five-gallon gasoline cans were stolen from the carport at the home of Ray Rummie, 2008 Oregon avenue, he reported at 11:25 a.m. Tuesday.

'Battle of the Bands' Registration Starts

Dr. Robert E. Schmidt, project chairman for the Granite City Jaycees' first "Battle of the Bands" contest Sept. 16 in the Wilson Park ice rink pavilion, today announced that two local musical groups—the "Confederate Stripes" and "Town Criers"—have registered as participants.

He said the event has received formal approval from Local 717 of the American Federation of Musicians. The local, which has headquarters in East St. Louis, represents most union musicians in the Quad-Cities. "Duke" Dudley, 2204 Lynch avenue, is Local 717 secretary.

Dr. Schmidt said the contest is open to any amateur or union band, with registrations now being accepted at Fornazewski's music store, 3008 Nameoki road. Additional information may be obtained at the music store.

First prize in the contest is a \$100 gift certificate for instruments or supplies at Jack Johnson's music store, 3008 Nameoki road. Winner of the local competition will be eligible to compete at the state level for more than \$1000 in prizes.

Special Use Permits, Zoning Change Granted

The Madison county board of supervisors approved five recommendations for special use permits and zoning changes and deferred two others for 30 days at its meeting Wednesday morning at Edwardsville.

Approved were petitions of Grace Cripe for a special use permit to operate a beauty shop in her home in Chouteau township providing no outside advertising signs are permitted.

Albert E. Bell, Joe and Florence Schroeder and Lawrence Williams for special use permits to place mobile homes in Nameoki township. John and Charlotte Schol, owners, and New Hope Baptist Church, purchaser, to rezone a tract from M-1 limited manufacturing to R-3 one-family residence district in Chouteau township.

Held over were petitions for a special use permit for Louis Limbrunner to place two mobile homes in Nameoki township for a special use permit enabling Modern Asphalt Paving & Construction Co. to operate a solid waste disposal site in an agricultural district in Nameoki township.

Truck Strikes Auto

A tractor-trailer truck driven by Joseph Polly, Willow-cattville, Ind., struck the left rear fender of the parked auto of Theodore Zeller, 2924 Faith avenue, while trying to pull into the parking lot at the Rose Bowl restaurant at 10:20 p.m. Monday. Polly was charged with intoxication and failure to report the accident.

FORMER RESIDENTS HERE
Mr. and Mrs. Warren Knobbe and family of Phoenix, Ariz., are here for a visit with Mr. and Mrs. Sy Osborn of Madison avenue and Mr. and Mrs. Edward Goodin, 3700 Franklin avenue. Mrs. Knobbe is the former Bette June Osborn. Both she and Mr. Knobbe are 1941 graduates of Granite City high school.

VACATION IN SOUTH
Mrs. Pearl Thomas of Hodges avenue, with her aunt, Mrs. Anna Jernigan, has returned from a week's stay in the south. They were guests of relatives in Dyersburg and Memphis, Tenn., and visited Rev. and Mrs. Edward Walker in Union City, Rev. Walker, now retired, is a former pastor of First Baptist Church here.

Job's Daughters Honor Guardians

Miss Cynthia Todoroff, honored queen of Bethel 48, international Order of Job's Daughters, presided at a regular meeting Tuesday evening at the Masonic Temple.

Escorted, introduced and given honors were Miss Debbie Teller, junior past honored queen, Miss Martha Love and Mrs. Eleanor Todoroff, past honored queens, Mrs. Nell Baskette, guardian, and Dr. E. H. Theis, associate guardian.

The honored queen and Miss Elaine Todoroff, treasurer, with the Bethel Choir, have been invited as guests of Bethel 88 of Wood River tonight.

A car wash previously scheduled and postponed because of rain has been rescheduled for this Saturday. The fund-raising project will be held from 8 a.m. until 5 p.m. at Roman's Stand station, Madison and Niedringhaus avenues.

A social event, which also was postponed, will be held Aug. 21 at the Paddlers pool.

EXERCISE PLAN TOPIC OF WHITTLE BY WHITTLE

Mrs. Mary Jo Akeman and Mrs. Vernie Von Nida were named co-queens of a meeting Monday evening of the Tops Whittle by Whittle club, held at the American Legion. Mrs.

Miss Lana Delhaus, librarian, gave a reading entitled, "Should the United States Forget Tradition?"

Honored on her birthday was Mrs. Baskette, and congratulations were extended to Dr. Theis who, with Mrs. Theis, will be celebrating a wedding anniversary this week.

Remarks were given by Mrs. Baskette, Dr. Theis and Miss Debbie Teller.

After the meeting, all members and guests retired to the dining room, where a cake inscribed with "Happy Birthday Aunt Nell" was served with cream during a social hour by the Mothers' club.

The next meeting will be held Tuesday, Aug. 27.

Nina Ends received the evening's prize.

Mrs. Peggy Hackney, leader, presided and introduced a new member, Mrs. Jo Ann Romine. She also announced a new adult and teenage club is being formed; for more information, those interested may contact her at 877-8378.

Guest speakers were Mrs. Jemma Jachino and Mrs. Ann Burton, representatives of the Bowland bowling lanes. They spoke on exercise followed by bowling in conjunction with the club's current exercise program.

Attending were Mesdames June Aerne, Billie Bagt, Janice Beatty, Nancy Bernais, Rose Bronbauer, Muriel Byrne, Frances Coleman, Helen Deruniz, Doris Edwards, Iris Gausen, Edith Harris, Doris Hendricks, Gladys Hutson, Shirley Lane, Jacquelyn McGee, Sandra Kay, Villa Rudings, Norma Kubi, Elvira Sharp, Jerry Skaggs, Shirley Sobolewski, Pat Wickman, Miss Judy Garrison, Miss Beverly Province and Miss Mary Weitzel.

GOLDEN WEDDING. Mr. and Mrs. Robert Martin, 2423 Benton street, who will observe their 50th wedding anniversary Saturday at a family gathering in Chicago.

Martins Will Observe Golden Anniversary

Mr. and Mrs. Robert Martin, 2423 Benton street, will observe their golden wedding anniversary Saturday at a family gathering in Chicago.

They were married in Granite City at the Niedringhaus Memorial Methodist Church parsonage Aug. 17, 1918, by Rev. John W. Davis.

Mrs. Martin, who is 69, is the former Ethel Norwine. She resided in Venice at the time of her marriage.

Mr. Martin, 70 years old, and his wife have made their home in Granite City for the past 50 years.

They are the parents of one daughter, Mrs. Fred (Shirley) Cunningham, 13 Frontenac lane, and four grandchildren, Mrs. James (Lynn) Harsh and Gail, Eric and Tod Cunningham.

Mr. and Mrs. Martin are members of the First United Presbyterian Church, where he now serves as an elder. He retired July 1, 1963, from American Steel Foundries after 44 years' employment there as an accountant.

He is also a past president of the ASF 25-year club and is currently secretary of E.I.K.A. Lodge 1063.

Flea Market by Club Discussed

A board meeting of the Granite City Junior Service club was held Monday evening in the home of Mrs. Charlene Pohlman, 81 Shirwin drive, with eight officers present.

Mrs. Pohlman, as first vice-president, conducted the business meeting and reports were submitted by Mrs. Phyllis Stieb, Mrs. Marilyn Bodnam and Mrs. Mary Lou Worden.

A report was given on a recent fund-raising project, for which the club received a gift following a successful venture. Tentative plans were discussed for the annual "Flea market," to be held Oct. 5, subject to approval by the members. Mrs. Bodnam and Mrs. Candy Kawula were named to serve as co-chairmen of the project.

The club donated \$20 to a mental health association for purchase of a window fan to be used at Alton State Hospital. The next board meeting is to be held in the home of Mrs. Kawula, 1512 Clark avenue, on Sept. 9, and the first regular club meeting of the new year will be conducted Sept. 16 at the Civil Defense building.

A white elephant sale is to be held, with each member bringing two items. Mary Schaffner and Mrs. Dottie Melkamp are chairmen for the sale. Hostesses for the meeting will be Miss Flora Mae Lening, Mrs. Rena James and Miss Helen Paraghiann.

MORE ABOUT County Refuse

its own landfill operation at an additional cost to taxpayers and hopes it will last for 20 years. Gilbert Killinger, author of a previously adopted resolution to ban Missouri haulers from dumping in Madison county, asked if out-of-state haulers would be permitted to use county-operated incinerators and landfills.

His resolution has been declared unconstitutional in Madison county circuit court, which enjoined the county from enforcing it or from assessing a \$100 license fee, described as excessive.

Dissuade Outside Use
James Heil, assistant state's attorney acting in an advisory capacity to the board at the meeting, felt that Missouri haulers would have a legal right to use county facilities but that means were available to dissuade them from doing so.

He noted that the consultants recommended fees of \$2.00 per ton for county haulers and \$5.75 for those outside the county. He also advised that county haulers could be given preference, that outsiders could be made to wait, and that an incinerator capacity of 900 tons per day, estimated for the county facility, is declared to be reached, Missouri haulers could be forced to wait for days to dispose of their waste.

He also defended the state's attorney's office on complaints that it was not enforcing the county and state laws against violations by Missouri haulers. He said his office has tried to move but has been enjoined from any action by the courts.

Seek In-Depth Study
Heil recommended that the board order the state's attorney's office to make an in-depth study of the recommendations made by Horner & Shifrin. He stressed that the press of other business leaves little time for thorough legal studies on the waste disposal issue.

Jack Clifford, county sanitation officer, claimed that the county could have a freer hand in controlling its operation if it does not avail itself of any federal money, as would be probable if it joined the other two counties in the waste disposal business under SIMAPC plans.

He said it is not mandatory for the county to grant permits for any new landfills if it can accommodate its citizens otherwise.

Walter Sparks, supervisor of

Venice Park Board Approves 'Y' Program

Venice park board members informed representatives of the YMCA last night that use of the new community hall in the newly constructed park district building will be available for "Y"-sponsored programs as soon as the hall is ready for use.

The district was asked if the hall would be available for youth programs for Venice youngsters if such programs were prepared by the YMCA. Board members said such use would be granted, but that there are a few finishing interior touches to be completed before the community hall is placed in use.

The board was informed that a \$30,000 partial distribution of 1967 taxes has been pressed to the park district by Township Tax Collector Frank Reidelberger Jr.

Chouteau township, where the Mal landfill is located, agreed with the advice to operate without federal funds. "I don't believe too much in federal money," he said. "It's still our money and they will tell you what to do."

"If the people turn us down (in November), we've got to go ahead with some other method. We've had problems in Chouteau township for the last five years and we owe it to the people to decide this."

"We could charge enough for the service where it would not cost the taxpayers."

As to the Alton problem of double taxation, Heil suggested that the county could take over its landfill and finance its operations to eliminate the matter of double taxation.

Harry Briggs, Nameoki township supervisor and chairman of the legislation committee, reported that a proposed state law to prohibit out-of-state dumping did not come up for a second reading in the recent legislative session as Rep. Leonard Kasper of Illinois informed that it would be unconstitutional.

Politics between Illinois and Indiana and Illinois and Missouri officials was blamed for the lack of state action. Bushler, who said that he and his committee had been under pressure from all sides of the issue, expressed delight over the board's action after the meeting.

"This is what we've been after all along—to let the voters decide," he said.

RIBBON CUTTING CEREMONY Tuesday at the new 14,000-square-foot A & P supermarket in the American Village shopping center, Fehling and Nameoki roads. Mayor Donald Partney wields the scissors. Pictured, left to right, are I. H. Ringstrom, St. Louis Unit sales manager of the firm; R. E. Richards, vice-president of the St. Louis Unit; Wayne Inlow, manager of the new store; Bud Jackson, produce manager; H. W. Colquitt, manager of Chamber of Commerce of the Tri-Cities; Peter F. Jellen, contractor; Robert Karandjef, representing the shopping center; John Camp, assistant manager; Mayor Partney; Dale Breckett, head of the meat department; C. E. Townsend, Press-Record editor and publisher; and L. D. Moulin, St. Louis Unit area supervisor.

MORE ABOUT New Pay

next May 1, beginning of the city's 1969-70 fiscal year.

Supervisory Differential
The proposal also asks a 2% differential for supervisory employees.

The counter-proposal was drafted after union leaders appeared Monday night before the city council and rejected a city proposal providing graduated raises for police and firemen ranging from \$48 to \$79 depending upon rank and service.

An offer of a \$32 per month increase for street department laborers and teamsters, as well as pollution plant workers, also was turned down. Employees' representatives sought to discuss certain points of the contract offers, but the city council refused to do so on the grounds that the proposal given the unions by the city was the city's final offer. The counter-proposal resulted.

GC Air Board Approves American Steel Program

The Granite City Air Pollution Control Board approved Monday night an American Steel Foundries emission reduction program and termed the company's air pollution controls "the finest installation of its kind in the country."

The board, meeting in regular session at the city hall, also approved a final portion of the Union Starch & Refining Co. reduction program. Granite City Steel Co. submitted its reduction program, not approved earlier because of a recommendation by Prof. Erwin Hoelscher, the board's technical secretary. The board referred the proposal to Prof. Hoelscher Monday night, although he is on a summer leave of absence.

New City Master Plan Finished; Hearing Planned

A comprehensive master plan for Granite City and its immediate surrounding area, two years in the making, was given tentative approval in a meeting of public agency representatives last night and will be given a public hearing in 1968, according to Theodore Mikesell, director of the Southwest Illinois Metropolitan Area Planning Commission which undertook the updating of Granite City planning nearly two years ago.

The extensive document of several hundred pages, accompanied by maps and drawings, includes the pinpointing of future construction sites, divides the area into residential, commercial and industrial districts and bases future growth of the area upon population and economic factors.

New Zoning Laws
Separate documents provide for complete rezoning of Granite City and provides a new land-use and zoning ordinance. Another document revises the city's present land subdivision ordinance.

Feature of the program is application of a state law which would extend planning control by Granite City public agencies to a point one and a half miles outside the city limits, once the plan is officially adopted by the city council and filed with Madison county.

While this action does not give the Granite City area complete jurisdiction over the one and a half mile area outside the city limits, it would require Madison county to consult with Granite City before making use of land within the mile and half zone for construction of buildings, roads or other facilities.

Hearing Next Month
Last night's meeting was attended by Mikesell and assistants Ronald A. Darden, Ron Battee and John Weaver of SIMAPC; William Hoelscher and Henry Gabriel representing the City Plan Commission; William Kozvak, president, and Frank A. Rea, secretary of the Granite City park district; Frank Fuzzessery of the Granite City Housing Authority, and Dr. E. W. Walton, Sup. B. J. Davis and treasurer George E. Moore, representing Granite City school district No. 9.

Mikesell asked the agency representatives to file with SIMAPC not later than Aug. 31 any suggested revisions or additions they may wish. If any are filed, they will be incorporated in the plan. Following the Aug. 31 deadline, a public hearing will be

Port District Approves New 20-Acre Lease

A lease for 20 acres of land sought for future expansion projects of the National Marine Corps, was approved by the Tri-City Regional Port District board during a short meeting Monday.

The newly-leased property lies immediately adjacent to the corporation's liquid terminal installation on the Chain of Rocks Canal. Harold R. Fischer, Port board chairman, conducted the session.

Correction of the problem is anticipated as a result of steps taken at the plant, company officials said.

The board also referred to Dr. Parrill for investigation a citizen complaint about a grocery store incinerator.

Says IPC-CIPS Merger Would Benefit Area

Consolidation of the Illinois "Power Co. and Central Illinois Public Service" could not help but be in the public interest and of benefit to both customers and stockholders of both companies, the Securities and Exchange Commission was told in Washington yesterday.

Marshall S. Luthringer, former CIPS president and now director and chairman of the executive committee of the CIPS board, testified before the commission that the areas served by the two companies are mostly adjacent to each other. Electric systems of the two firms have become largely coordinated because of formation and operation of the Illinois-Missouri power pool, Luthringer said.

Under the proposal for consolidation, Illinois Power will trade 65 of a share of its common stock for each share of CIPS common, but only if holders of at least 65% of CIPS stock agree to the plan.

John Stodnick, 81, Madison, Dies Today

John Stodnick, 81, of 1739 Market street, Madison, died at 12:15 a.m. today at St. Elizabeth Hospital. He had been ill three weeks and a patient at the hospital 16 days.

Born in Austria, he lived in the Quad-City area 58 years. He retired in 1956 from General Steel Industries where he had been employed 42 years as a laborer foreman. He was a member of St. Mary's Greek Church, 13th and Iowa streets, Madison.

His wife, Martha died in 1967. Survivors include two sons, Frank Stodnick of Granite City and Steve Stodnick of St. Louis; a daughter, Mrs. Orris (Julia) Stewart of Granite City; three stepchildren, Mrs. Joseph (Ann) Valencia of St. Louis, Mrs. Demo (Mary) Vassileff of Granite City and John Pavlov of Madison; and 18 grandchildren and 22 great-grandchildren.

Funeral arrangements are being handled elsewhere in this issue.

Windows, Screen Damaged
Elmer Holten, 9677 East 24th street, reported at 10:30 p.m. Wednesday that an object was thrown through two storm doors and a screen at his home.

Called by the City Plan Commission. Following the Aug. 31 deadline, a public hearing will be called by the City Plan Commission.

Bi-County Police Chief Association Proposed

The initial step in formation of a police chiefs association for Madison and St. Clair counties was taken Wednesday during a meeting of top police officials from 19 communities in the two-county area. The session was held in the Cahokia village hall, with Cahokia Police Chief Merle Justice presiding as temporary chairman.

Granite City Police Chief Ronald J. Veizer and Police Chief Emmett Palla of Madison were appointed to an organizational committee, composed of three chiefs of police from each county.

The steering group agreed to meet Wednesday, Aug. 28, at Cahokia to correlate ideas regarding the proposed association's general organization, membership, future activities and aims.

Other senior police executives named to the organizational committee were Chief William Peterson of Alton and, St. Clair county representatives, Chief Tom O'Brien of East St. Louis, Chief Paul Kilmcar of Belleville and Chief Ted Shamalian of Centerville.

Special guests at yesterday's meeting were Walter Moehle, director of the St. Clair County Crime Commission, and William Dye, commission investigator.

Moehle discussed the recently enacted Omnibus Crime Control and Safe Streets Act of 1968 and how it can assist local police agencies through federal grants for training, educating the public and development of new methods and equipment to strengthen law enforcement.

The Crime Commission director also noted the omnibus bill will help to recruit and train police officers, provide funds for construction of buildings and other facilities, aid in organizing and training special riot control and prevention units, assist in recruiting neighborhood youths, thereby improving police-community relations.

Grants will be channeled through a state board of local communities on approval. Moehle told the chiefs.

Seminar Planned on Mental Health Aug. 21

A mental health seminar entitled "Your Role in Community Mental Health" will be held Aug. 21, from 7 to 9 p.m. at the Diagnostic Building Staff Room at Alton State Hospital.

This program, offered by the Madison County subcommittee of the Illinois Department of Mental Health, will include discussions on what mental illness is, how to identify it, what can be done about it, and where one can go for help.

The overall program is aimed at giving young adults a better understanding of mental illness, so they may more readily recognize the need for community mental health programs and work more actively toward that end.

Those attending will be area Church, Girl Scout, YMCA and Boy Scout senior high youth groups. Mrs. Marjorie Dintelmann, Volunteer Services, 465-5593, Ext. 341, will take reservations to Aug. 20.

MORE ABOUT Madison Schools

that all of the demands, if met, would cost the school district more than \$1 million.

The board also has argued that not all of the teachers are in agreement with the sentiments reflected by Carr.

Members previously asserted that many teachers do not attend federation meetings, especially in the summer months, and allegedly are not informed.

hood youths, thereby improving police-community relations.

Grants will be channeled through a state board of local communities on approval. Moehle told the chiefs.

State Champ Vikings Ready For Regional Softball Meet

The Clark Vikings, Class A slow pitch softball state champions, will be in Sheboygan, Wis., tomorrow through Sunday to compete in the midwestern regional slow pitch tournament. The local team won the state crown at Caseyville July 28.

The Vikings are members of the Granite City park district softball program and compete in the Class A division at Worthen Park. They are in

third place after dropping a pair of games last weekend; their current league record is 7-4.

The championship squad finished third in the Granite City tournament, which entitled them to enter the state championships. At Worthen Park, the Vikings beat Mexican Honorary Commission 4-2 and Community Heights 11-7, lost to Sammie's Tavern 4-2, beat the Zips 7-3 and Holiday Mobile Homes

7-6 and then were defeated again by Sammie's 8-0.

State Tourney

At the state tournament, their first victim was Packett Dairy of East St. Louis 14-13. They came back to top O'Fallon 12-3 and C&S Trucking 13-7.

The following day, the local club beat O'Neal's of East St. Louis 6-2 and then on July 27 beat Wells Fargo of Moline 7-5 to give the Moline squad its first loss of the tournament.

The win guaranteed the Vikings at least second place. Wells Fargo won its next game, earning the right to play the Vikings for the championship.

The Vikings lost in extra innings to the Moline team 17-11 for the Granite Cityans' first setback but then won the final game of the tournament, 4-2.

When the two tournaments were held, the Vikings were the top team in the Granite City park district standings.

Last week a campaign to raise funds to help send the Vikings to the tournament was held, including a dance at the Granite City rink and weekend recepts from the sponsoring service station.

Those who will be attending the regional tournament are Tom Tindall, Gary Whitehead, Jim Rippey, Jim Rains, Don Rains, Larry Lilley, Dave Tindall, Jerry Barnett, Ken Fowler, Sonny Antoff, Jess Ybarra, Ken Fowler, Tony Root, Steve Moore, Glen DeGare, John Jones and Manager Bill Jackson.

If the Vikings win the tournament they are to advance to the World Tournament at Long Island, N. Y., Aug. 30-Sept. 2.

Deer Permit Quotas Filled in 2 Counties

Deer permit quotas in McHenry and Peoria counties have been filled, the Illinois Department of Conservation reports.

Department officials advised archers who intend to participate in deer hunts on the Garden Division of the Mark Twain National Wildlife Refuge to apply for their Illinois bow hunting license as soon as possible.

Applications for the special hunts are included with the bow hunting license, and some athletes chose not to do so, Federa noted.

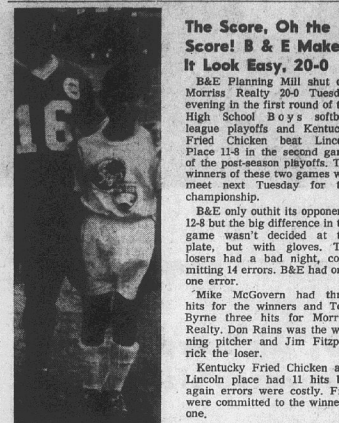

All lettermen will be given a pass entitling them to free admittance to all home athletic events other than state-sponsored events.

Identification cards containing photos are to be issued, similar to those used by the park district's ice rink.

He expects the moves "to increase enthusiasm, pride and prestige among the student athletes of our school system."

PRESS-RECORD SPORTS

Page 6 Granite City PRESS-RECORD Thurs., Aug. 15, 1968

The Score, Oh the Score! B & E Makes It Look Easy, 20-0

B&E Planning Mill shut out Morris Realty 20-0 Tuesday evening in the first round of the High School Boys' softball league playoffs and Kentucky Fried Chicken beat Lincoln Place 11-8 in the second game of the post-season playoffs.

The winners of these two games will meet next Tuesday for the championship.

B&E only outlast its opponents 12-4 but the big difference in the game wasn't decided at the plate, but with gloves. The losers had a bad night, committing 14 errors. B&E had only one error.

Mike McGovern had three hits for the winners and Tom Byrne three hits for Morris Realty. Don Rains was the winning pitcher and Jim Fitzpatrick the loser.

Kentucky Fried Chicken and Lincoln place had 11 hits but again errors were costly. Five were committed to the winners' one.

Down 8-5 going into the sixth inning, the victors combined hits to collect six runs and then held their opponents hitless in the sixth and seventh innings.

Bruce Buttery was the winner and Greg Nighossian the loser.

Jacobmeyers beat Local 16 on a forfeit in the 35 and over league.

Nothing New in Cycle Race Results, Thanks To California Entry

Neil Keen of Pasadena, Calif., won for the fifth straight week at Tri-City Speedway Tuesday evening despite the fact that again the number one and two cyclists in the country were on hand to give him a challenge.

Keen is actually rated as the no. 10 motorcycle rider in the nation, but those who race against him at the local track may argue with the figure.

Keen again was the fastest qualifier of the evening with a time of 15:55 and was the winner of the second heat race.

Jim Carpe was second, followed by Ben Breeding and Ron Widman in that heat.

Dick Mann, rated as the No. 2 driver in the nation, won his heat race and was second in the 20-lap feature, following the leader by 10 feet across the finish line. Chuck Palmgreen was third and Gene Romero fourth in the feature.

Ben Breeding won the trophy dash race.

Model Airplane Championship Competition Planned Aug. 25

Tri-City Sky Stealers and Alton Area Thunderbolts will be co-sponsors of Illinois regional model airplane championships Aug. 25 at the Beatho Civic Memorial Airport, Routes 111 and 140.

The contest director will be John D. Blum, 2417 Glen place. Those wishing information may contact him at 877-8355.

Events scheduled for the contest are scale, rat race, combat, stunt, balloon bust, class 1 and 11 Navy carrier, non-scale Navy carrier and junior champ.

Scale models are precise replicas of the prototype and are judged on their fidelity to scale, workmanship, detail and flying ability. The club says that scale planes "are truly the watchmaker's art of modeling."

Descriptions of the events follow.

For the "rat race," models are built to be fast and durable. Four planes compete in each circle, each on a separate set of control lines, with the four pilots in the center of the circle.

For the "balloon bust" contest, contestants earn points on elapsed time from starting the plane to bursting balloons placed in the flight path.

Navy Carrier Navy carrier competition involves scale replicas of Navy aircraft flown in two classes, depending on the size of the engine. Models are equipped with engine throttle, landing flaps and landing hooks.

Points are earned through a flight sequence. Engines are started and the takeoff is from a simulated carrier deck (44 foot-long curved slab of concrete). The approach end of the deck has 10 arresting cables. The event is timed through a high speed phase and low speed phase. Model speed is 120 mph.

The junior champ event this year will feature up to and including 15-year-olds. Models will be competing in four categories: beauty, endurance, stunt and speed. The four categories must be flown by the same plane and engine.

The championships are open to anyone to enter providing he is a member of the Academy of Model Aeronautics or is willing to join. This can be done at the contest.

Approximately \$500 in trophies and merchandise will be awarded through the first five places in each event.

Models are flown through a series of elimination heat races, with some planes gaining speeds of 120 miles per hour. After each race, the plane comes in for a pit stop, modeling's answer to the "Indianapolis 500."

Combat is for fast, maneuverable models, with speeds averaging 110 mph. There are two pilots in the circle and two sets of control lines. Points are earned when a pilot can make a "cut" or "kill" on a strip of crepe paper pulled by his opponent's plane. This is known as the "spectator's sport" of modeling.

Stunt flying is for large models with wing spans of up to 60 inches, judged on workmanship and realism. The pilots earn points by attempting to execute a pre-determined sequence of maneuvers, such as loops, figure eights and inverted flying.

In balloon bust contest, contestants earn points on elapsed time from starting the plane to bursting balloons placed in the flight path.

Navy Carrier Navy carrier competition involves scale replicas of Navy aircraft flown in two classes, depending on the size of the engine. Models are equipped with engine throttle, landing flaps and landing hooks.

Approximately \$500 in trophies and merchandise will be awarded through the first five places in each event.

Lettermen to Reorganize

Grigsby JHS Gridders To Use Worthen Park

Grigsby junior high school will use Worthen park for football practice, and changes will be made in membership requirements of the Granite City high school Lettermen's club, according to plans approved by the board of education Monday night.

Joseph Fedora, athletic director, informed the board that field conditions at Grigsby will not be suitable for football practice this fall.

"Although grass is beginning to take hold, it is still very uneven and covered with a fine crop of weeds," he said. "Mowing the weeds and grass will result in a sharp stubble which could result in numerous and perhaps severe injuries due to the nature and activity of football."

Physical education classes will be held at the field, however.

Bus transportation will be required for the 1.6-mile trip from Grigsby to Parkway school, located next to the park, at a cost of about \$500 for 44 days, and a temporary storage shed to house equipment is to be constructed at the rear of Parkway.

The park also may be used to play games which cannot be scheduled at the high school field.

Eliminate Hazing In the reorganization of the Lettermen's club, all lettermen will become automatic members without initiation or hazing.

Previously, only members who went through an initiation were accepted into the club, and some athletes chose not to do so, Fedora noted.

All lettermen will be given a pass entitling them to free admittance to all home athletic events other than state-sponsored events.

Identification cards containing photos are to be issued, similar to those used by the park district's ice rink.

He expects the moves "to increase enthusiasm, pride and prestige among the student athletes of our school system."

Mitchell Khoury Loop All-Star Competition Will Begin Saturday

The first annual Mitchell Khoury League all-star baseball tournament will be held this weekend and next at the Mitchell Athletic Association diamonds, with games starting at 8 a.m. Saturday for first-round pairings and Sunday afternoon for the second round. Championship games will be played on Aug. 24-25.

Atom Division pairings will be: Madison vs. Dupo, 8 a.m.; Redbirds vs. Cubs No. 1, 10 a.m.; St. Ann, Mo., vs. Mitchell AC No. 1, noon; and Collinsville vs. Cubs No. 2 at 2 p.m. Saturday.

Midget Division pairings are: Mathews Impalas vs. Pevely, Mo., 8 a.m. Saturday; St. Ann, Mo., vs. Upton No. 1 of East St. Louis, 10 a.m.; Eagles vs. Dupo, noon; Madison vs. Upton No. 2, 2 p.m.; and Mitchell AC vs. Burns Cafeteria Cubs at 6 p.m.

The Bantam Division schedule has not been completed.

Vukovich, Bettenhausen, Parsons Here Saturday

Granite Cityan Wil Spalding will be one of many up-rated drivers at Tri-City Speedway Saturday for the Don Branson-Dave Mueller Memorial Sprint Car race. Time trials will start at 8:30 p.m. and racing will begin at 9:30 p.m.

Spalding will be driving the Jim Green Construction Co. car. It ranks fourth in the National Car Owners Association and its driver ranks third in U. S. Auto club standings.

Sons of three former auto racing greats also have entered the sprint car races at the local track. Latest entries are Tony Vukovich, Johnny Parsons and Gary and Merle Bettenhausen. Their fathers were outstanding drivers on the USAC championship circuit and in the Indianapolis 500-mile race.

Rookie of the year, Vukovich finished seventh at the Indianapolis 500 this year and Gary Bettenhausen was 24th in the race. Other drivers in the Indy 500 who will be on hand here include Johnny Rutherford, Larry Dickerson, Carl Williams and Bud Tingstad.

The local racing was moved to 8:30 p.m. because many of the drivers will be in Springfield, Ill., for the afternoon 100-mile championship USAC race.

Park Flag Football Registration Friday

The Granite City park district office announced today that all boys aged 8-13 and interested in playing flag football, but not already on a team, may contact the park office at 887-3009 tomorrow after 9 a.m.

Boys who call the office will have their names put on lists and will be called by managers when openings occur on their teams. The earlier a boy calls, the higher on the list his name will appear.

Coolidge Grid Drill Plans

Prospective junior high school football players for Coolidge are to pick up their equipment at the gymnasium between 8:30 a.m. and 12:30 p.m. Aug. 20, with practice scheduled to begin Aug. 21.

Coach John Tancoff said that, if possible, he would like to have all the prospects have their physical examinations before then. There will be two practices a day on Aug. 21, 22 and 23.

Wide Margins in Two Age 35 Ball Games

Tony and Joe's pounded out nine hits for nine runs in the third inning Monday evening at Wilson Park and went on to beat VFW 18-5 in 35 and over slow pitch softball league action.

Gus Lignoul and Glen Wolfe each had four hits, while Nick Bogovich and Millard Schwendeman had three safeties. Paul Thompson was the winning pitcher and Nick Petrillo the

'Must' Contest for Mercer Ball Team Sunday at Troy

Mercer's Southwestern Illinois Inter-City League baseball championship hopes will be on the line Sunday as the second-place club with a record of 9-3 plays a cross-town double-header against the cellar-dwelling Troy Redbirds at the Moonlight diamond in Troy starting at 1 p.m. Troy has a record of 2-12. Granite City's Mercer team is a half-game behind the leader, East Alton, 10-5. The East

Alton Machineists will play a 2:30 p.m. single game on the road against Red Division champion Collinsville, 14-2. If Mercer wins both games and East Alton wins its game, there would be a tie. If East Alton loses and Mercer wins both games, the local club would be a full game in the lead and sure of at least a tie for first place for the year. Granite City Steel Credit Union (3-11) will be at Wilson Park at 2:30 p.m. for the third straight week, and this time will entertain the Maryville Red Sox (4-4) of the Blue Division.

Pocahontas (8-7) will host the East St. Louis Polish-American War Veterans (5-7). Only one additional Sunday remains for scheduled league competition before playoffs begin on Sept. 1.

Hambletonian Race Has Overwhelming Favorite

Nevele Pride is the strongest Hambletonian favorite to come along since Noble Victory dominated the three-year-old trotting division in 1965. But who will ever forget Noble Victory's last night that year in the most prestigious race in all of harness racing?

Like Nevele Pride, which will race in the 1968 Hambletonian Sunday, Aug. 25, Noble Victory was trained and driven by Stanley Dancer—and the similarity does not end there.

Noble Victory finished his juvenile campaign (1964) with a record of 18 wins in 19 tries, was voted Two-Year-Old Trotter of the Year and earned \$141,163, then second best in history.

Nevele Pride scored 29 times in 32 starts last season and swept both the Two-Year-Old and Horse of the Year titles while collecting a record \$222,913.

Noble Victory tied Scott Frost's 2:00 race record during the 1964 Lexington Fall Trot to become one of the two fastest juvenile race trotters of all time.

During the 1967 season, Nevele Pride's 1:58 2-5 win at Lexington shattered both the 2:00 colt mark held by Noble Victory and Scott Frost and the 1:58 3-5 filly standard set in 1961 by Impish, also at Lexington.

Noble Victory was even more devastating during most of his sophomore season, recording 27 wins in 28 lifetime starts—including 21 in a row prior to the Hambletonian.

Nevele Pride, now with 30 firsts in 33 lifetime efforts, is unbeaten in four starts this year and has banked \$237,799.

Dancer is hoping similarity between his two famous colts ends at Du Quoin II, on Hambletonian Day. Although Stan has earned more than \$10-million during his career and has captured most of sulkymodern top prizes, he has never won a Hambletonian.

The New Jersey horseman came close in 1965 but Egyptian Candor, owned by his wife, won a four-heat marathon for substitute driver Dal Cameron.

Dancer had elected to drive Noble Victory, who only the week before had handled Egyptian Candor with ease at Sportsman's Park in Chicago.

Noble Victory did not like the muddy track and was eliminated after the third heat. As

trainer of both NV and Egyptian Candor, Dancer could have driven Egyptian Candor in the race for \$60,000 prize money.

Horse "Can't Miss" Most observers of the sulky scene feel Dancer can't miss this time with Nevele Pride. The Harness Racing Institute rated the son of Star's Pride (already the sire of five Hambletonian champions) first in its annual Experimental Speed Ratings.

On June 21, in only his third start of the season, Nevele Pride set the half-mile track record of 2:01 in the \$15,100 Battle of Saratoga.

Then, in the \$168,746 Dexter Cup at Roosevelt Raceway, the Nevele Acres and Louis Resnick-owned colt beat 10 of his top rivals by four lengths in 2:02 2-5 stakes record time.

Nevele Pride was never in serious danger in the Dexter Cup after taking over at the three-quarter mile and non-eligible Yankee Town to breeze home.

Castleton Farm's Snow Speed was a fast closing second over Keystone Spartan. Other beaten Hambletonian contenders included the well-regarded Kerry Pride, Ole Hanover, Larengo Hanover, Dart Hanover, Master Yankee and Fashion Hill.

\$400,000 in Prizes The five top place-winners in the \$125,000 Hambletonian, the world most famous race for three-year-old trotters, will be the big winners, but hundreds of others will share in the estimated \$600,000 prize money to be awarded at this year's Du Quoin State Fair.

According to the exposition's 1968 program, the estimated \$270,000 will be awarded winners in the five-day Grand Circuit harness races, the first of which will be Saturday, Aug. 24, through Wednesday, Aug. 28.

Participants in the three-day motorized racing program Labor Day weekend will split up more than \$80,000, some \$7600 will go to winners in the one-day Quarter Horse program and \$66,240 to livestock and home show winners.

Three divisions—dairy, beef and swine—top the livestock department where \$82,610 will be divided. Dairy cattle exhibitors will be competing for \$18,000 while entries in the beef division will be bidding for \$17,220 and swine exhibitors \$12,220. Winners in the sheep division will receive \$7810.

First Grigsby Junior High School Football Team Being Formed

All eighth and ninth grade boys who will be attending Grigsby junior high school this year and interested in participating on the football squad are asked to report to the gymnasium Aug. 18 or 20 at 9 a.m. to pick up equipment.

Practice will begin Aug. 21, with two sessions planned daily through Aug. 23.

Charles Weise, principal of the new school, said that all players should have their physicals and bring insurance money to their first practice.

The football head coach will be a former GCHS star, Ron Yates.

200 Attend Paddlers Team Victory Banquet

A substantial group of young swimmers celebrated their first conference championship and a full sweep of victories over all teams in the Southwestern Illinois Swimming Association at the annual banquet of the Paddlers swim club last evening.

More than 200 team members and their parents attended the Fellowship Hall of St. John's United Church of Christ.

Red, white and blue streamers, banners and balloons decorated the hall for the victory celebration and awards presentation ceremony, which singled out the top swimmers in each age group and others whose contributions were judged outstanding.

Each team member received a facsimile of an Olympic Gold Medal, engraved with the words "1968 SWISA Champ."

An honorary pennant designed by Mrs. Sharon Loftus to commemorate the occasion was presented to Mary Ellen Dunn, Paddlers co-captain.

Paddlers swimmers, who ranged from under eight years to 17, captured the conference title for the first time in eight seasons on Aug. 3, in the annual championship meet at Summersport of Alton.

In July, the local team won the SWISA conference relays at Dorchester in Belleville, and swept all dual meets with SWISA teams and non-conference squads during the season.

Among those honored were Cindy Blumentstock and Mark Janney, outstanding team members for sportsmanship, loyalty and spirit, whose names will be engraved on the Homer Johnson trophy.

The award, named in honor of the late Homer Johnson, a Paddlers official and active supporter of the team, will be shared by the two winners for the next 12 months.

Cocaptain plaques were presented to Mary Ellen Dunn and Bill Beatty and the most outstanding team member awards were received by Pat Cottrell and Terry Hollis.

Most unusual swimmer trophies in the various age groups were presented to: Kathy Baggot and Jeff Odum, eight and under; Mary Beatty and Mark Buenger, nine and ten; Karen Reisinger and Paddy Baggot, 11-12; Ann Richards and Mark James, 13-14; and Jane Gabriel and Bill Beatty, 15-17.

Outstanding divers were Sue Lybarger and Perry Dillard. Plaques also were presented to Jane Gabriel and Mark Hatcher, winners of the 1967 Homer Johnson award, and to the two winners of the 1967 Coach Dick VanHook Assistant Coach Perry Sabin and Miss Dunn. Rev. Paul Surber officiated the invocation and Fred Noth served as master-of-ceremonies.

Thurs., Aug. 15, 1968 Page 7

Ashal, Bert's Win In Girls' Softball

Ashal Insurance beat Busy Bee Truck stop 18-4 and Bert's Chuck Wagon downed Shady Lake 25-16 Wednesday evening in the High School Girls softball league at Wilson Park.

Ashal pounded out 16 hits in its conquest, including four hits by Ruth Noeth and a home run by Debra Poulas. The winning pitcher was Jan Thomure and the losing hurler was Mary Lehm.

Bert's Chuck Wagon blasted 23 hits, including three home runs by Vickie Couch. Kathy Schmidt had a perfect night at the plate, getting five hits. Janice Harding was the winning pitcher for the loser.

Shady Lake managed to connect for 18 hits which included home runs by Judy Anderson and Mary Gordon. Mary Gordon also had two triples and a double.

The rescheduled 35 and over league game, Coachite be a VFW 11-4. Frank Orris was the winning pitcher and Nick Pettrillo the loser.

Wimp Wilson and Rich Fry each had three hits for the winners.

Invitational Tennis Meet This Weekend

The Granite City park district will hold its fifth annual invitational tennis tournament Aug. 16-18 at the Wilson Park and Granite City high schools.

The tournament is sanctioned by the U. S. Lawn Tennis Association and Missouri Valley Association.

Harold Brown, tournament director, expects entries from Kentucky, Springfield, Ill., Belleville, Collinsville, Granite City and other communities.

First round pairings will begin tomorrow at the two local courts and the finals will be played Sunday afternoon at the Wilson Park courts.

Deadline Monday on Local Tennis Meet

The Granite City park district will hold a local tennis tournament for those residing in the park district Aug. 19-23 at the Wilson Park Granite City high school courts.

Play is limited to three events, except for the father and son mixed doubles. All entries are to be turned in to Norman Popmark at the park courts by 9 a.m. Monday.

ceremonies. Brief congratulatory remarks were made by Al Matlack, club president.

The dinner was under the supervision of Mrs. Hedy Barth, president of the Paddlers swim team mothers club, with Mrs. Mary Lou Worthen, Mrs. Jo Ann Terrell and Mrs. Marcia Buenger serving on the decorating committee.

QUITE A CATCH is displayed by Clinton Smith (left), 2407 Terminal avenue, and Richard Donohue, 2400 Delta avenue, this week at Sandy Lake, near Horseshoe Lake. The carp weighed a total of 75 pounds.

Granite City Park League Games are played at 6 p.m., Wilson Park; Madison-Venue Khoury League at 8 p.m.; Nameoki-Pontoon Little League at 6 p.m.; Mitchell Khoury League at 5:45 p.m. at the Athletic field. Game times apply to Monday through Friday; Saturday times will be indicated.

60 Hits in Four Worthen Park Games

Class A slow pitch softball action at Worthen last night was full of hits, runs and errors. A total of 60 runs crossed the plate on 99 hits and 1 errors.

W-W Confectionery beat American Legion 18-8, Sammy's Tavern downed Clark Vikings 9-6, Mexican Honorary Commission beat GC Steel Credit Union 11-3 and Tri-City Cue slipped past the Zips 3-0.

Hitting four times for W-W was Harry Gates; Fred Miller, winning pitcher, he hurled an eight-inning shutout for Frank Miller. Dick Prehn and Tony George homered for the winners.

Sammy's blasted 18 hits, including two apiece by Rick Bledsoe, Joe Janning, Joe Hills, Charles Stephens and Gary Willard. Haig Nigho hossian was the winning pitcher and Ken Fowler took the loss.

Mexican Honorary scored six runs in the fourth inning on seven hits, including a triple by John Kipp. Jim Goodrich was the winning pitcher and Bob Patrick took the loss.

Tri-City managed to connect for seven hits and the losing squad had five. Tri-City finally broke the scoring ice in the fifth and added two in the sixth.

Fast Pitch Twinbill At GC Park Sunday

The Granite City Steel Credit Union fast pitch softball team will play Ole Time Lounge of Wood River in an exhibition doubleheader at Wilson Park Sunday at 7 p.m.

The Wood River team placed second in the ASA Class A regional finals at Alton next week.

BRIDAL SHOWER HONORS MISS DIANE BLATTNER

Miss Diane Blattner, daughter of Mr. and Mrs. Mathew Blattner, was honored with a miscellaneous bridal shower Sunday afternoon. Colors of green and white were used for the room decoration and table appointments. The shower was given by her aunts, Mrs. Sylvia Reeves, Mrs. Diane Bellico and Mrs. Emma Blattner. The guest book was presided over by Miss Barbara Blattner.

Mrs. Blattner and her sister, Miss Mary Nickloff of Munster, Ind., made the table centerpiece and favors while Mrs. Bellico was visiting in Indiana. They decorated an umbrella in green net, using rows of netting and white daisies.

The favors were miniature umbrellas in mint cups which were of white crepe paper, holding green and white candies. The matching candies were on either side of the centerpiece. Daisies were used in the floral arrangement.

The bridesmaids, Miss Charlene Voloski, Miss Nola Barham, Miss Barbara Blattner and Miss Donna Reeves, a cousin, and the maid of honor, Miss Paulette Voloski, and flower girl, Cathy Bellico, assisted in opening the gifts.

Mrs. Mary Stawar assisted the group. Miss Connie Groves of Detroit, Mich., and Miss Stagner will be in the bridal party.

The wedding will take place at the United Methodist Church in Madison, Miss Blattner becoming Mrs. John Robertson on Sept. 8.

A buffet lunch was served to Mrs. Diane Blattner, mother of the bride-to-be, and Olga Kube, Mary Novich, Judy Novich, Ann Doney, Pat Bilyrey, Helen Knevezich, Marie McDaid, Donella Maeras, Myrtle O'Neill, Maxine Costoff, Nanette Markuly.

Mrs. Diane Blattner and daughter, Carla, Geraldine Price, Patsy Markuly, Catherine Ellett, Bloude Smith, Ann Kattenbraker, Pat Conley, Dotie Markuly, Vera Mikolassuk, Helen Duncan, Maria Groves, Elizabeth Skubish, Sally Maers, Diana Fox, Bea Knuckles, Dena Severine, Alex Severine.

LONG AND THE SHORT (SLEEVE) OF IT. New dress uniforms for Girl Scout adult leaders comes in a short-sleeved summer version and 3/4-length-sleeved winter dacton and winter version. Head-hugging green beret that won't blow off in a high wind complements both green dresses, accented by bone-colored neck scarves and wrist-length gloves.

and a gift from the club were presented to the honoree. A one o'clock luncheon was served, after which games were played. Prize winners were Mrs. Johanna Milovich, first, Mrs. Wood, second, and Miss Diane Grams third.

Others taking part in games were guests, Miss Sandra Serini, Miss Sharon Serini, Mrs. Helen Thiele and Mrs. Grams. Mrs. Johanna Milovich will be hostess to the club members in her home in two weeks.

MRS. LARGE HONORED
BY WEIGHT CLUB

Mrs. Pat Kingsley was crowned queen of the week at a meeting of the Ship Shape Tops club Tuesday evening.

The meeting opened with the president, Mrs. Yvonne Passig, calling the meeting to order with the pledge of allegiance to the flag and the Tops pledge in union.

Weights were recorded and those gaining were given penalties. Mrs. Wilma Large received a bracelet and charm.

Mrs. Hazel Trotts was cited for achieving her goal for weight loss.

The members discussed joining a bowling league for members of all weight clubs. A representative from Bowland met with the group.

Plans have been made for the Ship Shape and Whittle by Whittle clubs to entertain the We'll Show 'Em club on Sept. 9. The three clubs held a contest, and the two losing clubs will serve dinner at the YMCA for the winners.

Family picnic by the Ship Shape Tops club will be held Sept. 8 at Wilson Park. Mrs. Helen Townes closed the meeting with prayer. Diet cookies and coffee were served to those mentioned and Mrs. Jackie Gattung, Mrs. Lorraine Gremaud, Mrs. Diane Ogle, Mrs. Elinor Baird, Mrs. Elizabeth Bucher, Mrs. Patricia Lee, Mrs. Sandra Lane, Mrs. Dorothy Broekhouse, Mrs. Juanita Herrington, Mrs. Rose Yates, Mrs. Olga Vizer, Mrs. Kathy Dohal, Mrs. Rose Marie Krystof, Mrs. Johanna Collect, Mrs. JoAnn Bartley and Mrs. Maria Jones.

Mrs. Betty Allen was welcomed as a new member. Mrs. Dohal and Mrs. Kingsley received prizes.

BRIDAL SHOWER FOR MISS EMILY LEE
Miss Emily Lee, daughter of Mr. and Mrs. Albert Lee, 1076 Third street, was complimented with a miscellaneous bridal shower Tuesday evening.

The shower was given by Mrs. Pat Fitzmaurice, Miss Beth Fitzmaurice and Mrs. Dorothy Farrell in the Fitzmaurice home in Edwardsville.

Miss Lee will become Mrs. Cornelio Ybarra Jr. on Aug. 24 at Third Baptist Church.

Miss Lee was presented with a corsage of yellow and gold baby's tears. These are the colors to be used by the attendants in the wedding.

White bells and a decorated cake centered the table. She opened her many gifts.

Those seated were Mrs. Evelyn Lee, mother of the bride-to-be, Mrs. Bonnie Clemons, Mrs. Betty Keeton, Mrs. Lucille Shelly, Mrs. Joe Whitte, Mrs. Eloise Grimes, Mrs. Virginia Brasfield, Mrs. Pauline Rogers, Mrs. Fana Rogers, Mrs. Nora Birtley, Mrs. Pauline Cory, Mrs. Ethel Stone, Mrs. Gertrude Ashford, Mrs. Diane Treat, Mrs. Delores Pogue, Mrs. Marie Wadlow, Miss Mary Lee and Lesa Ferrell.

Games were played and prizes were awarded.

Bea Gamma club members met in the home of Mrs. Shirley Kattenbraker in Belleville Tuesday evening. Games were played, with prizes going to Mrs. Colleen Evanoff, Mrs. Wilma Pulaski, Mrs. Kathryn Jones and Mrs. Judy Yocis.

Refreshments were served to the hostess, Lois Hoffman who will entertain in her home, 1620 Clark avenue, Sept. 10.

HONOR BRIDE-TO-BE, MISS JENEA MEYERS
Miss Jenea Meyers was honored with a bridal shower Tuesday evening at the United Methodist Church in Madison.

Miss Meyers and Kerry Ponero will be united in marriage Sept. 7 at Niedringhaus Methodist Church.

The shower arrangements were made by Mrs. June Nikonovich, Miss Margaret Crawshaw and Mrs. Erna Graves.

Table decorations were made by Mrs. Graves, assisted by Miss Crawshaw, using yellow, which will be the color used by the bride party. An umbrella lined with yellow net was covered with paper carnations.

The tables were adorned with bud vases holding yellow flowers. An umbrella filled with rice and netting and tied with ribbons was at each place setting.

Mrs. Sharon Pile, who will serve as matron of honor, assisted the bride-to-be in opening her many gifts.

Miss Crawshaw assisted in showing the gifts.

Present were Roni Marshall, Lorraine Grimes, Thelma Lucas, Pearl Guenther, Margaret Oliver, Esther Williams, Becky Welborn, Peggy Hackney, Bea Pyle, Gladys Wallace, Ina Myers, Mary Sturmy, Julia Hall, Louella Graves, Gladys Zentgraf, Opal McFarland, Doris Smith, Cheryl Smith, Pat Allen, Myrtle Cook and Christina Lynn Graves.

Games were played and prizes were awarded.

Miss Lee will become Mrs. Cornelio Ybarra Jr. on Aug. 24 at Third Baptist Church.

Releases FAA Letter
Meanwhile, Cong. Melvin Price made public a copy of a letter, from the Federal Aviation Administration, under a date of Aug. 1, in which an FAA official said no decision had been made as of that date on a specific location for a new airport.

The letter said, "The 1968 National Airport Plan to be published in about a month will identify a new air carrier airport for St. Louis, but the fact that it is listed in Missouri is not intended to preclude consideration of an Illinois site for the new airport to serve the St. Louis area."

The Gateway Council's executive advisory committee said financing plans are premature because the amount of available federal assistance for major airport facilities is unpredictable and we have no assurances that a second airport can be built out of airport revenues.

Among those attending Monday's meeting in which the committee report was accepted was St. Louis Director of Public Utilities Walter T. Malloy, who also is chairman of

the Municipal Airport Commission.

Major points of the committee's reports said that the idea of a metropolitan authority "is excellent" and a concurring policy by the Gateway Council should be adopted, and that such an authority, when formed, should have jurisdiction over all major airports in the Illinois-Missouri metropolitan area.

It recommended also that a program of financing for such proposed authority should not be spelled out at this time. All action concerning the type of agency which would serve the area should be deferred for the present, pending outcome of the proposed feasibility, it was asserted.

The letter said, "The 1968 National Airport Plan to be published in about a month will identify a new air carrier airport for St. Louis, but the fact that it is listed in Missouri is not intended to preclude consideration of an Illinois site for the new airport to serve the St. Louis area."

The Gateway Council's executive advisory committee said financing plans are premature because the amount of available federal assistance for major airport facilities is unpredictable and we have no assurances that a second airport can be built out of airport revenues.

Among those attending Monday's meeting in which the committee report was accepted was St. Louis Director of Public Utilities Walter T. Malloy, who also is chairman of

the Municipal Airport Commission.

Major points of the committee's reports said that the idea of a metropolitan authority "is excellent" and a concurring policy by the Gateway Council should be adopted, and that such an authority, when formed, should have jurisdiction over all major airports in the Illinois-Missouri metropolitan area.

It recommended also that a program of financing for such proposed authority should not be spelled out at this time. All action concerning the type of agency which would serve the area should be deferred for the present, pending outcome of the proposed feasibility, it was asserted.

Releases FAA Letter
Meanwhile, Cong. Melvin Price made public a copy of a letter, from the Federal Aviation Administration, under a date of Aug. 1, in which an FAA official said no decision had been made as of that date on a specific location for a new airport.

The letter said, "The 1968 National Airport Plan to be published in about a month will identify a new air carrier airport for St. Louis, but the fact that it is listed in Missouri is not intended to preclude consideration of an Illinois site for the new airport to serve the St. Louis area."

Highlights of Council Debate on Sewer Right-of-Way

Prolonged debate Monday night over the proposed vacating of August street — a move regarded as vital to continuation of the city's stormwater sewer construction — produced a variety of aldermanic views as to the cause and effect of delay in acquiring right-of-way needed to build a stormwater drainage outlet along East 23rd street and Nameoki road.

While an actual vote on the August street closing, in return for which Granite City Steel Co. would give the city easements necessary to the sewer construction, was not taken, proponents of the plan apparently have mustered sufficient votes to approve it.

Twelve votes are necessary to vacate August street.

Monday night's discussion was marked with criticism of Press-Record news articles regarding the council's two-and-a-half-month delay in acting on the exchange proposal, and at least one member said he would vote against it because the Press-Record "is trying to tell us how to run the council."

Pertinent Remarks

Here are pertinent remarks by members of the council prior to a vote on a suspension of rules for presenting a vacating ordinance on final passage: SAMUEL WHITMER, Second Ward: "The Press-Record came out with a slam-bang issue today. This affects my ward. This has worked us into a trap and I hate to be put in a position like this."

"This is a planned maneuver and puts us behind the eight-ball. I have been in favor of condemning the property we need for the sewer but we have to do one thing or another."

"After Thursday's rain I saw what a mess the ditches are. The old sewers have been cut off. No one has worked harder months of standing water in streets and basements."

"I'm not happy about this. This is a snow job. We were informed when the contract went through that there was no problem about easements. I can't see spending a quarter of a million dollars for condemnation."

So I am going to vote for vacating August street."

WALTER NONN, Fifth Ward: "This is a first-class snow job. I've got a spot right now on Nevada avenue where the sewer is only 18 inches underground. (At this point Nonn was interrupted by an alderman who told Nonn the council wasn't talking about Nevada street, but about August street)."

"The paper (Press-Record) leaves the impression that the aldermen are a pretty poor bunch," Nonn continued. "But it's not us. It's the engineers and those responsible for getting the right-of-way before the sewer was started."

"I'll grant you the streets are in a mess, but it's a little too late to blame the aldermen. As far as the Press-Record is concerned, no one tells me how to vote."

MORE ABOUT Beatty

To run on a partisan ticket.

Under the 1864 judicial reform, circuit judges, once elected, thereafter run on a non-partisan ballot containing only the question as to whether or not the judge should be retained in office. The circuit judge post has a salary of \$25,000 per year.

The contest for the judge post in the Nov. 5 election will be limited to the two party candidates, since the period in which an independent candidate could get his name on the ballot has expired, and had partly expired at the time the legislative measure was signed into law, inquiry by the Press-Record showed this week.

Filing Period Expired Illinois statutes governing the

calls it "Pressure." STEVE BASARICH, Fifth Ward: "If this (Press-Record news article) isn't pressure, I'd like to know what is. That scandal sheet isn't going to run the city council."

"I drove down August street and I couldn't see anything wrong. We're making a mountain out of a mole hill. When the newspaper tries to tell me how to vote, that's when I'm going the other way. I'm going to vote against it just because of the Press-Record."

EDMUND BARTOSIAK, Second Ward: The newspaper wasn't telling any lies. Everything in its articles said I have reported at one time or another on this council floor.

"I want to say that I opposed vacating of August street from the beginning in favor of condemnation. But the time has come to do something."

"This should have been taken care of a long time ago. We approved a contract that was not supposed to be consummated until the right-of-way was all available."

"To prevent any delay in the sewer work and to eliminate health and traffic hazards, I am going to vote against any union convictions for the good of all Granite City and not just the people of my ward."

CHARLES MOERLIE, First Ward: "I opposed vacating August street when it first came up. I still think we could have worked out an arrangement with Granite City Steel under which they would have kept the street open until they actually needed the street for any proposed expansion."

"I drove through the area after that heavy rain last night and saw the mess. It's a mess. I can't see not vacating August street for the benefit of a few people when hundreds would suffer harder months of standing water in streets and basements."

"I'm not happy about this. This is a snow job. We were informed when the contract went through that there was no problem about easements. I can't see spending a quarter of a million dollars for condemnation."

So I am going to vote for vacating August street."

WILLIAM DALLAS, First Ward: "We have had a lot of criticism over this, and now the Press-Record is on our backs. This is a hard decision to make, but I am going along with the vacating. It's not the pressure of the Press-Record articles. That doesn't affect me."

"Whenever I work hard for something I always expect a kick in the pants. Condemnation would cost us a lot of money. The reason I am voting for vacating August street is to save the city a lot of money."

filling of petitions by independent candidates in judicial elections specify a filing period of July 29 to Aug. 5.

The bill creating the judgeship was signed in the second day of the eight-day filing period.

The office of Secretary of State Paul Powell at Springfield told the Press-Record that because of the specific filing period contained in the election code, there would be no opportunity for an independent candidate to get his name on the Nov. ballot.

Beatty was the only announced candidate seeking the Democratic nomination for the judge's post, although the names of several other attorneys were mentioned as potential candidates at the time the county convention was held.

Fred Schuman, an associate circuit judge, was reported among potential candidates.

ROY POULOS, Third Ward: "Some of these aldermen who are against it are always wanting others to go along with them on projects, but when the time comes they don't want to go along with the others."

GERALD PARMLEY, Sixth Ward: "Alderman Poulos is right. Personalities enter into this thing. There are four aldermen in the wards involved in this thing who don't want to be the cause of Granite City and all our wards together."

"When one alderman (directing his remarks to Basarich) says he is voting against something because of a press release, then I am ashamed."

"We had a chance once to get \$10,000 for this street. We made a mistake in not seeing to it that we had the easements when the work first started. I am for it (vacating August street)."

Hopes For Results FORD JOHNSON, Eighth Ward: "This is an important issue that has to be settled now. You aldermen say the newspaper articles were pressure. It was real good pressure and I sure hope it has some results."

"The engineers drew the plans for this sewer and there were engineers and attorneys responsible for getting the right-of-way. I don't see how you can blame Granite City Steel Co. for this."

PAUL RUTLEDGE, Fourth Ward: "I would like to read to you an excerpt from a contract under date of Aug. 10, 1967."

Rutledge then read a single paragraph referring to the employment of Horace Calvo as bond attorney for the sewer project because "it is necessary to sell bonds to obtain the services of an attorney to get easements."

EMERALD DAWES, Eighth Ward: "I am voting for vacating August street for the good of the people of Granite City. Let's take the heat off the Press-Record. I live in water all of my life and know what those people would put up with."

Trying To Lick Problem RICHARD FRY, Sixth Ward: "I've been against this thing from the beginning. I was for the sewer program that meant improvement of sewers for all of the city. But I certainly was against this second program."

"Now we're trying to lick a problem. Our mistake was in not telling the contractor to hold up the work until we got the easements."

"The contractor could have rescheduled the work. There is plenty to do in other parts of the city. I don't know who told the contractor to go ahead. He knows better."

"As far as Granite City Steel Co. giving us 9.9 acres of land in return for 3.3 acres on August street, they're not doing

any such thing. They are only giving us right-of-way along 23rd street and Nameoki road. The city is not getting a fair shake out of this deal."

CLYDE BOYD, Third Ward: "This is a very important matter and we have been discussing it a long time. The streets are tied up and it would cost us more than \$100,000 to condemn the property. I know there is an ordinance here tonight and it is time we not on it."

ANNOUNCE DAUGHTER

Mr. and Mrs. Ronald D. Nation, 2210 Edna street, are announcing the birth of a daughter, Shelly Gayle, Aug. 6 at St. Elizabeth Hospital. She weighed six pounds, seven ounces. The couple has three other children, Debra, Rhonda and Ronald Jr. Mrs. Nation is the former Miss Audrey Oshia. Paternal grandparents are Mr. and Mrs. Roy Criss and the maternal grandmother is Mrs. Dora Oshia, all local residents.

Mrs. Carolyn Ashcraft, 2663 Lincoln avenue, has had a load of clothing lost or taken by mistake at the Monday's M & I Laundry in the Nameoki Village shopping center. The clothing was mostly blouses, shirts and sport clothes. Several other people at the laundromat noticed children folding and placing clothing in a basket, and Mrs. Ashcraft believes her articles were taken by mistake. She had several other loads of washing, which were left intact.

Mr. and Mrs. Harry Ellsworth Jr. and children, 2549 Hodges avenue, entertained in their home Monday Ellsworth's mother, Mrs. Reabert Elder, and sisters, Misses Jeanine and Carmen Elder, of Lockport, Ill. Mrs. Elder is a former resident of Granite City. She attended a family reunion in Vandala during the weekend and visited other local relatives before returning home Monday evening.

MORE ABOUT Vote on Sewer

rainstorm that "these people can't go through a winter with water backing up into their basements and their yards," due to the cut-off sewer lines that have been blocked off where the stormwater outlet is to be built.

Would Trade Land

The August street vacating involves a proposal by Granite City Steel Co., owner of a nine-acre tract of land on which the needed right-of-way is located along East 23rd street, Nameoki road and Edwardsville road, to trade the right-of-way for August street (between East 23rd street and Edwardsville road) which now divides Granite City Steel Co. property.

While the council has had the proposal before it since early June, definite action to acquire the right-of-way by either the vacating proposal or by condemnation has been delayed by indecision over which of the two methods should be adopted.

Meanwhile, sewer lines have been built to the ditch site and construction halted.

S. M. Wilson & Co., contractor for the sewer construction, has notified the council the delay may extend into next spring or summer the construction of the sewer ditch, resulting in a blocking off of sewer lines throughout the winter.

Rain Floods Area

Last Thursday's heavy rain flooded many intersections on the construction route along East 23rd street.

Granite City Steel Co. hopes to acquire August street to remove an obstruction that would lie in the way of plant expansion.

During argument of the issue, Alderman Clyde Boyd of the Third Ward revealed ten days ago that in discussions of the property exchange with steel firm officials, it was learned the company is contemplating construction of a new cold strip mill in the area, designed to employ about 600 persons.

Only alternative to the property exchange as a means of acquiring the right-of-way for construction of a sewer ditch outlet which will drain stormwater into the Nameoki channel would require condemnation proceedings, since the steel

firm does not wish to sell the land.

Until Monday night's meeting, Bartosiak was the most staunch proponent of condemnation. He said he realizes that something must be done to provide the right-of-way for continuation of the sewer project and, since the council refused to go along with condemnation, he will vote in favor of vacating August street and exchange of the August street area of about three acres with the company.

Reject Condemnation

The first vote on a motion to file condemnation proceedings was defeated in the council session Monday, Aug. 5. The motion was made by Bartosiak and was defeated by a vote of 9-7. Favoring condemnation were Bartosiak, Whitmer, Nomm, Basarich, Fry, Earl Jarrett and Emerald Dawes.

The move to bring the issue before the council again Monday night was initiated by Alderman Ford Johnson of the Eighth Ward during a recessed session of the council in which aldermen were scheduled to meet with union representatives of city employees in renewed wage negotiations.

The council planning to convene and then recess the session into a meeting as a committee of the whole to discuss contract terms with union representatives, who were scheduled to give their answers as to acceptance or rejection of a city offer for a new working agreement.

Johnson, however, attempted to dispose of the August street controversy before going into the wage talks. He was unsuccessful.

Most of the council members preferred to dispose first of the contract problems, agreeing to take up the August street matter as the last item of business.

Urges Delay

Whitmer at this point suggested laying the issue over until next Monday's regularly scheduled council meeting, contending that "another few days won't do any harm." Whitmer remarked that "we have been maneuvered into a trap and I hate to be put in a position like this."

The council then recessed into a closed meeting for discussion of contract terms with representatives of six unions in behalf of police, firemen and other city workers, a matter that was disposed of within an hour. Employees who are union members rejected the city's contract proposals and arranged for further discussions at a later date.

As the council reconvened in open session, Alderman Johnson again pointed out the necessity of settling the August street controversy and said "there should be a unanimous decision in favor of vacating August street, as this is a problem that affects all of Granite City."

Clarify Voting

Johnson noted there were 15 of the 16 council members present and sought to clarify the vote that would be needed to approve vacating of August street.

Mayor Donald Partney confirmed the opinions of several aldermen that 12 votes would be needed to vacate the street under a section of the municipal code requiring a three-fourths vote of all council members in a street vacating.

It was agreed also that a majority vote of nine council members would be needed to place a vacating ordinance on first reading.

Bartosiak was the first to take the floor on the August street proposal. He pointed out that he had been in favor of condemnation proceedings to acquire the needed right-of-way.

"I represent the area and I have been told many times that if I went along with vacating August street they (the people of the ward) would vote against me for re-election," Bartosiak said.

"But I realize the time has come when something must be done. We must have this right-of-way, and if the council will not go along with condemnation, then I will have to go along with the property exchange (with Granite City Steel Co.)."

Bartosiak then read a previously prepared ordinance to vacate August street and to exchange the property with the steel firm for right-of-way for the sewer project.

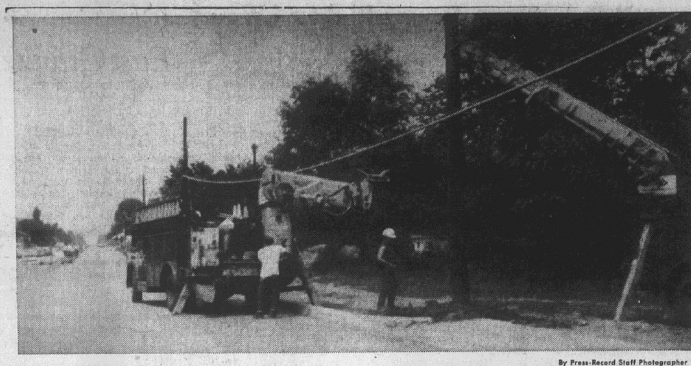

He moved to suspend the rules to place the ordinance on final passage. The motion was given a second by Alderman Boyd.

'Terrible Mess'

This cleared the way for discussion, and Alderman Moerlien was the first to express his view.

He noted that he had been opposed to vacating August street when "the issue first came up" but that he changed his mind following last Thursday's rain and what a mess it is. We are in a trap. "The sewer lines have been put in and the sewers blocked off. No one has worked harder to keep August street open than I have, but we have to do something."

"I wish we had condemned,

REALIGNMENT OF UTILITY POLES in progress along the southern section of Nameoki road,

which is being widened to four lanes. This view is north on Nameoki road from East 23rd street.

August street and signed by 374 persons, told the council that "we have been criticized for this situation and now the Press-Record is on our backs." He said he could not go along with condemnation proceedings that would be costly.

"The only reason I am going to go along with vacating August street is to save the city money." Cost of condemning the steel company property has been estimated at from \$100,000 to \$250,000.

Criticism Press-Record Severe criticism of the Press-Record for publication of news articles relating to the tieup of sewer work over the lack of right-of-way came from Alderman Basarich of the Fifth Ward.

He said he intended to vote "no" on August street "just because the Press-Record thinks it can tell us what to do."

Basarich said that the editor-publisher of the Press-Record "never has helped me any. He fought me in two elections and I beat him, and I'm going to beat him a third time."

Whitmer told the council that "I saw the ditches (after last Thursday's rain) and what a mess it is. We are in a trap. "The sewer lines have been put in and the sewers blocked off. No one has worked harder to keep August street open than I have, but we have to do something."

"I wish we had condemned,

but the money factor is a big one. It seems the only thing for me to do is vote against my own convictions and vote for it."

Makes Him Ashamed

Debate for and against the August street vacating also waged between other members of the council.

Alderman Parmley, referring to Basarich's earlier statement that he was voting against the proposal because of Press-Record news articles, said it "makes me ashamed when I realize an alderman who I realize to represent Granite City and the people of his ward bases his decision and vote on a news release."

"Well," said Basarich, "it makes me mad. They said I was an ally of Walter Nomm. I'm not. I'm his puppet."

"The newspaper didn't tell any lies," he said. "Everything they said in their articles I have reported at one time or another on the floor of this council."

Vote Is 11 to 4

Aldermen began calling for a vote on the motion to suspend the rules. On a roll call vote, 11 aldermen voted in favor, and four against. The four nay votes were cast by Nomm, Basarich, Fry and Jarrett. Although the votes were sufficient to suspend the rules,

backers of the vacating move realized 11 votes were insufficient to pass the ordinance and Alderman R. E. Robertson moved to recess the meeting until Friday night.

Alderman Boyd remarked that Alderman Green, who was absent, is in favor of the vacating and would provide the 12th vote necessary for passage.

Several aldermen objected to Friday night as a meeting date, noting they would be unable to be present.

The council then decided to recess until today at 7 p.m. Alderman Dallas remarked that he would be working, "but I'll take time off to come down here and vote if we're not going to spend all night talking."

Pick Up Tonight

Consequently, the ordinance read by Bartosiak did not go to a vote, but several aldermen pointed out that in tonight's meeting, "we pick up where we left off."

This means the rules suspension will be effective and council members can proceed to a vote on the ordinance to vacate the street.

Although the council has had the issue before it since early June—a period of two and a half months—earlier action had consisted only of discussion from one meeting to another. No vote has ever been taken on an official motion to vacate August street.

Those voting Monday night in

Buehler Named "Veep" Of State Barbers Group

Carl Buehler, 2600 Madison avenue, has been re-elected to a one-year term as state vice-president of the National Barbers Association during a national and state convention at Miami Beach, Fla., it was announced here today. George Pavese of Chicago was re-elected as state president.

Mr. and Mrs. Buehler and their family also spent some time vacationing in Florida. He is an assistant Granite City township supervisor and is chairman of the sanitation committee of the Madison county board of supervisors.

Abandoned Car Found

The Madison police department was advised by a passing motorist that a white 1957 auto had been abandoned for about three weeks along Route 203 about 200 yards north of Bend road. It was towed to a garage.

favor of the vacating were Dallas, Dawes, Bartosiak, Whitmer, Moerlien, Boyd, Poulos, Rutledge, Parmley, Robertson and Johnson.

As the meeting broke off, Johnson remarked that "at least we now know where everyone stands."

GCNS Students New to Area Must Register

Steve Jones, assistant principal at Granite City high school, reports that all students who may have moved into this area and plan to attend the senior high school this fall must enroll at once.

With school starting on Aug. 27, transfer of transcripts and selection of subjects by the new students must be made in advance of the opening day. Those who wait until that date will not be processed until later in the week, he noted.

The office at GCNS is open from 8 a.m. to 4 p.m. daily. Opening day classes will be held from 8 a.m. to 1 p.m. Tuesday, Aug. 27, with the remainder of the week on a full-day basis, beginning at 8 a.m. daily.

Boys State Delegates Report on Experiences

Roger Belshe and Alexander Tarpoff, delegates to Boys State sponsored by Tri-City American Legion Post 113, reported on their experiences at the week-long outing during a post meeting Tuesday night.

Arthur Probert presented a report on the state Legion convention held recently at Chicago. The post will sponsor two bowling teams this year, it was reported.

Abner Branding, chaplain, with prayer. Robert Summers, post commander, conducted the session.

Madison Rotary Talk By Funeral Director

John Sedlack, a local funeral director, was the speaker at a meeting yesterday of the Madison Rotary club, held in the memorial center.

He spoke on funeral procedures for the late Senator Robert F. Kennedy, quoting a director in Los Angeles who made the arrangements.

Will Radman, club president, conducted a brief business session.

Parked Auto Struck

Pulling out of a parking lot, an auto driven by Shirley May Glenn, 1629 Garfield avenue, struck another car owned by Clarkson E. Cole, 1700 Delmar avenue, parked at 2601 Delmar avenue at 4:50 p.m. Tuesday.

totals 3428, compared to 3169 in three JHS buildings last September. Another 30 youngsters will attend educable mentally handicapped classes at Central school.

Elementary Enrollment
Increases also are noted at the elementary level, with an anticipated enrollment of 8483 pupils at 15 grade schools, 310 over the number at the beginning of the 1967-68 school year.

A breakdown of student populations at individual school buildings in Granite City, with the projected enrollment and the September 1967 figures listed in parentheses, follows:

Granite City high school — 3055 (2834); Coolidge junior high school — 1261 (1003); Prather junior high school — 783 (528); Central junior high school — 660 (738); new Griggs junior high school — 754. Total senior and junior high enrollment including 50 EMH students, 6513 (6003).

Emerson — 356 (311); Frohardt — 365 (302); Lake — 473, including 25 EMH pupils, (467); Logan and Annex — 500 (558); McKinley — 440, including 45 EMH pupils, (417); Marshall — 579 (549); Maryville — 705 (670); Mitchell — 806 (788); Nansooki — 727 (710); Niedringhaus — 559 (537); Parkview — 521 (470); Stallings — 473 (414); Washington — 354 (366); Webster — 570 (543); Wilson — 610, including 15 EMH students, (565). Total elementary school students expected — 6465 (6171).

Venice and Madison schools, the first to open in the Quad-City area, are scheduled to conduct half-day classes Monday, Aug. 26, with pupils reporting at 9 a.m. in both the elementary and high school.

Venice Schedule
Venice grade school classes will dismiss at 11:30 a.m. Aug. 26 and at noon in the high school. Students will begin a full time schedule Tuesday, Aug. 27, with school dismissed Friday, Aug. 30, until Tuesday, Sept. 3, for the Labor Day weekend. Venice Supt. of Schools John O. Pier said today.

Venice high school Principal Lewis E. Sabin reported a total of 218 ninth through 12th grade students so far have enrolled for the fall term, a decline of 18 students from last September's enrollment of 237. Part of the decrease is due to several large Kerr Island families, whose homes have been razed for future construction of Federal Aid Route 151, moving from the Venice school district to other locations.

Sabin noted that about 60 high school students still are expected to register for the 1968-69 school year.

The formal registration period ended last week, but pupils may continue to register at the principal's office each weekday between 8 a.m. and 4 p.m.

Mrs. Anna McKinley, Venice grade school principal, said projected enrollment of kindergarten and elementary students is 530, plus 15 pupils assigned to special education programs.

The elementary figure also is lower than last year's total enrollment of 583; however, registration of new kindergarten pupils and d grade school students continues through today.

A breakdown of the Venice schools enrollment by grades, with 1967-68 in parentheses, follows:

Kindergarten — 60 (67); first grade — 65 (60); second grade — 60 (75); third grade — 55 (50); fourth grade — 42 (70); fifth grade — 65 (54); sixth grade — 43 (67); seventh grade — 65 (65); eighth grade — 65 (45); special education — 15 (10).

Ninth grade — 28 boys and 29 girls, 57 (57); tenth grade — 31 boys and 27 girls, 58 (79); eleventh — 31 boys and 39 girls, 70 (46); and twelfth grade — 16 boys and 23 girls, 39 (41).

Madison Projections
Madison school authorities report a slight decrease in projected overall enrollment over the final 1967-68 figures of 3144. However, the anticipated 3038 student body at all Madison schools is 107 pupils more than the sixth-day attendance figures September 1967.

Three Cars Damaged In Madison Collision

Three cars were damaged and a motorist was arrested by Madison police as the result of an accident at Sixth street and Madison avenue at 2:45 p.m. Tuesday.

Police said Elijah Lott, St. Louis, was ticketed for failure to yield the right-of-way after the mishap, which occurred as he was turning left from Madison avenue and collided with a car driven north on Madison avenue by Leslie Gurley, Rural Route One, Granite City. The car of Larry Bittick, 4437 Highway 162, who was waiting for the light to change, also was involved in the mishap.

MORE ABOUT

State Will

Road) when it eventually is built from Granite City to Venice will be done under a separate contract to be obtained by the city of Venice.

The three other bids submitted for the project included Frun-Colon Contracting Co. of St. Louis, \$1,273,408; H. H. Hall Construction Co. of East St. Louis, \$1,321,163; and Sangamo Construction Co. of Springfield, Ill., \$1,686,886.

The Venice underpass project as a phase of construction of the Great River Road originated more than five years ago.

Under the first construction order issued by the Illinois Commerce Commission, its construction was to have been completed by October 1967. The order has been amended with a new completion deadline of May 1, 1970.

Highway officials pointed out that construction work on the underpass should get under way within 30 days after the contract award is made. Official award of the contract is to be made within a week, it was said.

Madison senior high school freshmen — 230 (243); sophomores — 193 (200); juniors — 175 (171); seniors — 142 (145). Total expected high school enrollment — 740 (759).

Parochial Pupils
Anticipated student enrollment in the Quad-Cities six parochial schools remains about the same as the 1967-68 pupil population, which totaled 1720.

All parochial school officials contacted expect little change in enrollment this fall.

Estimates could not be made in several instances, as many of the local parishes' senior priests and parochial school principals are away from the community on vacations, retreats or attending a summer school until next week.

Parochial students will commence school on Tuesday, Sept. 3, with most buildings operating for only a half-day.

St. Mary's in Madison and St. Elizabeth in Granite City are expected to remain on half-day schedules until Monday, Sept. 9.

Several other parochial schools may retain half-day classes the initial week, depending on outdoor temperature and other considerations.

Full-time studies will start Wednesday, Sept. 4, at St. Mark's school in Venice and St. Joseph's in Granite City.

St. Mark's Registration
Registration will be conducted at St. Mark's school, following the 7 a.m., 9 a.m. and 11 a.m. Masses this Sunday, according to Rev. Terry Shea, pastor. He estimated that about 90 pupils will enroll this year. There were 89 students last fall.

Sister Agnes, principal of St. Mary's school in Madison, said approximately 277 pupils are expected to attend. An enrollment of 265 was listed last year. Estimated enrollees at St. Mary's by grade, are:

First grade — 36; second — 30; third — 40; fourth — 35; fifth — 35; sixth — 27; seventh — 48; and eighth — 36.

Enrollments at the four other parochial schools last September were: St. Elizabeth — 516; Sacred Heart — 302; St. Joseph — 170; and St. Margaret Mary — 310.

MORE ABOUT

Park Budget

Ice rink that exceeded in cost the amount of money made available by the ice rink bond issue.

More than half of the appropriation for the general fund, amounting to \$154,149, is earmarked for general park operations, just slightly less than the appropriation of \$154,994 for the same purpose last year. Budgeted for operation of the ice skating rink, however, is a total of \$45,180, increased \$21,870 over the 1967-68 budget of \$23,310.

For operation of park concessions the board budgeted \$35,275, down slightly from last year's \$39,343 figure. Administrative costs are increased in the new budget from \$28,840 to a new figure of \$37,225. Budget for operation of the Wilson Park swimming pool was fixed at \$17,785, increased \$1,000 over last year's items for pool operation.

Recreation Fund Up
The total \$67,489 appropriated for the recreation fund included \$24,850 for Neighborhood Playgrounds (\$21,050 last year); \$18,600 for the Community Center (\$16,380 last year); and \$24,039 for Wilson Park Playgrounds (\$12,702 last year). In addition to appropriation of the general fund and recreational items, the park board also approved a budget of \$11,500 for the Illinois Municipal Retirement Fund (\$8200 last year); \$4000 for liability insurance (\$4000), and \$58,987 in bonds and interest (\$60,787 last year).

The difference between the expected tax levy of \$189,809 in the general fund and the \$289,394 appropriation is based on estimates of \$99,786 in receipts from park operations during the summer and fall park seasons. Estimated receipts include \$4000 in the administrative department, \$35,275 from concessions, \$1837 from park operations, \$13,694 in fees from the swimming pool, and \$44,890 from operation of the ice rink.

Receipts expected from operation of the playgrounds and Community Center total \$22,200, including \$14,000 from Neighborhood Playgrounds, \$5000 from Community Center and \$6000 from Wilson Park Playgrounds.

New Salary Schedule
The new salary schedule initiated by the park district for this season provides wage boosts in all divisions of park operation but does not consist of blanket raises across the board. In some instances salaries remained unchanged, and in others salary costs were reduced by a rearrangement of working hours or by working fewer employees for a particular purpose.

Overall salary increases actually amounted to \$31,630, but this total was reduced to a net salary increase of \$27,780 as the result of \$3850 in wage reductions.

Major salary requirements developed in operation of the ice rink where new positions created requiring salaries for the first time. The new posts included that of a recreation supervisor at a salary of \$1300, and security guards receiving total salary of \$4000 for the season.

Employees of the administrative department received salary increases totaling \$450, while a \$100 reduction was made in the overall salaries of concession operators.

Big Attendance at Nightly Outdoor Religious Services

The "Good News Crusade," a summer evangelistic crusade being sponsored by the Madison County Baptist Association at the Granite City Senior high school football stadium, is attracting many thousands of people.

Twelve hundred persons attended the opening night, Aug. 9, using umbrellas for protection during a brief rain. On subsequent nights, the turnout grew to 1500 and 2100, returning to the 1500 level this week.

Twenty-three ministers are taking part in the crusade, which has taken 2 1/2 years to prepare. It is believed to be the largest undertaking of its type ever presented to the public in this area.

Using the wide bleachers for part of the seating, the crusade also has provided 1500 chairs on the adjacent track. Two large flatbed trailers are placed end to end on the track, forming the stage.

Each night two of the ministers take some part in the program, and the main speaker and song leaders vary the topics and songs each evening. A choir of 100 to 200 persons sings each evening; they are members of churches in the Madison County Baptist Association.

Each evening 100 to 200 young people hold a prayer meeting at the Calvary Baptist Church, and then walk to the stadium for the "good news crusade" program.

Local Soldier Arrives On Leave From Korea

Mr. and Mrs. Frank C. Strohmer, 2248 Washington avenue, have received word that their son, Army Specialist-4 Robert E. Strohmer, 21, arrived yesterday in Waukegan, Ill., on leave from Korea. The serviceman's wife, the former Miss Nancy Voinovich of Granite City, and the couple's eight-month-old son, Bobby, reside in Waukegan.

The family is expected to arrive here next week to spend some time with his parents prior to his return to duty in Korea Sept. 4.

A radio repairman with the Army Signal Corps, the soldier

Melon Crop Ripening At Poag Area Farms

Several melon crops in the Poag road area are now ready for harvesting and public sale. However, most crops are expected to ripen at staggered intervals within the next ten days to four weeks, according to Ray Waugh, one of the largest melon growers in the Poag district, an area east of Mitchell.

The bulk of the melon crop, which annually attracts buyers from an increasingly wide section to seek purchases from farms along Poag road, is late this year, Waugh noted. He attributed the delay to a cool wet spring followed with a terrific dry spell.

ripened and several other crops appear just about ready to peak, including his own. Melon seekers also can find an excellent variety of market garden produce in the Poag road area, ranging from okra to tomatoes, the farmer said.

My Goodness—We hate, detest, abhor the word. These might sound like strange words coming from a company who has a very definite price image. We also dislike to keep blowing our own horn about the quality of our products. But we do know one thing. That once you try any "C.W." brand item, you will become a regular customer for that product. These items are not cheap, but they are great values.

From time to time we will be describing our products one at a time, we will be glad to receive your comments, after you have tried them.

W. W. McMahon Named Marketing Manager, GC Steel

W. Wallace McMahon has been promoted to the new position of marketing manager of Granite City Steel Co., John A. Leschen, vice-president-sales, announced today.

McMahon will be responsible for activities and programs aimed at the development of new and broader markets for the company's plate, hot and cold rolled sheet, galvanized sheet and other flat rolled steel products.

A 1949 graduate of Duke University (B.S. in civil engineering), McMahon joined Granite City Steel in 1951 as a sales representative in the company's St. Louis district sales office.

He became assistant sales manager of the St. Louis sales office in 1959 and product applications manager in 1963.

McMahon is married, has three children and lives at 12028 Creekhaven drive, St. Louis county. He is a member of the Missouri Athletic club and Algonquin Country club. Granite City Steel, largest steel producer in this region, recently completed a recent program of plant expansion and modernization. The company is now beginning an intensified marketing effort to capitalize on its advanced new production

W. WALLACE MCMAHON

Mrs. Mary Watson, 69, Dies in Missouri

Mrs. Mary O. Watson, 69, formerly of Madison, passed away at the Heritage in Columbia, Mo., Tuesday. She had been hospitalized and in a critical condition for three months.

Originally from Oklahoma, the family resided in Madison for 26 years before moving to Columbia. She was preceded in death by her husband, John "Dusty" Watson, in 1949.

Survivors include three daughters, Mrs. Fred (Mary) Allen of Madison, Mrs. Leroy (Margaret) Mobley of Marshall, Mo., and Miss Mildred Watson of Columbia; five sons, John and Thomas of Madison and Andrew, James and Paul of Columbia; grandchildren, great-grandchildren, two sisters and two brothers.

Burial will be in Columbia. Funeral arrangements are incomplete.

Park District To Reopen Ice Rink on Oct. 20

A proposal to reopen the Wilson Park skating rink on Oct. 20 for a full schedule of fall and winter activity was approved by the Granite City park district board in a regular meeting last night.

The board also approved a proposal by Park Supt. Harold Brown for the sale of a family ice rink pass for \$35. The pass would be effective throughout the skating season and could be purchased by a family regardless of the number of persons.

The board pointed out that all persons using such a season pass would be required to have identification cards. The board members also agreed to participate in the federal New Careers program under which the park district could employ a trainee at a salary of \$1.80 per hour for the first six months and \$2 per hour for the second six months. The government pays all of the salary for the first full year of employment.

Must Be Student
Board members indicated they would consider employment of a trainee in recreational work. The trainee must be a full-time university student who would work for the park district in his spare time.

An ordinance permitting the park district to exchange land with school districts was adopted during the meeting. The ordinance clears the way for participation by the Granite City school district and the park district in construction and use of a joint parking lot at Parkview school. The board approved plans to

Orange, Blue License Plate Colors in 1969

The 1969 Illinois motor vehicle license plates will be of orange background with blue lettering, Secretary of State Paul Powell announced today.

He said that after a long study by the University of Illinois, it was found that these colors would reflect best. The colors were selected mainly for their safety features.

In the past, the colors for plates were based on either university colors, centennial celebrations or other reasons. Powell said Illinois is presently complying with all but one of the recommendations concerning license plates, issued by the Motor Vehicle Administrators of America, which covers all 50 states.

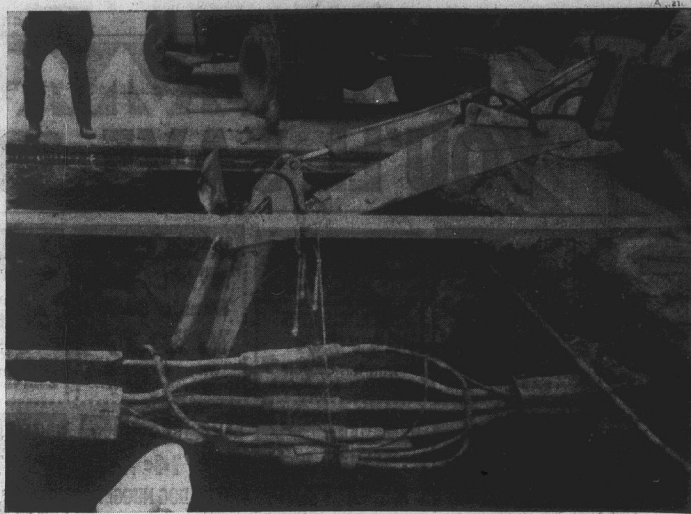

Illinois complies with reflecting the plates and having two plates for each vehicle. The other recommendation is taking off all slogans, "Land of Lincoln," by Illinois law, must appear on plates in this state.

Phone Books Features GC Memorial Fountain

New Southwestern Bell Telephone Co. directories for this area are now being distributed, with a picture of the Memorial Fountain in full color on the cover.

The fountain, dedicated to members of the armed forces, is located in the park bounded by 21st street and Niedringhaus and Madison avenues.

paint the warming room of the ice rink at an estimated cost of \$120. Hockey dashes also will be repainted.

By Press-Record Staff Photographer

DAMAGE BY VANDALS is impeding the progress of paving of Johnson road, which Contractor A. H. Seebold is seeking to complete before the opening of classes at Frohardt grade school Aug. 27.

The top picture shows where youngsters have tunneled beneath newly-poured concrete and also thrown debris into the excavation. Utility lines are shown in the foreground as workmen attempt to remedy the damage Tuesday. The location is the section of Johnson road in front of Central Christian Church.

An appeal is being made to parents, urging them to restrict the activities of youngsters along the barricaded street. Numerous incidents of parked construction vehicles being entered and damaged have been reported.

The lower photograph shows treating of a base course for the new street surface, with Frohardt school in the background.

Daughter Born to Former Resident

Mr. and Mrs. Ralph K. Craycraft Jr., of Manassas, Va., are announcing the arrival of their first child, a daughter, Aug. 12. The new arrival has been named Cheryl Lynn. Her

weight was five pounds, 11 ounces.

The father, a former Granite Cityan, is a son of Mr. and Mrs. Ralph Craycraft, 120 Briardale.

Outdoor Supper For Late Summer

Rush to the supermarket. Pick up Susie after her swimming lesson. Stop at the hardware store. Take Bobbie to the dentist. Pick up Dad's watch at the jeweler.

And speaking of Dad... it's almost time for him to come home from the office. You promised the kids a picnic supper, but there just isn't time.

Or is there?

With a few "quickie" outdoor recipes, you can have supper ready by the time Dad gets home, and still keep your promise to the kids. How about serving exciting, yet easy to prepare "Hamburger Surprises," corn on the cob and a fresh vegetable salad? A cold drink and some watermelon for dessert should round out your menu.

Hamburger Surprises are made by putting together—sandwich style—two thin patties of ground beef with a surprise filling between. The filling can be a slice of tomato, some cheddar or bleu cheese, a spoonful of pickle relish, an onion slice or anything else that goes well with hamburgers.

Or try combinations of fillings. Press the sides of the patties together neatly to hold the filling inside. Just before serving, brown your rolls near the edges of the grill.

If you light your grill just before you start to prepare the food, the fire will burn down to its hottest, most even heat by the time the hamburgers and corn are prepared.

The even, intense heat of charcoal allows you to easily roast corn on your grill. Wrap each husked ear in aluminum foil with some butter, salt and pepper. Place the ears on the grill for 15 to 20 minutes, turning frequently. Serve with extra butter and seasoning for a real old-fashioned roasted corn flavor.

Your salad can contain as few or as many fresh vegetables as you like. If time is running out on you, why not limit the salad to just crisp lettuce with a tasty dressing?

If you use a mayonnaise-based dressing, you may want to put a spoonful of the salad on top of your hamburger surprises. It gives the burgers extra flavor and may appeal to kids who don't normally enjoy salad.

Beverage, too, can be whatever you have handy—lemonade, iced tea, fruit punch. Either lemonade or orange juice will mix nicely with ice tea and give it a fresh, summer-time flavor.

There you have it—a complete meal, charcoal grilled and on the picnic table in about 45 minutes.

Trash Throwing Charge
Ernest J. Bagg, 34, of 2218 East 21st street was arrested at 3:15 p.m. Tuesday on charges of throwing trash on 21st street at Park avenue, resisting a peace officer and disorderly conduct.

Dedicate Remodeled Polish Hall Saturday

Andy Miosky, president of the St. Stanislaus lodge, today announced the grand opening and dedication of the newly-decorated building this Saturday at the lodge, 826 Greenwood street, Madison.

Known as Polish Hall, the building has been remodeled and air-conditioned through volunteer work by the members during the past two months.

Other officers of the organization are Richard Mendez, vice-president; Anthony Lapinski, treasurer; and John Kurasz, financial secretary.

Drainage, Weeds Crackdown Order By Nameoki Twp.

Formal notice has been served on a subdivider directing him into correct drainage and weed problems on Angela drive, Nameoki township Supervisor Harry Briggs informed the town board Tuesday evening.

Reporting the action at the board's semi-monthly business meeting, Briggs said a legal notice was issued Friday by Lester Kraft, township health inspector, to Morris Roney, a developer of homesites on each side of the 2600 and 2700 blocks of Angela.

The notice orders him to remedy unsanitary conditions by clearing high weeds from the vicinity of two unfinished houses in the 2700 block and to end pools of stagnant water on both sides of the street.

Residents described the area as marshy, never completely drained and flooding during heavy rains.

It allegedly attracts or breeds mosquitoes and snakes. Early this summer, a small girl slipped from a culvert on the north side of the roadway and fell into shallow water. She was rescued by neighborhood residents.

Water Sought
A delegation in March asked the town board to aid in securing water lines into the eastern portion of the subdivision where new brick homes are presently served by wells.

The unserved area lies within the Pontoon Beach water district, which is believed unable to extend its present water lines the necessary distance due to costs involved.

Residents of the 2700 block of Angela drive said that homes located to a point midway in the 2600 block are served by the East St. Louis & Interurban Water Co., which has expressed willingness to extend its lines if approval can be obtained from the Pontoon Beach district.

Briggs instructed Township Attorney Nick Vasiloff to contact Pontoon Beach legal representatives to clarify the district's jurisdiction and seek a means by which the problem can be resolved.

Volunteer workers included Ed Bonk, Norman Owen, Leonard Djeski, Peter Romnic, Al Ruessing, Gene Forayse, Gene Forayse, Stan Banaszak, Al Paszkus, Stan Serwatka, Joe Dobrowski, Tony Turaki, Kenny Bonk, Mike Bonk and Tom Gordon.

The planned activities will begin at noon Saturday with a barbecue dinner including pork steaks, sausage, chicken, potato salad, slaw, cake, soda and other beverages.

Live music will be provided for dancing beginning at 7 p.m.

Signal Light Damaged By Truck in Madison

Gerald E. Knerr, Ypsilanti, Mich., was arrested by Madison police yesterday afternoon on charges of driving an overweight truck on a restricted street and destruction of city property. Knerr posted \$30 cash bond, pending a hearing Aug. 28 in magistrate court.

Police said Knerr's truck struck and damaged an electric signal at Sixth street and Madison avenue at 2:20 p.m., as the truck was making a right turn into Madison avenue. Knerr said another car pulled in front of him, causing him to swing the truck too sharply.

Stray Dogs Reported

Reports of numerous stray dogs in the Parkview Estates subdivision were discussed, and Briggs said he will ask county rabies control authorities to inspect the area and pick up the animals.

Dr. Frank Bellipanni, a township resident who said he paid his property tax under protest due to a 25% assessment increase and has not received a receipt, asked if hearings have yet been scheduled on tax protests. Briggs agreed to contact the state's attorney's office to determine the status of the objections and a possible hearing date.

Many Nameoki township residents filed objections simultaneously with paying their tax bills. They protested only the amount of taxes resulting from the 25% assessment increase ordered by the Madison county Board of Review.

Monthly bills approved for payment totaled \$212 from the town fund, \$303 from the special hard road fund and \$740 from the township road and bridge fund.

Question:

What can you get 19,000 copies of for \$1.00?

SOCIETY

Granite City PRESS-RECORD
Thurs., Aug. 15, 1968 Page 19

Bridal Shower For Miss Buron

Miss Deborah Jo Buron, a bride-to-be, was guest of honor last night at a miscellaneous shower given by Mrs. Betty Harris at her home, 1708 Garfield avenue.

The wedding of Miss Buron and Michael White is to be solemnized Aug. 31 at First United Presbyterian Church. Present at the shower were Miss Dawn Zeran and Miss Leslie Buron, who are to be in the bridal party, Miss Jean Harris, Mrs. Marie Buron and Mrs. Jane Lewis, mothers of the bride-to-be and groom-to-be, Mrs. Mary Gages, Mrs. Wallace, Mrs. Theresa Petras, Mrs. Rose Nagy, Mrs. Elizabeth Buron, Mrs. Helen Taras, Mrs. Louise Petesh, Mrs. Joyce Rankin, Mrs. Roberta Lewis, Mrs. Vincine Zeran, Mrs. Irene Votoupal, Mrs. Carol A. Donnell, Mrs. Carol J. Doniff, Mrs. Helen Zeran, Mrs. Emilie Bernardino, Mrs. Evelyn Taras, Mrs. Marilyn Taras and the guest of honor.

Jayceettes Plan Rummage Sale

A special meeting of Jayceette officers and a committee chairman was held Tuesday evening in the home of Mrs. Ann Davis, 2820 Dale avenue. Reports were given by standing committees on several current projects under discussion. Mrs. Carolyn Haldeman, chairman of the rummage sale, announced the sale will be held at the Jaycee hall, 1845 Poplar avenue, on Aug. 22-24. Hours on Friday will be from noon to 6 p.m. and on Saturday from 9 a.m. to 6 p.m. Mrs. Betty Lake, publicity chairman, submitted a report. Refreshments were served to those named and Mrs. Janiece Schmidt and Mrs. Janet Parney.

Amvets Auxiliary Aids Servicemen

Amvets Auxiliary of Post 51 met last night with Mrs. Charlotte Daniel, president, in charge. Mrs. Sylvia Simurda, chaplain, offered prayer and plans were made to send packages to Vietnam servicemen. Announcement was made of Amvets Day to be observed Sept. 8. Eight members were present and the white elephant was awarded to Mrs. Jean Murphy. Hostesses were Mrs. Kathy Ritz and Mrs. Charlene Sanders.

'Soul' Theme of Lesson-Sermon

The lesson-sermon is titled "Soul" this week in all Christian Science Churches. The service will be held at First Christian Science Church, 2560 Delmar avenue, Sunday at 10:45 a.m. The text from the Psalms will stress that "the Lord God is a sun and shield; the Lord will give grace and glory. No good thing will He withhold from them that walk uprightly."

ATTEND SURPRISE PARTY IN CASEYVILLE

Mrs. Claude Malmberg, Mrs. J. A. Tatum, Mrs. Flossie Christensen and Mrs. E. J. Tatum were in Caseyville Monday to attend a pot-luck luncheon for Mrs. Otis Malmberg. The event, arranged as a surprise, was held at the home of Mr. and Mrs. Walter Dale and family. Others present were Otis Malmberg, Mrs. William Huggins of Maryville, and Mr. and Mrs. Dale and family.

MARRIED RECENTLY. Mr. and Mrs. Warren Warner, whose wedding took place Saturday at Central Christian Church. The bride is the former Janet Shelton, a daughter of Mr. and Mrs. Myrd Shelton, 2425 Kilarney drive.

MISS JAMIE ELLEN TODD, whose engagement to Kenneth Eugene Kratz is being announced by her parents, Mr. and Mrs. James F. Todd, 2612 Delmar avenue.

Miss Jamie Todd Will Be Married

Mr. and Mrs. James F. Todd announced this week the engagement of their daughter, Miss Jamie Ellen Todd, to Kenneth Eugene Kratz.

The announcement was made at a dinner party given for the betrothed couple at the Todd home, 2612 Delmar avenue. Miss Todd is a graduate of Granite City high school and is attending SIU-SW. She is employed at Boatmen's National Bank of St. Louis. Mr. Kratz is the son of Mr. and Mrs. John Kratz, 2433 Louraine drive, Cahokia. A graduate of Cahokia high school, he is currently attending SIU-SW. Wedding plans are indefinite.

Luncheon for Cloverview Club

The Cloverview Garden club was a entertained Tuesday by Miss Helen Heller at the Rose Bowl.

The group met for a 12:30 luncheon, followed by a business session and program. Mrs. Fred Orr, president, was in charge.

Those present were Mrs. Robert McCauley, Mrs. Leo Roman, Mrs. Orr, Mrs. William Bradley, Mrs. Kenneth Brokaw, Mrs. B. C. O'Neill, Mrs. John Lentz, Mrs. Louise Sedick, the hostess, and a guest, Mrs. Earl T. Glenn of the Gardenaires, chairman of the Park District Fall Festival.

The meeting opened with the club collect given by Mrs. Roman, and a roll call to which the members responded with names of favorite ground covers.

"Ground Covers for Easier Gardening" was the topic of the study given by Mrs. Orr, and the program on "Birds" was presented by Mrs. Roman.

Plans were made for a rummage sale to be held Aug. 30 at 9 a.m. at St. Joseph Church basement, and the group voted to send the annual donation to the Blue Star Memorial Fund. Mrs. Brokaw expressed appreciation on behalf of her daughter, Owella, for her stay this summer at the Conservation Camp at Carbondale, where she was sponsored by the club, and Mrs. Glenn explained in detail plans for the fall flower festival to be held Sept. 8 from 2 until 8 p.m. at the Wilson Park ice rink.

Mrs. Lentz is to be hostess to the club at the regular meeting Sept. 10.

RETURN FROM VACATION

Mr. and Mrs. Edward Lindsey and daughter, Cheryl, 327 Aubrey avenue, have returned from a two-week vacation tour of the west. While away, they visited relatives in Wyoming and spent some time in various resort areas and the Grand Teton and Yellowstone National Parks, Mount Rushmore, the Bad Lands of South Dakota. Accompanying the family on the trip were Mrs. Lentz's parents, Mr. and Mrs. Albert Perry of Glen Carbon.

Parked Auto Struck

An auto owned by Cecil L. Young, 2129 Grand avenue, parked at his home, was struck on the right side by another car which left the scene at 9:20 p.m. Wednesday. Through witnesses who obtained a license number, the owner of the other car is being sought.

Father, Daughter Win Honors at State Fair

A local father and daughter team has captured top honors, including a Governor's Trophy, at the annual State Fair, held at the State Fair in Springfield for exhibits in widely-separated fields. Both teams were in the competition for the first time.

The winning pair were local photographer Harry Fichte, 2801 Lincoln, and his daughter, Miss Fichte, who received the Governor's Trophy for "best of the show," and a first place blue ribbon with exhibits in the fair's numismatic section, and his 18-year-old daughter, Barbara Jean, who was awarded a second-place ribbon and cash prize for a handmade garment entered in the "Teenage Sports-wear Style Show," plus other awards.

Miss Fichte, a 1968 graduate of Granite City high school who will begin her freshman year at Southern Illinois University this fall, modeled her cotton-plaid pantsuit garment, fashioned with a short jacket, which she designed and made herself, in the teenage style show

Miss Dexheimer Education Head At St. John's

Rev. Paul Surbey, pastor of St. John's United Church of Christ, has announced the appointment of Miss Freda Dexheimer as director of Christian education effective today.

She will be available daily at the church for information and advice. Her duties will include working with the various age organizations within the church and youth groups.

Miss Dexheimer, who resides in Jackson, Mo., received her degree from Illinois College at Jacksonville and has completed graduate work at Washington University, St. Louis, and Eden Seminary, Webster Groves. She formerly taught in the Granite City school system and served as director of Christian education at Christ Church Cathedral in St. Louis for approximately ten years.

Following this assignment, she served as field consultant for the National Board of Christian Education of the United Church of Christ, working out of Philadelphia, Pa. During the three years of her employment there, she traveled extensively across the country.

During the past eight years she has been at St. Paul's United Church of Christ in Belleville.

Parked Car Damaged

The parked car of John Mangoff, 1025 Madison avenue, Madison, was damaged in the left side about 10 p.m. yesterday by a large truck tire and rim which police believe rolled off a passing truck. Mangoff's car was parked in front of his home and the tire and rim were found beside it, police said.

Johnson, 2711 Myrtle; Megan Davis, 2532 Benton; Clarence Nagel, 2620 Highway 67; Bon-eva Rolens, Glen Carbon; John Koesterer, 50 Cambridge; Bertha Berry, 2332 Edwards; Edward Barger, 4074 Breckenridge; Keith Taylor, Webster Groves, Mo.; Mark Taylor, Webster Groves, Mo.; Ethel Petri, 2448 Benton; Betty Fort, 2669 Washington; Kelly Smith, 2578 Spalding; Timothy Hurst, 2017 Dewey; James Hurst, 2017 Dewey; Samantha Faggart, 2137 Benton; Belinda McGee, 8 Harrison, Venice; Delores Lane, 2432 Delmar; Graham McGovern, 2316 Missouri; Leonard Harrison, 1233 Washington; Madison; Lois Boyd, 3020 Nameoki dr.; Myrtle Burnett, 2452 Illinois; Thomas Swartzell, 1801 Primrose; Mildred VanJeet, 2446 Edison; Vicki Thomas, 2442 Woodlawn; Barbara Scarborough, 2940 Myrtle; Margaret Kramer, St. Charles, Mo.; Shirley Crone, 3051 Sinclair; Lillian Daily, 4155 Breckenridge; Marie Meyer, R. R. 2, Collinsville.

Patients discharged Tuesday were:

Karan Ambuehl, 2713 Sunset; Elvis Byrd, 3109 Febling; Billy Carlton, 2115 Edison; Tracy M. Champion, 1219 Washington; Madison; Jeffrey Cotter, 2436 Kilmer; Cora B. Dodson, 539 Bardley; Charles E. Edwards, 621 Mercedia, Venice; Myrtle A. Fields, 220 Granville; Venice; Alice Harris, 1825 Rhodes, Madison; Sharon Hartline, 1710 State; Dorothy Hinds, 2429 Madison; Dean Hoeller, 3944 Park; Catherine Kieffer, 2423 Terminal; Kelly Kirker, 2501 Delmar; Rodney L. Lupton, 2441 Edwards; Kimberly Miller, Collinsville; Lisa M. Morris, 2544 Lynch; Michael W. Morris, 2544 Lynch; Harry Sutt, 2022 Harris, Madison; David Duccini, 2816 E. 24th; Wesley Young, R. R. 1, Edwardsville.

Five Appearing at Ill. Fair, National Contests

Five Quad-Cityans, Mike Adams, Kevin Nicol, Gary Chapell, John English and Andy Lasslo, are members of the Black Knights drum and bugle corps which has won the Belleville Shrine club's "Music in Motion" contest, ending a two-year reign by the Crusaders of Belleville. The Black Knights captured the title by three points and were awarded permanent possession of a trophy, as they have won the contest three times.

They appeared on the Don

Adams show at the state fair in Springfield yesterday and tonight and will take part in the Democratic parade today. The band will go to Marion, O., to participate in the U. S. Open championship for drum and bugle corps, and will take part in the national VFW contest in Detroit next week. The five from here are members of the Toned Chapter, Order of DeMolay, in Belleville.

BOWLING INSTRUCTIONS FOR LADIES FREE DURING AUGUST Phone 831-4505 For Information

Arrested for Speeding James E. Williams, 2700 Lincoln avenue, was arrested by Madison police at 12:30 a.m. today on a charge of speeding at Tenth street and Madison avenue. Williams posted his driver's license as bond pending an Aug. 23 hearing.

Parked Car Damaged A parked car owned by Charles E. Williams, 1106 Market street, Venice, was damaged at 9:10 p.m. Tuesday when it was struck at Market and Weaver streets, Venice, by a car driven by Walter O. Gethers, Brooklyn.

Emergency Leave, ID Card Policies Changed by Board

Changes in the emergency leave policy, granting one more day, and in the identification card policy for all employees in the Granite City school district were approved by the board of education Monday night.

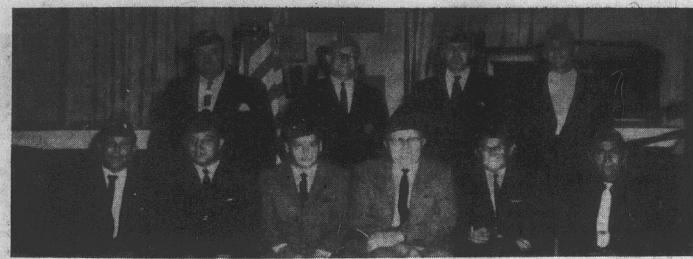

Teachers are to have five days' leave for each death in the immediate family, four days' emergency leave and two days' personal leave for a total of 11, on the basis of an agreement reached this spring.

Other employees will have three days for each death in the immediate family (five days for spouse or child), four days' emergency leave and two days' personal leave for a total of nine.

Emergency leaves were decreased from five to four days for all employees, and two days of personal leave were added.

Identification passes are issued to all faculty members who wish to have them, allowing them to enter school-sponsored activities.

In the new policy, the board

AMERICAN LEGION OFFICERS of Tri-City Post 113 who were installed in ceremonies at a dinner-dance this weekend. They are, left to right, front row, Hugh Oglesby, senior vice-commander; Jim Logue, retiring commander; Harry Ellis, junior vice-commander; Abner Branding, chaplain; Henry

Fabian, service officer; and John Leonard, sergeant-at-arms. Back row, Joseph Summers, installing sergeant-at-arms; Morris Bob Nooner, national executive committeeman for Illinois; Robert Summers, commander; and Wilbert Niepert, adjutant.

By Press-Record Staff Photographer

LEGION AUXILIARY officers of Tri-City Unit 113 installed in ceremonies this weekend. They are, left to right, front row, Mrs. Mildred Rees, installing sergeant-at-arms; Mrs. Dorothy McCain, president; Mrs. Ethel Petri, historian; and Mrs. Melba Wade, chaplain. Back row, Mrs. Alma Klaus, first vice-president; Mrs. Lucille Cooper, second vice-president and installing officer; Mrs. Nellie Hillmer, secretary; and Mrs. Helen Qualls, a stand-in.

will issue ID cards to all non-certificated personnel, and the cards will serve as passes to all school-sponsored activities.

For reserved ticket activities, the cards will entitle the holder to a complimentary ticket after student sales have been completed, and not beyond capacity. The ID cards will not be valid at athletic tournaments at which admission is charged. A card can be voided when there is a violation of rules relative to its use.

Pre-Natal Instruction Classes Open Sept. 3

All prospective parents are invited to attend the first session of pre-natal instruction classes offered by St. Elizabeth Hospital beginning Tuesday, Sept. 3, at 7:30 p.m. The five classes will be held in the classroom (basement) of the Tri-Cor Medical Building.

Topics will be "Before the Baby Comes" Sept. 3, "Your Way of Life During Pregnancy" Sept. 10, "Labor and Delivery" Sept. 17 and "Care of the Baby" Sept. 24.

A hospital dietitian will be at the Oct. 1 class to discuss nutrition during pregnancy and

after delivery. Also, there will be a tour of the maternity department.

Movies will be shown during the classes. Husbands and wives are welcome to attend.

Arrangements for attending the classes may be made by calling St. Elizabeth Hospital, 876-2020, Station 214, between 8 a.m. and 4 p.m., Monday through Friday.

GO TO CHURCH ON SUNDAY

SIU-SW to Train Teachers in Pupils' Physical Education

A program to train teachers and supervisors for elementary physical education will begin this fall at Southern Illinois University's Southwest campus.

Students graduating will earn the bachelor's degree in physical education. They will be prepared to organize and teach fitness and recreational programs for grades on through eight. The specialization also is designed to meet the need for trained personnel for social and recreational agencies.

Director for SIU's program will be Larry N. Moeck, instructor on the faculty of health, recreation and physical education. He reported that the decision to create the specialized area came after pilot studies were conducted in cooperation with several area public schools.

Practical Approach

The program will feature a practical approach to teaching elementary school age children, regardless of facilities.

Several reasons were cited for planning the program. Included were the state requirements for physical education at the elementary level; the increased national concern for youth and physical fitness; and the expansion of the regular classroom teacher.

Students enrolled in elementary physical education will combine course work with observation, practical experience and student teaching. They can take courses to have majors in both elementary and secondary physical education, or a combination of elementary physical education and another major.

Increased state and federal programs in conjunction with fitness and recreation have created a need for specialists, Moeck said.

Courses for the specialization will begin in the junior year. Student teaching in elementary physical education is being recommended for the last quarter of the senior year, in order that majors can have all possible preparation for the field.

Requirements will include courses in child development and psychology as well as courses required for all physical education majors, such as anatomy and kinesiology.

Skill activities to be covered are geared to the elementary level and will range from health and first-aid to individual and team skills.

Assisting Moeck in the program will be George Ludke and

Kiwanis to Be Represented at State Convention

A film on "Boating in Europe," presented by William Seebold, was the program for a weekly meeting of the Granite City Kiwanis club Monday evening. Twenty-four members

and guests attended the dinner meeting, held at the Rose Bowl, Michael Toundas, president, presided over the business meeting and introduced a prospective new member, Dave Miner, who owns and operates the "Radio Shack."

Roy Feder also introduced a guest for the evening, Duke Pierson, a member of the Kiwanis club in Tampa, Fla., who is visiting in this area.

Toundas announced the Illinois state convention of Kiwanis clubs will be held Aug. 18, 19 and 20 at the LaSalle Hotel in Chicago. Attending will be Toundas, president, and the club secretary, Pete Jellen, with their wives.

Plans were completed for the members with their wives to attend a football game in St. Louis on Aug. 26 in lieu of their regular meeting.

Presley at National Jaycee Director Meet

Boyd Presley of Granite City was among national directors of The United States Jaycees who attended an orientation workshop at the organization's headquarters in Tulsa, Okla., this week.

The directors were briefed on how state and local Jaycee chapters can function more effectively under the guidance of key leaders, and discussed their individual needs and programs with members of the Jaycee Executive Committee, governing body of the organization, and the headquarters staff.

U. S. Jaycee President Wendell E. Smith commended the directors for their continued enthusiasm and charged the group to excel in all endeavors during the coming 12 months. Smith was recently elected as leader of the 300,000-member individual development organization.

The directors will return to Tulsa next March to complete Jaycee programming and select a site for the organization's 1972 annual meeting.

Mrs. Chapman Elected By International Group

The board of governors of the International Platform Association is announcing the election to its membership of Gladys M. Chapman (Mrs. Robert E.), 2459 Delmar avenue.

She is a member of "The National League of America Penwomen," and a past state president of the State of Illinois Penwomen League.

She has had many articles and poems published. In 1963, a book of her poems entitled "Deep in the Hollow" was published.

The 65-year-old International Platform Association is an organization of distinguished and dedicated persons from all over the world. For over half a century, its members have been instrumental in bettering the quality of the American platform, not only as it applies to the booking of celebrities but also as it relates to the field of school assembly programs available to children.

Originally brought into existence by Mark Twain, William Jennings Bryan, Theodore Roosevelt, Carl Sandburg, President William Howard Taft, Governor Paul Pearson and other orators and celebrities of the platform, its distinguished members, living or dead, include Presidents Theodore Roosevelt, William Howard Taft, Franklin Roosevelt, John Kennedy and Lyndon Johnson.

Also in its membership are many of the celebrities of the news and entertainment media, the press, TV, radio and the theatre.

Ratios of Assessed Valuation to Actual Value Analyzed

Third of four articles by Dr. Leo Cohen of the SIU-SW Public Administration and Metropolitan Affairs Program, "Property tax equity and tax reform in Illinois - a Madison county case study."

For an empirical analysis of real property tax assessment, eight land use classifications have been established - rural lot (unimproved land outside incorporated area), urban vacant lot, urban single-family residence, urban multiple-family residence (2 to 4 housing units), urban multiple-family residence (more than 4 units), commercial, and industrial.

These were less than five sales in the sample for either urban multiple-family residence class. Only 11 commercial transactions occurred. There were no transfers of industrial property.

Comparisons show the assessment-sales ratios, equalized assessed value as a percentage of sales price, by property class for Madison county, 1959 and 1965.

The 1969 ratios and coefficients of dispersion were computed from earlier data provided by the State Department of Revenue.

Both rural and urban vacant land ratios decreased from 36.5% and 40%, respectively in 1959 to 34% in 1965.

This suggests that assessments did not respond relative to the increased prices of land.

During this same period, rural residence ratios increased slightly while assessment levels for urban residences were reduced.

Although the number of sales is rather small, commercial property was assessed at 51% or higher than the other classes. In the one township in which five or more commercial sales occurred, the median ratio was 53%.

It has already been suggested that the coefficient of dispersion, a measure of inequality or nonuniformity of assessment, should ordinarily be less than 20%. Thus the 1965 coefficients in which four of the five classes exceed 25% seem rather high, and especially so relative to 1959.

This lack of uniformity between townships does not exist for urban residences.

The assessment district is the township, but it is nevertheless true that a discrimination be-

tween townships in the distribution of the county tax burden. Other comparisons present statistical data by property class to measure the level and uniformity of assessment within assessment districts.

One table, which contains the greatest number of observations in the sample, gives the median ratios and dispersions for urban single-family residences. The median levels of assessment vary from a low of 41% in Township E to a high of 60% in Township F.

Although one of the tables indicates a very low overall coefficient of dispersion of 6.9% for this property class for Madison county, another lists dispersions greater than 20% for every township except one. This emphasizes the significant differences that may exist between county and township levels and the uniformity of assessment.

Stress must be placed on the original assessment. Relative to equalization, however, it is within the smaller geographical unit, such as township, municipality or school district, that the equity in the distribution of the tax burden becomes more important.

In the sales ratios and dispersions of urban vacant lots, there is a clear indication of extreme differences in the levels of assessments between these townships and uniformity within townships.

For example, the median ratios varied from 11.9% in Township C to a high of 19.4% in Township H. These figures also suggest a strong tendency to underassess vacant or improved property relative to land with improvements or residences. These are unusually high coefficients of dispersion, varying from a low of 37.7% in A to a high of 153% in C.

Another presentation attempts to measure the degree of possible discrimination between owners of urban residences of different value within townships. This table indicates a general but not consistent tendency to underassess higher value houses.

The specific sales value classes are listed only if there were at least five sales for each class for a given township.

Relative to uniformity or equality of assessment, there is a stronger tendency to indicate greater uniformity within sales value classes than for urban residences generally. Thirteen of the 20 coefficients of dispersion are less than 20%.

Assessment-sales ratios and

dispersions of rural residences in Madison county, based on the sample for 1965, vary from a low of 33% in B to a high of 68%. The average level of assessment for rural residences was slightly less than the corresponding urban units.

A median ratio of 46% for Township H is rather high, but with no comparable figure for urban transfers. The table also reflects a greater uniformity of the level of assessment within each township, contrary to the wide differences in assessment levels between townships.

Regarding rural lots, the ratios are consistently lower than the rural residences and even more so relative to urban houses.

It is difficult to draw any

meaningful conclusions in comparison of levels of assessments between rural and urban lots. Medians for the county indicate an identical average of 34%. On the other hand, the township levels for each of the two classes do not suggest a well-defined pattern.

A final table gives the ratios for four townships in which the land use classifications, except for distinguishing vacant land from improvements, were not available.

Since the majority of all transfers in Madison county has consistently been urban, there is no reason to assume anything different for these four townships. These levels of assessment are generally lower than the other townships.

SIU Board to Act On Internal Budget Friday

The Southern Illinois University board of trustees will hold its August meeting Friday starting at 9:30 a.m. in the board room at the president's office in Carbondale.

Agenda for the session includes consideration of the annual internal budget, action on bids for remodeling Shryock Auditorium, and a resolution amending the motor vehicle regulatory policies with reference to the traffic and parking revenue fund.

Fighting Charge Filed

David Steff, 17, of 2120 Delmar avenue was arrested by Granite City police at 9 a.m. Tuesday on a charge of fighting.

Granite City PRESS-RECORD Thurs., Aug. 15, 1968 Page 27

Area Births Continue Rise as Deaths Decline

A total of 99 births and less than half as many deaths occurred in the Quad-City area during July, continuing a rising birthrate pattern, according to a vital statistics report released by Homer "Cal" Pendleton, city clerk of Granite City. The report covers the entire local area.

Forty deaths occurred during the past month, four more than the 36 deaths reported in the area in June. The total of 99 births was an increase of eight over the 91 reported in June. The 99 births is the largest

number for any single month of the year thus far, bringing to 611 the total number of births over the seven months of 1968. For the same period last year, 507 births were recorded.

This year's seven-month death total amounts to 263, or 31 less than the 294 recorded in the first seven months of 1967.

Pendleton reported there were no stillbirths during July, leaving the total for the seven-month period at five. Three of these five occurred in April, with one in January and one in June.

\$63,301 Contract For Addition to Parkview School

A contract for construction of a four-room addition to Parkview grade school was awarded to the Ed Moore Construction Co. on a low bid of \$63,301 by the Granite City board of education Monday night.

Work is to begin within 10 days of signing of the contract and is to be completed by about Dec. 15.

The contract provides for a movable wall placed between the classrooms to allow for team teaching and large group work, with the wall closed for regular classes.

Other bidders, including the specifications selected, were the W. L. Thompson Co., \$64,502; Jim Green Construction Co., \$64,748; G. H. Sternberg & Co., \$65,197; M. L. Wolfe Co., \$66, and Leo Wolf, \$69,554. The advance estimate for the addition was \$72,000.

Action on Bids
Other purchases and contracts approved were:
Three Noritac dictating-transcribing machines for psychologists at \$255 each; 78 radiator traps for the high school heating system from Hester-Bradley of St. Louis for \$368.

Repairs to a feed pump for high school boilers for \$200; eradicate termites from the girls' gym area for \$260 by the McCloud Co.; purchase for the home economics kitchen at Grigsby junior high school of a washer and dryer from the Refrigerator Sales Corp. for \$285 and of three electric ranges for \$402 from Kitchen Interiors Co.; three gas ranges for \$300; and from the Hotpoint Co., a refrigerator-freezer for \$240, all on low bids.

Office and duplicating supplies from Frankel Carbon & Ribbon Co., \$225; A. B. Dick Products, \$388; Dittie division of Bell & Howell, \$153; and Graham's Bookstore, \$103.

Maintenance Equipment
Hand tools for the maintenance department from Sears Roebuck & Co., \$40; Sligo Inc., \$30; and Rubelmann Lucas, \$46.

Fire extinguishers to equip Grigsby junior high school from the Alltype Co. on a low bid of \$395; 36 door mats for Grigsby JHS from City Janitor Supply for \$216.

Printed of special education forms from Advertiser Press for \$188; piano tuning by Al's Piano Service of Alton for \$7.50 per unit; liquefied petroleum gas for Mitchell school from Midwest Butane Co. of Belleville at 94 cents a gallon.

Pantry products from Lombardo Fruit & Product for dessert toppings at \$8.50 per case and from A.A.A. Produce for pastry turnovers at \$14.22 per case; boiler repairs at Prather junior high by Continental Boiler for \$875; and cleaning football lights by the R. Dron Electric Co. on a low bid of \$192 for labor plus \$6 per lamp.

SECONDARY SCHOOL TEACHERS enrolled in a summer institute at SIU-SW reflect amusement at the comments of R. N. Prendergrass, far left, chairman of the mathematics faculty and institute director. Participants, from left, are Robert Jenkins of East St. Louis, Russell Chappell of Granite City and Robert Catalpa of Collinsville. They are among 45 teachers attending an eight-week program sponsored by the National Science Foundation; the course ends this week.

Meter Income Up; May Hit \$50,000 in '68

Granite City revenue from parking meter operation continues in a steady increase that may produce a total of \$50,000 for the current year if the present rate of fine and fee collections is maintained.

City Comptroller Robert Stevens reported that income from parking meter fee and fine collections in July amounted to a total of \$4236, comprising the second largest monthly collection so far this year. The largest was in April when collections totaled \$5052.

The July total income represented \$3300 in fee collections, compared to \$2650 during the previous month of June, and \$836 in fine assessments, compared to \$807 in fines received in June. The total of \$3657 income for June was the smallest of any single month this year.

July parking meter revenue brought to \$29,197 the total amount of fines and fees received by the city during the seven months of the year, up \$1702 over the total of \$27,495 collected during the same period in 1967.

Collections for all 12 months of 1967 reached \$46,337, the largest annual collection since parking meters were installed in Granite City.

Thus total collections of \$29,197 this year over a seven-month period is a monthly average income of \$4171, compared to a monthly average of \$4028 for the entire 12-month period last year.

The first big jump in parking meter collections came in 1966 when the city decided to beat down on violations of parking meter regulations. Until that

time, fine collections amounted to anywhere from \$150 to \$300 or \$400 a month.

In December 1965, total fine collections amounted to only \$309, but in January 1966 they jumped to \$519 and the following month of February amounted to \$1082, the largest fine assessment for any single month to that date.

Since that time, fines have ranged upward to the \$1000 mark or more on frequent occasions, with the peak in October 1967, when fines for that month totaled \$1797.

The police crackdown on violations resulted in an increase of total collections from \$38,629 in 1965 to \$47,311 for 1966. The overall collections increased again in 1967 to \$48,337.

Record Steel Wages In First Half of 1968

Hourly and salaried employees in the steel industry earned a record \$2,617,289,000 in the first six months of 1968, the American Iron and Steel Institute reports. In the like period of 1967, wages and salaries totaled \$2,332,219,000. June wages and salaries amounted to \$440,316,000, compared with \$450,080,000 paid in May.

Hourly and salaried employment in June climbed to 582,627, the highest for the year to date, compared with \$74,295 in May 1968 and \$55,354 in June 1967. Total employment cost per hour worked by hourly employees was \$4.96 in June 1968, compared with \$4.76 for the year 1967, including pensions, insurance, supplemental unemployment benefits, the non-payroll portion of savings, vacation plan costs and legally required payroll taxes.

Artworks Exhibit By SIU-SW Faculty Member

An exhibit of batiks and stichery by Catherine Milovich of the SIU-SW Fine Arts Division will be on display from now to Aug. 30 on the north wall of the art gallery in the University Center.

Associate professor of art and design, Mrs. Milovich has awarded-winning works which include batiks, mosaics, enamel, stichery, watercolors, oils and acrylics, all exhibited widely. Last year she had three one-woman shows, two in St. Louis and one in Scranton, Pa. Prof. Milovich, who came to SIU-SW in 1969, received her master's degree in fine arts from Columbia University and has done further graduate work at Washington University, where she was a lecturer for 10 years.

Average hours worked per week by wage earners was 39.2 in June vs. 39.9 in May 1968 and 36.4 in June 1967.

7 on SIU-SW Staff Going To Culture Workshops

Seven Southern Illinois University faculty members from the Southwest campus have been named by Chancellor John S. Rendleman to attend summer workshops in materials of Negro culture. Three faculty members are attending history workshops; one, social sciences; two, art and literature; and one, literature.

The workshops are designed to expand teaching information of subjects relating to the American Negro and his heritage.

SIU faculty members named to attend meetings are: Donald Darnell, assistant professor, and S. Joseph Gore, associate professor, both of the Education Division; Harry H. Hilberry, professor, Fine Arts Division; Emil F. Jason, associate professor, Science and Technology Division; Roosevelt Johnson, academic adviser, General Studies Division; Allen J. McCurry, associate professor, Social Sciences Division; and Jules Zanger, associate professor, Humanities Division.

Darnell and Johnson will be returned from the history workshop at Morgan State University (Md.). Gore will be at the social science workshop at Boston University until Aug. 17.

Hilberry and Zanger are to study at the art and literature workshop at Southern University (Baton Rouge, La.) Aug. 12-16; Jason will attend the literature workshop at Case Western Reserve College (C.N.Y.) Aug. 18-24; and McCurry will attend the history workshop at Duke University Aug. 18-24.

Aiding in sponsoring the sessions is the National Endowment for the Humanities.

Sale of Weekly Bus Passes in Stores, Mail

As a further step toward providing maximum protection for bus passengers and operators, weekly passes will be sold at stores, banks and other convenient locations instead of on buses. It was announced Tuesday by the Bi-State Transit System. This plan will become effective with passes for the week of Sept. 24.

"Since a substantial portion of the money now handled by bus operators is the money collected from the sale of passes, this will greatly reduce the exposure to robberies on our buses," John C. Balne, chief executive officer, said.

"Although certain protective measures have already been taken during the past year and a half, we are continuing to have robberies and assaults on our buses," Balne said.

"For example, during 1967 there were 96 incidents, of which 43 were armed robberies. So far in 1968, there have been 51 robberies."

"No Change' Plan Later" "Eventually, we are planning to go to a 'no-change' plan where the operator will have no money in his possession, or available to him, and all fares collected will go into a locked vault for which the operator would have no key."

"However, until the equipment and procedure for such an 'all-out' plan can be worked out, we believe the outside sale of passes will be of great help in deterring bus robberies and we are very grateful to firms that have agreed to sell the passes on a community service basis."

The first sale of bus passes by outside agencies will begin on Wednesday, Aug. 28. In addition, arrangements will be made to purchase passes by mail. A list of locations where passes may be obtained will be published prior to the last week of August and leaflets will be distributed to all bus riders.

Commenting on the plan, Harold W. Driemeyer, president of the transit workers' local, said, "Our union's executive board is 100% behind this plan and we are hopeful that the company will be able to supplement it with a 'no-change' plan in the near future."

"This is the trend in other large cities, such as Baltimore, Pittsburgh and Washington, D. C., and we understand that their 'no-change' plans are working very well and have good public support."

Previous Precautions This new step of Bi-State Transit's protection program will supplement other measures instituted earlier, including:

1. Equipping of all buses in nighttime service with two-way radios providing direct communication with police. At present, two-way radios have been installed on 250 buses and this will be increased as new buses now on order, are added to the fleet.

2. Employment of specially licensed armed guards in plain clothes to ride buses in certain areas, particularly in nighttime service.

3. Equipping of all buses in nighttime service with protective shields behind the operators' seats. More than 200 buses have been so equipped and this program is being expanded.

4. Equipping of all buses with four-way flashing light systems that can be used as a signal for police help in cases of emergency.

5. Permitting of police officers in plainclothes, on or off duty, to ride buses on the showing of their official badge.

6. Reduction of working funds carried by operators on nighttime runs in certain areas to a maximum of \$10.

7. Institution of a program urging passengers to have the exact change for payment of their fare, thus minimizing the amount of working funds required by the operators. The public has been cooperative in this respect, transit officials report.

80% Accuracy in Predicting Health of Future Children

"Will our child be normal?" Every day, this question is pondered by countless couples planning their families.

Today, that question can be answered with astounding accuracy—thanks to the explosive development of a new science called "genetic counseling."

Through this new science, physicians can help parents predict if their children will suffer from diabetes, mental retardation, deafness, blindness, heart defects, mongolism and scores more of diseases caused by inborn errors of metabolism.

Key to the science of genetic counseling is the human cell itself. Within it are infinitesimally small, threadlike particles called chromosomes, on which are hundreds and sometimes even thousands of genes—the basic units of inheritance.

Hereditary Traits At least 10 genes on the chromosomes of every human being carry lethal or seriously abnormal hereditary characteristics.

Sometimes these abnormal genes are passed on to offspring by the father, sometimes by the mother. In certain combinations and under certain circumstances, these abnormal genes may cause faulty development of the child.

In making his determinations, the chief tool of the genetic counselor is family history. In this way, he obtains a "pedigree" of normal relatives as well as those who suffer birth defects.

Among the clues such a search will reveal is an unsuspected marriage of cousins or

Three Requests Ok'd For Use of Schools

Three requests for use of Granite City school facilities were approved by the board of education Tuesday night. Savings and loan organizations will hold a smorgasbord pre-registration dinner, Sept. 11 in the high school cafeteria for students who will attend training classes conducted through the adult evening program.

American Steel Foundries will hold its annual meeting of the 25-Year club Dec. 3 in the high school cafeteria. St. Margaret Mary's school will use the Mitchell school gym on Wednesday's from Sept. 18 to Feb. 15 for basketball practice.

other close relatives. Experts estimate the extra risk of defective offspring from marriages between relatives is one-half times greater than that from marriages between non-relatives.

Karyotype Chart In addition to this history, the genetic counselor studies the parents' chromosomes through a chart-like device called a "karyotype." This study may reveal missing, extra, broken or rearranged chromosomes that can cause certain birth defects.

Armed with this combined information, the genetic counselor can predict within about 80% accuracy if the child will be born normal or not.

This information is perhaps most important to parents of an abnormal child who wants to know if the abnormality is due to birth defects or some environmental factor.

Armed with the information supplied by the genetic counselor, these parents can safely decide if they should have more children, or refrain in order to avoid the tragedy of further birth defects.

Three in Weapons Raid Bound Over, Waive Hearings

Three men arrested in a raid on an arsenal of weapons, ammunition and explosives at an Eagle Park Acres house Aug. 9 waived preliminary hearings and were bound over to the Madison county grand jury Monday afternoon in magistrate's court in Edwardsville.

Released on recognizance bonds were Bill Lucas, 53, of 105 Hill Street, and his two sons, William "Bull" Lucas, 22, and Darnell Lucas, 21, of the same address. The cache was at their home.

They are charged with unlawful possession of weapons, in particular a submachine gun allegedly capable of discharging more than eight bullets with a single squeeze of the trigger.

State police, Madison county deputies and East St. Louis police who conducted the raid found eight or more rifles and shotguns, about 25 handguns, 500 rounds of ammunition, a land mine, Molotov cocktails and hand grenades.

More Mortgage Money Available for Homes

If you're thinking of selling your house, you couldn't pick a better time than now, Ralph Morris, president of the Granite City Board of Realtors, said today.

"Historically, August is the top sales month in most areas of the country, because buyers are anxious to get settled before the start of the school year," Morris noted.

He explained that these prices indicate mortgage originators are willing to take fewer discount points in return for FNMA cash purchase of government-backed home loans as the average price rises.

The number of points shown by FNMA's auction is a general guide to home sellers about prevailing money market conditions, and Morris quoted FNMA President Raymond H. Laphin as saying the "higher prices demonstrate the continuing tone of optimism in the mortgage market. The market is steadily improving."

The area board president reported also that a recent action by the Federal Home Loan Bank Board has added \$600 million in mortgage funds to the current supply.

Savings and loan associations have been required to hold 7% of their deposits in cash. Recently, this was cut back to 6 1/2%, freeing the additional \$600 million. According to FHBB Chairman John E. Hume, there is a chance this liquidity requirement could be cut even further, to 6% in an effort to "permit the continuation of reasonable mortgage financing activities" in the months ahead.

"In such an improving climate for sales, home owners

who have any intention of selling in the near future may wish to consider taking the step now," Morris said.

"In any event, they might wish to discuss their real estate situation with a realtor—a professional in real estate and subscribed to a strict code of ethics as a member of the local and state boards and of the National Association of Real Estate Boards."

Tillstrom, Shari Lewis Due at Puppet Festival

Puppeteers of America will gather in St. Louis county for the 1968 National Puppetry Festival to be held Monday, Aug. 19, through Friday, Aug. 23, at the auditorium of Webster College, 470 East Lockwood, Webster Groves, Mo.

Mr. and Mrs. Richard Kozlowski, 2539 Edwards street, local puppeteers, with their puppets known as the Kozels, will participate in the week-long activities.

Kozlowski will serve as stage manager for the national convention, the 21st annual festival of the Puppeteers of America. Public performances will begin Monday with a 2 p.m. matinee of "Memorable Melodies" from show tunes by the Pom Pom players, Ltd., Belleville, Ill., and "Adventures on Noah's Ark" by the Puppet Guild of Long Island, N. Y., plus "Hansel and Gretel" by the Jim Menke Marionette Theatre of New York. Menke appears through the courtesy of Fantasy Island, Grand Island, N. Y.

A performance for adults will begin at 8 p.m. Monday with Lord's International Concerts giving selections from its repertoire, including "The Firebird Suite," "Holiday," "Commedia dell'arte" and "Macbeth."

Daniel Lloids, president of the Puppeteers of America, will embark on his third world tour with his "Concerttheatre" just hours after officiating and performing at the 1968 festival.

Wizard of Oz
The 2 p.m. matinee on Tuesday, Aug. 20, will feature "The Wizard of Oz" by The Bibby Marionettes, Saline, Mich., and "Fantasy On Strings" featuring the blacklight artistry of Erica and Peggy Melchior of Cleveland, O.

At 8 p.m. that day, "An Evening with Dick Myers' Puppet Arts," Woodstock, N. Y., will be presented with his red puppets in "Cinderella" and "The Adventures of Dick Whittington." Recently, Myers returned from the second International Puppet Festival at Colwyn Bay, Wales, where he received great acclaim for his artistic efforts.

On Wednesday, Aug. 21, the afternoon matinee will have "Tom Sawyer" by the Coleman Marionette Theatre of Maywood, Ill., and "Rumpelstiltskin" by America's newest professional troupe, The Melkin Puppet Theatre of Oak Lawn, Ill.

No evening performance is planned for Aug. 21 as the festival participants are attending "The Sound of Music" golden anniversary performance at the Municipal Opera. The public is invited to attend a special "Puppets On Film" session at the college auditorium beginning at 7:30 p.m.

Theme for the Thursday afternoon, Aug. 22, matinee is to be "International Interest Day" at Festival '68. "The Friendly Beast" (a traditional play) by the Kathryn Hawn Puppets, Harrisburg, Pa., "The Magic Man" (a tale of India) by the Ed Johnson Marionettes of Michigan and hilarious highlights of the adventures of Punch and Judy by Jay Marshall, Chicago, will be presented.

Foreign Puppeteers

That evening, the adult performance will be entitled "Puppets Evoke International Interest" and is to include a festival feature, a lecture and demonstration by Peter Scriven, director of the Marionette Theatre of Australia and originator of "Intookies Puppets," now in the U. S. for the first time. The professional appearance of Puppeteers Guido Van Deth of Hague, the Netherlands, will be in a traditional Dutch presentation of "The Good Shepherd." Peter Scriven and the Van Deths will appear through the generosity of their governments.

On Friday, Aug. 23, the concluding day for the shows, the afternoon matinee will feature the B. Gay Puppets of Bayonne, N. J., presenting a travelogue of tales, including "The Golden Melon," "The Monkey and the Snake," "The Crowded House" and a demonstration of people and puppets, plus the Paul Vincent Davis Puppets of Washington, D. C., in "The Second Shepherd's Play," a medieval play.

Concluding will be a play without words, "The Red Rubber Ball." The B. Gay Puppets have been featured at the Smithsonian Institution at the nation's capital this summer.

The adult show for the final evening will be at a different time, 8:15, and will have the topic, "A Variety Show on Strings," a complete night club act featuring the marionettes of Bruce and Nola Bucknall of Cedar Rapids, Ia., and "A Show of Hands," a topical revue for adults using the Carol Fijan Puppets with The Puppet Associates of New York City.

Workshops, Puppet Store

Workshops are to be held each morning for those engaged in the art of puppeteering. They will include instruction in such areas as staging a script, creating with elastic, techniques of shadow puppet construction, script writing and adaptation,

publicizing a puppet production, getting results with acrylics, puppetry in education, modeling heads for puppets, and practical puppet stages.

An advanced workshop will be held on making marionette masterpieces, and a special festival feature will be an illustrated lecture and demonstration by America's foremost authority on puppetry, Dr. Marjorie Bachelder McPharlin, Santa Fe, N. Mex.

There will also be a workshop on creating characters for television and for commercials.

The final workshop session is to be another advanced workshop. Since puppetry is an integral part of the theatre, Aurora Valentini, lecturer in drama at the University of Washington, will be the featured speaker.

Among the most famous names who will be in attendance at the festival will be Burr Tillstrom of "Kukla, Fran and Ollie" fame, Shari Lewis and Bill Baird.

Baird figures seen in "The Sound of Music" will be featured in a special display. Also as part of the festival, a puppet store will be in operation daily throughout the week. Operated by puppeteers, the store will be open to the public and will contain all sorts of puppets and puppetry-related items.

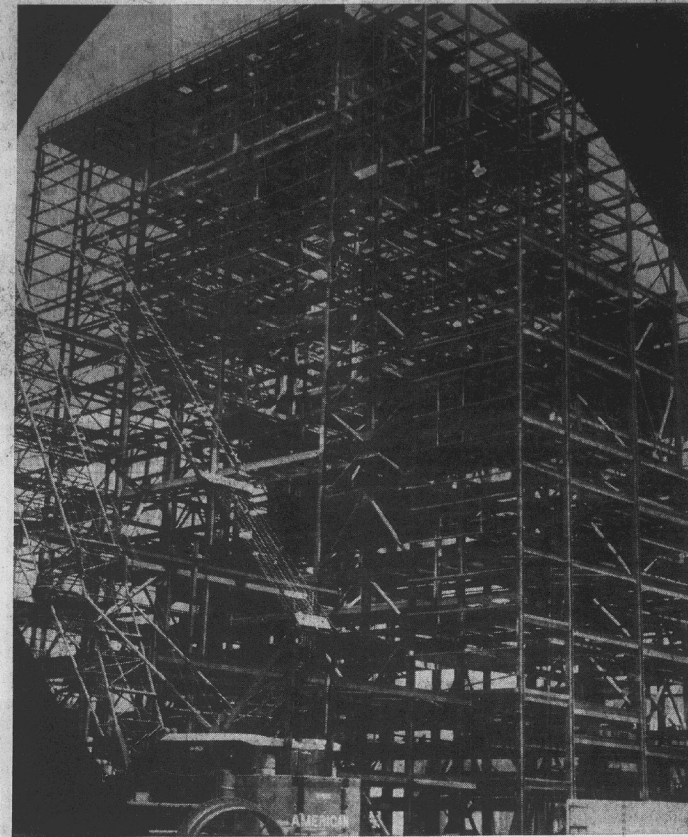

Long History
The history of puppetry can be traced as far back as 2000 years and it is almost certain that, even before history was recorded, these tiny figures were making mankind laugh and cry.

Puppetry in America enjoyed a tremendous rebirth shortly after world war I and interest has continued—perhaps because of the greater emphasis on leisure time and through greater use in the classroom and on television.

America boasts many outstanding professional puppeteers, and the Kozlowskis will be busy helping assure that their welcome to this area will be a warm one.

Tickets may be obtained by writing and enclosing a check to the general chairman, Donald Avery, 2015 Novem drive, Fen-ton, Mo. 65026. Prices at the afternoon performances are 50 cents for children and \$1 for adults. At the evening shows, tickets will be \$2 per person. Ticket chairman is Sue Barnes, HE 2-6269.

NEW GMC PICKUPS \$2140
F. BED, REAR STEP BUMPER
HUNDELEY PONTIAC

MAZE IS FORMED by steel framework erected for Illinois Power Co. power plant being erected on the east bank of the Kaskaskia river in Randolph county. The first unit, of 550,000-kilowatt capacity,

is to go into use in 1970, and the structure is over 200 feet high at present. An adjacent smokestack will be 605 feet high, only 25 feet lower than the Gateway Arch.

Speeding Charge

Gary D. Ayers, Rural Route One, was charged with speeding at Nameoki road and Clark avenue at 12:05 a.m. Tuesday.

Bicycle Hits Taxicab

A girl on a bicycle struck the left rear of a taxicab driven by Pat Green, stopped at 2100 Madison avenue at 2:55 p.m.

Monday. She picked up her bike and rode away before he could obtain her name. She had a scratched right knee and was described as 12 years old, of slim build and with blonde hair.

Conduct Charge Filed

Kathleen Stuart, 26, of 2220 rear Washington avenue, was arrested at 2:10 a.m. Monday on a disorderly conduct charge.

Mail All 1969 Auto License Applications During August

Mailing of pre-printed applications for 1969 passenger car registrations has begun. Secretary of State Paul Powell announced this week.

The applications need only be signed and notarized, any corrections entered, and returned with the fee and the 1968 identification cards.

The new procedure is one of the first benefits of a computer system being installed in the Automobile Division, Powell said. The computer prepares for mailing 200,000 to 300,000 applications each day.

Secretary Powell said this will enable all passenger car

owners to receive their applications by Sept. 1, which is 30 days in advance of the Sept. 30 deadline for applying for reassignment of their 1968 numbers.

He estimated that the number of reassignments will increase by about 250,000 this year.

Each day's mailing is sorted by zip code to allow the post office to expedite delivery to the motorists. Included with each application are a return envelope and a brochure explaining and illustrating the new system.

Can Buy Directly

Powell pointed out, however, that while reassignments are expected to increase substantially, persons not desiring to retain their current numbers are not required to mail their applications, but may still secure their license plates over the county at Secretary of State's office facilities in Springfield and Chicago, at banks selling license plates, or by using the services offered by remittance agents and currency exchanges.

In either case, he asked motorists to use the pre-printed applications, as it will enable his office to provide faster and more efficient service.

Overall effect of the computer system and pre-printed applications will benefit both the motorist and public and law enforcement agencies by making possible earlier delivery of license plates and much faster access to registration information, Powell predicted.

Technical Center Part of 1968-69 Venice School Budget

A record-breaking \$1,289,319 appropriation for operation of Venice schools in 1968-69, tentatively adopted by the Venice board of education and on public display at the office of the superintendent, contains increases in the education and transportation funds to provide immediate operating funds for the new Venice-Lincoln Technical Center.

Funds expended by the Venice school district to direct programs at the adult vocational training school will be reimbursed through grants made by the Illinois Department of Public Aid and the federal government and administered by the Illinois Office of Public Instruction Adult Education Division.

Salaries of faculty members and custodial staffs, general operation of the Lincoln building and tuition fees are reimbursable from the state and federal appropriations. The center also is being extensively equipped at government expense to furnish vocational-technical instruction in a wide variety of subjects.

A total of \$27,720 for the program is provided in the education fund, which was increased by \$28,673 over the 1967-68 figure to \$1,009,068. Salaries for instruction at the grade and high school levels are up \$48,800 to \$652,808 and provide for pay increases ranging from \$39 to \$83 per month.

Bus Routes for Center
Additionally, the transportation fund was raised from \$22,187 last year to \$61,958 to provide bus transportation for students enrolled at the Venice-

Lincoln Center. About \$45,000 of the bus service costs will be reimbursed to the district under the special program.
Transportation is available to enrollees who attend day and evening sessions at the center from areas in Granite City, Washington Park, State Park Place, Fairmont City and Brooklyn.

An increase of \$13,001 in the building fund, which totals \$142,793, contains a \$886 raise in salaries and increases in supply and utility costs for both the Venice and Lincoln schools. Estimated gross revenue for the Venice district is \$1,229,885, showing a deficit of \$59,434, which is to be offset by a \$62,000 loan from the working cash fund.

Amounts appropriated for other funds include:
Bonds and interest, \$61,780; up \$843; municipal retirement \$13,719; up \$2276; and working cash fund, none, down \$10,475.

A detailed breakdown of the proposed 1968-69 budget, with last year's figures listed in parentheses, follows:
EDUCATION FUND.

Administration: Salaries — \$38,045, (\$38,383); contractual services — \$2350, (\$2400); supplies — \$3455, (\$2500); travel — \$4005, (\$3150); other — \$1925, (\$2000). Total—\$50,280, (\$42,033), down \$81,755.
Instruction: Salaries — principals, \$26,773, (\$32,583); consultants or supervisors, none, (\$1625); teachers — elementary, \$312,605, (\$235,795); teachers — secondary, \$219,040, (\$143,950); teachers — divided time, none, (\$107,530); other instructional staff, \$6900, (none); secretaries and clerks (principals' office) \$15,945, (none); other salaries for instruction, \$15,085, (\$6000). Total — \$596,058, (\$527,483), up \$68,575.

Contractual services, \$1000, (\$3000); supplies — textbooks, \$15,500, (\$14,500); library and audio-visual, \$3450, (\$4872); other instructional supplies, \$8050, (same). Total—\$28,750, (\$29,222), down \$472.

Travel (teacher), \$1000, (\$500); tuition paid, \$2700, (\$2300); other, \$3300, (\$4500). Total—instruction \$632,808, (\$567,005), up \$65,803.
Health: Nurse salary, \$5140, (\$4220); contractual services (dentist and physician expense), \$3000, (\$4100); supplies, \$500, (\$17,000); other supplies, \$1300, (\$350). Total—\$3241, (\$3670), up \$570.

Operation: Supplies, \$2800, (\$3000); telephone, \$3000, (same). Total—\$5800, (\$6000), down \$200.

5 Area Students Attend Student Council Session

Pranaitis Makes Dean's List at U. of Illinois

Mrs. Mary Pranaitis, 2114 Washington avenue, has received a letter from the dean's office at the University of Illinois informing her that her son Al Pranaitis is listed on the dean's list.

A student must have earned a 4.0 average to attain this. Pranaitis now has a 4.0 average and has been named to the dean's list for four consecutive semesters. A 1966 graduate of St. Louis University high school, he is enrolled in the College of Liberal Arts and Sciences and has completed his second year. He plans to become a lawyer.

Five area delegates and two assistants are attending a Student Council workshop this week at Monticello College, Godfrey.

The delegates are Ed Bartosik, president, and Richard Talley, of the Granite City high school Student Council, and Rosemary Daniels, secretary. Edith Houis and Sharon Maurer of the Venice high school Student Council.

Ronald Ganchini, faculty advisor of the VHS council, is a member of the Illinois Student Council board, is in charge of organization of the workshop and is being assisted by Margie

McGarahan and Linda Svezia of VHS.

Consultant and lecturer is Al Long, principal of Neeah, Wis., high school.

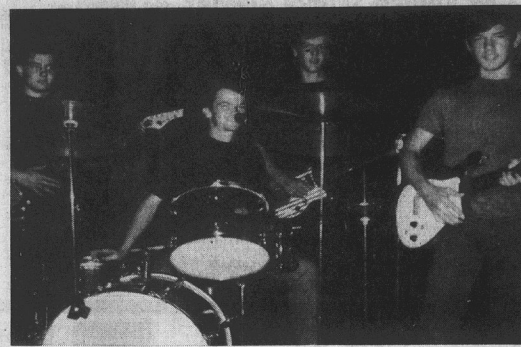

The delegates are divided into separate councils. They are given problems to solve and prepare for various activities to aid in the operation of their own Student Councils.

West Granite Street Dance Saturday Night

The West Granite Youth Development group will sponsor a street dance from 8:30 to 11 p.m. Saturday on the parking lot at Cohen's store, 2801 Illinois avenue.

Music will be provided by "The Sound Foundation," composed of Eddie Whitford, Mike Carney, Dave Carney and Don May.

Serving as chaperones will be Mr. and Mrs. Bob Keeton, Mr. and Mrs. Bob Branch, Mr. and Mrs. Parker Hurst, Mr. and Mrs. Herman Wilson, Mr. and Mrs. Bill Brannan, Mrs. Eleanor Gafford, Mrs. Nona Harris, James King and James Reynolds.

"THE SOUND FOUNDATION," to play at a street dance being sponsored by the West Granite Youth Development group at 8:30 p.m. Saturday on the lot at Cohen's market. In the combo are Mike Carney, Eddie Whitford (group leader), Don May and Dave Carney.

EU to Graduate 450

About 450 persons will receive degrees at Eastern Illinois University's summer commencement at 7 p.m. today. President Quincy Douma will confer degrees, award diplomas and present the charge to the class.

Campus Clothes Aid 'Search for Identity'

Girls on campuses and women are dressing "for fun" and are play-acting in search of identity, believes a Southern Illinois University fashion specialist.

It is this quest for the "real self" that has brought on so many of today's trends in fashion, according to Thelma Berry, associate professor of clothing and textiles in the School of Home Economics.

"For a third of a century we have had the hourglass figure, modified from season to season, and it is time for new concepts to mirror our age of speed, action, informality," she said.

The trend has not settled down yet, so we don't know what form will predominate the remainder of this century. Silhouettes normally change drastically about three times each century, so it is time for a new one to prevail."

A year ago, Mrs. Berry predicted the miniskirt would remain in vogue for some time, perhaps becoming as abbreviated as an Elizabethan doublet worn with long hose.

Spring and summer brought such a style, especially for campus coeds, and advance fashions for fall are producing party clothes closely resembling ballerina tutus, dance tunics and toubadour jerkins.

Fall trends which she has gathered from Washington, Chicago and New York, from fashion magazines and from the students in her family clothing class include the following:

"Heavy emphasis on leather, both real and fake, and on furs, both real and fake. Both are used not only for accent but also for entire suits.

Metal belts, leather belts, fabric sashes. The waistline is quite mobile, ranging from empire to low on the hips.

Longer jackets, sometimes almost three-quarter length, worn with skirts of modified A-line or with box pleats. Some short-fitted jackets, stopping at the hipbone, are seen.

Fuller sleeves, sometimes with ruffles at the wrist which occasionally match ruffles at the neck.

Capes and weskits, matching or contrasting with skirts and blouses, have wide and flowing legs. But by next year the legs will become more fitted and tailored, but not narrow or tight.

Colors will be more subdued this fall, the greater emphasis on grays and browns in about equal proportions, Mrs. Berry said. Rust tones will be used as an accent for both brown and gray. Plaids and paisleys will lend variety to the fashion scene.

For the longer fashion run, Mrs. Berry predicts that, by next year, pants garments will become more acceptable for all-occasion wear, "but they will be softer, more feminine, more wearable." The earlier versions, now being seen for evening wear and informal occasions, have wide and flowing legs. But by next year the legs will become more fitted and tailored, but not narrow or tight.

The pants garments—often with matching or contrasting coats—are already being seen in avant-garde magazines and advance style notes, she said, but she does not think they will reach their peak for another year.

Admitted for Semester

Edward J. Breidenbach, 9 Eduardo drive, has been admitted to Washington State University for the fall semester.

Pre-Dental Courses To Be Offered Here

Students interested in earning a college degree in dentistry may enroll this fall for pre-dental courses at Southern Illinois University's Western campus.

SIU-SW has been urged by the State Board of Higher Education to establish a dental school to train 50 students a year as soon as planning and financing can be completed. Acting on this recommendation the university is now formulating plans and curricula for the proposed school.

Negro History Course To Be Given at ISU

A program to bring the role of the Negro in American history to a broad section of students will be inaugurated at Illinois State University in September.

Twelve special evening lectures will be presented on the subject during the coming year as a part of the two basic courses in United States history offered in the department of history, according to Dr. Roger Champagne, head of the department.

All students enrolled in the basic courses will be required to attend. However, this will involve no extra class sessions for them. On days when the lectures are being given, the regular class sessions will not be held.

During the fall semester, about 1,200 students will hear six lectures. During the spring semester, 800 to 900 students will attend, the department head said. The lectures will be given in Capen auditorium, and the speakers will be from the staffs of other colleges and universities. ISU is financing the program.

Students to Promote Ogilvie for Governor

A group of students from more than three dozen Illinois colleges has organized Illinois Students for Ogilvie to promote the Republican gubernatorial campaign of Richard B. Ogilvie.

Chairman of the group is Don Schroeder, Chicago, a junior political science major at the University of Illinois-Chicago Circle campus.

Schroeder said the new campaign group will seek to involve 15,000 students in 60 different campuses in organizing Ogilvie rallies, conducting get-out-the-vote drives and registering new voters.

cation to establish a dental school to train 50 students a year as soon as planning and financing can be completed. Acting on this recommendation the university is now formulating plans and curricula for the proposed school.

Chancellor John S. Rendleman said the university hoped to be able to open its dental school as soon as funds are made available.

According to a study made for the State Board of Higher Education, Illinois now ranks 14th in the nation in the dentist-to-population ratio. Merely to maintain its current position, the state will need to graduate 175 additional dentists by 1980, the study shows.

According to the health care survey, only two-thirds of adults questioned reported having their own dentist, and from one-third to one-half of the adult population does not have access to regular dental care.

In Southern Illinois a much higher proportion of families appear to be forced to main irregular dental care for their children because regular dentists are not available, the study shows.

"The shocking statistics in the board's report can only be remedied by a substantial effort to increase the number of dentists trained. This effort must start immediately, and SIU-SW is anxious to make its contribution toward a solution of this pressing need," Chancellor Rendleman said.

University officials have indicated students enrolling this fall for pre-dental courses will have an excellent chance of completing their dental education at SIU-SW.

Mexico Indian Village Scene Created at SIU

An exhibit hall in Southern Illinois University's Museum at Carbondale has been converted into a Huichol village, complete with religious singing center, a "god house," a typical family hut and figures of a Huichol man and woman in native clothing.

Many of the Huichol artifacts were brought back from the remote Indian community of western Mexico by Philip Weigand, curator of North American archaeology, who with his wife spent nine months living with the natives in the village of San Sebastian in 1966.

Museum staff members have created authentic, a-bode huts for the exhibit, as well as lifelike figures of the Huichol man and his wife.

Color slides of Huichol scenes and recorded Huichol music run continuously in the exhibit.

While Weigand studied the economic, social and political life of the Huichol Indians, Mrs. Weigand learned the techniques of their remarkable handicrafts— weaving, beadwork and "yarn painting."

In addition to samples of these crafts shown in cases in the Huichol room, two large yarn paintings she made are displayed in the corridor. One she developed from a tiny black-and-white photograph of an original now in the University of California at Los Angeles collection.

The museum is located on the first floor of Old Main. Visiting hours are 9:30 a.m. to 4:30 p.m. Mondays through Fridays and from 2:30 p.m. to 4:30 p.m. on Sundays. There is no charge for admission. The Huichol exhibit will remain on display until late October.

YOUTH PROCESSION from Calvary Baptist Church to Granite City high school, pictured above, where the athletic stadium is the scene of night "Good News Crusade" evangelistic services sponsored by the Madison County Baptist Association. The meetings began Friday and will continue at 7:30 p.m. each day through Sunday, Aug. 18.

Plans for Opening GC School Year Announced

Plans for opening of the new school year for Granite City students on Aug. 27 were announced at a meeting of the board of education Monday night.

A half-day session will be held on the first day, and all schools will operate on regular schedules with full day attendance beginning Aug. 28.

Registration for new secondary students is being held on week days this month at each junior and senior high school.

School principals will meet at the board office at 9 a.m. on Wednesday and Thursday of next week. A welcome breakfast for new teachers with the administrative staff will be held at the GCHS cafeteria at 8:30 a.m. Aug. 23.

Other activities set for Aug. 23 are:
Registration of new elementary pupils at all elementary schools from 9 a.m. to 3:30 p.m.
Orientation day for all seventh grade students at Coldige junior high school from 9:30 to 11 a.m. and for all 10th grade students at GCHS from 9:30 to 11 a.m.

Sectional meetings for new secondary and elementary teachers at GCHS from 11 a.m. to noon.
And meetings for new teachers with principals in buildings to which they are assigned at 1:30 p.m.
Set for Aug. 26 is a general meeting of the entire faculty and administrative staff at 9 a.m. at GCHS, sectional meetings from 10:15 a.m. to 11:45 a.m. and building meetings for all faculties in schools to which they are assigned at 1:30 p.m.

The Marching Salukis, Southern Illinois University's field band, will perform at the half time of the St. Louis Cardinals football game Oct. 20.

S. Illinois DeMolays Convene at University

Charles "Chuck" Hileman, master counselor of the Granite City chapter of DeMolays and junior counselor of the Southern Illinois DeMolay Association, led the Granite City delegation in a meeting hosted by the Edwardsville chapter this week in Edwardsville.

The meeting opened with a worship service conducted by Rev. Paul W. Widicus of St. John's Methodist Church, followed by a dinner served by the Mothers' club in the Masonic Temple.

After dinner, the meeting was moved to the amphitheater of the Communications building on the SIU-SW campus. The business session was conducted by Ron Knecht of Belleville, SIDA master counselor.

Among other business discussed was Granite City hosting a jurisdictional tennis tournament at the Wilson Park courts on Aug. 23 and 24.

The meeting was adjourned for a tour of the university buildings and for recreation at the Student Union building.

The Murphysboro chapter of DeMolays claimed the attendance trophy.

Local members attending were Paul Boyer, Kirk Darnier, Bruce Hawkins, Charles Libby, Bill Kee, Steve Meador, Max Merz, Jim Naeve, Tim Noud, Dwayne Pritchett, John Tolbert and Bill Watson. They were accompanied by advisors Dr. Amos Rode and Charles Meyer.

The Southern Illinois University Broadcasting Service has prepared a five-part television series entitled "Illinois - The Rugged Land" in conjunction with the state's sesquicentennial.

Graduate Percussion Recital at SIU-SW

Dan Sherman, a teacher in the Quincy public schools, will give his graduate percussion recital at Southern Illinois University - Southwest campus Sunday, Aug. 18, at 8:15 p.m. in the Communications Building theater.

Sherman will open his recital with six unaccompanied solos for snare drum by Michael Colgrass. He will also play Bach's "Concerto in A Minor," "Sonata for Three Unaccompanied Keitiedrums" by Daniel Jones and "Concert Asiaticque" by Henri T. naal.

The recital is being presented in partial fulfillment of the requirements for the master of music education degree, which Sherman will receive Aug. 31.

It is open to the public without charge.

Announcement was made that Granite City, defending SIDA softball champions, had again won the right to represent the jurisdiction at the state slow-pitch softball tournament to be played during the 40th annual state convale in Peoria Aug. 16-18.

Among other business discussed was Granite City hosting a jurisdictional tennis tournament at the Wilson Park courts on Aug. 23 and 24.

Apply in August for Alumni Scholarships at SIU-SW

Applications for grants from the Alumni Scholarship Fund are now being accepted by Philip L. Eckert, student work and financial assistance director at Southern Illinois University - Southwest campus. Interested persons must apply by Sept. 1.

The scholarships, granted on the basis of financial need, are available to any junior or senior level SIU-SW student with a grade point average of at least 4.0 (B).

The Alumni Scholarship Fund is one of the services provided for students through the generosity of SIU alumni who are contacted for pledges in annual spring "teletfund" campaigns.

The fund drives are conducted by the SIU Alumni Association. The first "teletfund" campaign, covering only Madison county, was held in the spring of 1963 and netted only enough to assist one student the following January. Six grants were made last year from contributions that came from three county alumni clubs—Bond-Clinton, St. Clair and Madison.

Twenty-five SIU-SW students have received financial aid since the inception of telefunding.

The summer graduation ceremonies will be held in the SIU Arena starting at 7:30 p.m. There will be no formal commencement exercises. Proceedings will be telecast live by the University station, WSU-TV, and repeated at 9 p.m. the following Sunday.

The ceremony will follow the final examination period that begins Aug. 26 and runs through the morning of commencement day.

Pre-Teen Club Band Enters Battle of Bands

The Pre-Teen Club band at Kirkpatrick Homes, the Confederate Stripes, is entered in the Battle of the Bands contest being sponsored by Granite City Jaycees Sept. 15 at Wilson Park, according to club leaders Mr. and Mrs. Howard Evans.

Members of the band are Gary Rhoades, Gene Roseberry and Lonnie Jennings. The band plays at Pre-Teen club dances from 7 to 10 p.m. every Friday in the Kirkpatrick Homes recreation hall.

Those assisting as chaperones at the dance include William Adams, Mrs. Barbara Smith and Mr. and Mrs. Thomas Gaines, with guests Donn Hornberger of the Illinois Youth Commission and Jim Barnes, president of the Teenage club of Kirkpatrick Homes.

Local members attending were Paul Boyer, Kirk Darnier, Bruce Hawkins, Charles Libby, Bill Kee, Steve Meador, Max Merz, Jim Naeve, Tim Noud, Dwayne Pritchett, John Tolbert and Bill Watson. They were accompanied by advisors Dr. Amos Rode and Charles Meyer.

State Capitol NEWS

Conservation Control

An agreement between Illinois, Indiana, Michigan and Wisconsin to halt further pollution of Lake Michigan by pesticides and economic poisons was signed last week.

The lake is the only one of the Great Lakes wholly within the United States. About 80% of its 1661 miles of shoreline has recreation potential and the lake supports a variety of aquatic life.

Increasing traces of pesticides have been found in aquatic plants and life, affecting their lives and reproductive potentials.

The agreement will strengthen research and enforcement of means to control indiscriminate use of persistent pesticides and other economic poisons destructive to aquatic life.

'Coon Season'

The statewide hunting season for raccoon, opossum, skunk and weasel will begin at noon Nov. 1. Trapping season for raccoon, opossum, skunk, weasel, mink and muskrat is from Nov. 16 Dec. 31 in the northern zone and Nov. 25-Jan. 5 in the southern zone.

U. S. Rt. 36 is the boundary line between the zones.

Downstate Nixon Drive Chairmen Announced

William H. Rentscher, state chairman of the Illinois for Nixon organization, and Ray Page, downstate chairman of Illinois for Nixon, yesterday announced the names of campaign chairmen and co-chairmen for seven downstate Congressional districts.

"We are building a team to carry Illinois for Dick Nixon in November. We intend to get the Nixon story to citizens of every political persuasion and background," Rentscher said. "The new leaders we are naming will spearhead the Nixon citizen effort downstate."

Chairmen and co-chairmen announced were: District 12, Co-Chairmen Robert B. Chatz, Highland Park attorney, and Marshall R. Schroeder of Ingleside, president of the Illinois Press Association.

District 17, Co-Chairmen U. S. Rep. Leslie C. Arendt of Melvin, minority whip of the U. S. House, and James G. Schneider of Kankakee, president of the Kankakee Federal Savings & Loan Association.

District 18, Co-Chairmen U. S. Rep. Robert H. Michel of Peoria and Ray A. Neumann of Peoria, civic leader and president of the First Federal Savings & Loan Association of Peoria.

District 20, Co-Chairman J.

Head of Effective SIU-SW Placement Program Retiring

A five-gavel man, Roy R. Bryant, director of Southern Illinois University's Placement Services, has an unusual distinction.

He is the only man who has served as national president of the two major organizations in his field — the Association of School, College and University Staffing and the College Placement Council, Inc. (U. S. and Canada).

He prizes the gavels presented him by these two groups, and also has one each from the Midwest College Placement Association, one from the Illinois ASCUS and a fifth from the Illinois Schoolmasters' Association.

Bryant retires Sept. 1 after running SIU's placement operations since 1950, when he became the school's first full-time placement director.

As president of the College Placement Council, Bryant logged more than 100,000 miles of travel to meetings and conferences.

Bryant passed the state teacher's certification examination at the tender age of 17 after completing only three years of high school at his native Norris City.

Fortunately, his birthday fell on Aug. 9, so he reached the maturity of 18 before he met his

first class at Stokes Station in White county.

On that first job, school "kept" only seven months out of the year, so between sessions he rushed to Carbondale to complete his studies for the high school diploma in University School.

He completed the bachelor's degree at SIU (then Southern Illinois Normal University) in three years plus summers, graduating in 1930. He earned the master of arts degree at the University of Illinois, 1937, and the doctorate at Washington University, St. Louis, 1952.

Bryant had 22 years' experience as a public school administrator in Illinois, most of it at Omaha, Englefield and Metropolis, before

he was called to SIU in 1948 as a field representative for the university.

Two years later, he was assigned to full-time placement duties and began to build up an organization that now spans two campuses plus the Vocational Technical Institute and answers calls for SIU graduates from around the globe.

In the beginning, Bryant's placement job was to connect SIU graduates with teaching positions, for at that time the university was just beginning to diversify into non-teaching fields.

Today, he said, more recruiters from business and industry visit the university than do educators.

Last year, 983 personnel representatives from business and industry visited the two campuses, Carbondale and Southwestern, compared to 339 teacher recruiters.

"And we have calls for our graduates from all 50 states and from all continents, he added. "Last year, we received request from 23 foreign countries."

While SIU is still one of the country's largest teacher-training institutions, today only a little more than a third enter teaching as a profession, he said.

Almost all SIU students who want jobs are placed by October after commencement, he said.

Last year, by Oct. 1, when his office closed out its annual report, only 5% were unemployed. Some years, he added, the figure is as low as 1%.

Bryant has no plans to remain idle for long. He has been offered the opportunity to teach a class now and then in SIU's Department of Educational Administration and Supervision.

He and his wife, the former Flora Lee Questell of Herald, Ill., a former school teacher, expect to do some traveling. And he proposes to indulge further his hobbies of rock collecting and gardening.

Bryant, a devoted Rotarian and former president of the Metropolis Rotary club, is proud of the fact that during his peripatetic travels as president of ASCUS and CPC he rarely has missed a meeting.

"I've made up meetings at 128 clubs in 39 states and three Canadian provinces," he said.

In addition to his leadership activities in state, regional and national professional placement organizations, Bryant has found

time to fulfill duties on many educational committees for the university and in other state and national educational societies.

For example, when the National Education Association held a membership drive a few years ago, Bryant sold 120 life memberships costing \$150 each.

\$45 Monthly Pay Hikes for 15 City Hall Employees in GC

A new wage proposal approved by non-union city hall employees and officially adopted by the Granite City council Monday night provides a flat \$45 per month across-the-board salary boost for 15 workers and will account for a total budget increase of \$8100 for the 1968-69 fiscal year.

The contract is for one year and will be retroactive to May 1, terminating on April 30, 1969.

The city hall employees made up the only group to accept wage offers made by the council in negotiating sessions a week ago.

Two employees originally in the group, Douglas Greathouse, janitor, and Irma Harriet, matron of the city hall, were eliminated from the list in its acceptance. They will be represented in further negotiations in their behalf by the custodians' union.

Annual wage increase for each employee will amount to \$540.

Stevens to \$10,170

The new wage schedule increases the salary of City Comptroller Robert Stevens from \$9630 per year, or \$802 per month, to \$10,170 per year, or \$847 per month.

The salary of Orville Deltour, city building inspector, is raised from \$877 per month, or \$8130 per year, to \$722 per month, or \$8870 per year.

The salary of Jack Fricker, city inspector, also is increased from \$8130 to \$8670 per year, while the salary of Lawrence

How To Hold FALSE TEETH More Firmly In Place

If you have false teeth and are bothered by slipping, dropping, or wobbling when you eat, laugh or talk. Then get a little **PASTETTE** on your plates. **PASTETTE** holds dentures firmer and more comfortably. Makes eating easier. It's alkaline... doesn't sour. No gummy, goopy, pasty taste or feel. Holds cheek plate odor. Denture that fit are essential to health. See your dentist regularly. Get **PASTETTE** at all drug counters.

Drury, assistant city inspector, is raised from \$7410 per year to \$7950 per year.

City Attorney Richard Allen, who has been receiving \$627 per month, or \$7530 a year, will receive \$665 per month of \$8070 per year.

Harry E. Hartman, assistant city attorney, whose salary was \$400 per month, or \$4800 per year, will now receive \$445 per month or \$5340 per year.

Gladys Heely, assistant city comptroller, will receive a new salary of \$534 per month, or \$6414 per year. She had received \$489 per month, or \$5874 per year.

Marabeth McConnell, secretary to Mayor Donald Partney, will receive a new salary of \$5826 per year, or \$485 per month. Her previous salary was \$5286 per year, or \$440 a month.

Clerk Salaries Listed

Humane Officer Terry May, who has been receiving a salary of \$357 per month, or \$4284 per year, will now receive \$382 per month, or \$4584 per year.

New salary of Marge Hall, city hall switchboard operator, will be \$382 per month, or \$4710 per year, compared to a previous salary of \$347 a month or \$4170 per year.

The new schedule also increases the salaries of five clerk-employees, as follows:

Virginia McLeister, formerly \$372 per month, or \$4470 per year, to \$417 per month or \$5004 per year; Helen Shepard, \$347 per month, or \$4170 per year, to \$382 per month, or \$4710 per year; Isabelle Crnkovich, \$347 a month, or \$4170 per year, to \$382 per month or \$4710 per year.

Peggy Keitner, \$325 per month or \$3900 a year to \$370 a month or \$4440 per year; Ralph Lerch, \$325 a month or \$3900 per year to \$370 a month or \$4440 per year.

ZERO DEFECTS AWARD being presented at the Granite City Army Depot to Marion F. Sullivan (center), security guard, by Col. Charles E. Hoskin III, Depot commander. At the left is Maj. Stephen R. Taylor, Depot provost marshal.

First 'Zero Defects' Award at Army Depot

Marion F. Sullivan, a security guard residing at 700 26th street, is the first Army Depot employee to receive the Zero Defects award for significant personal contribution to the Zero Defects program.

The award, a certificate of recognition and one of the new gold and white "Zero Defects" ballpoint pens, was presented by Col. Charles E. Hoskin III, Depot commander, during ceremonies in his office.

Sullivan was praised by his supervisor, Major Stephen R. Taylor, Depot provost marshal, for consistently demonstrating an attitude of producing error-free performance which culminated in his receipt of this award.

His "courteous, sharp and pleasant manner" is considered to have been a valuable contribution to the improvement of the Depot image.

Son Born to Dr. and Mrs. Obert Lay

He is assigned to the 4th M. P. Co., 4th Infantry Division, APO San Francisco 96322. He has been in the Army for more than a year and has 11 months of service remaining.

Detroit Interest in Auto Parts Work Here

"Continuing interest in the St. Louis region as a potential auto parts manufacturing center was expressed by automotive manufacturers in Detroit," D. Reid Ross, executive vice-president of the St. Louis Regional Industrial Development Corp., announced this week upon return from the fifth staff visit to that car-producing city this year.

On their three-day trip to Detroit Aug. 7-9, Ross and Charles A. James, RIDC research director, talked with 15 firms. "Seven of those firms expressed a definite interest in the metropolitan bi-state region," Ross said.

"Discussions with these firms indicates Detroit auto parts manufacturers have a great deal of interest in this region for future expansion," Ross said.

"Because of the growth of the auto assembly industry and a rapid shift in their markets, manufacturers may have to consider development of another concentrated area for a combined vehicle assembly area and parts manufacturing center. This should be that area, and RIDC is doing all it can to insure the decision maker's have the right information ready for when the time comes to make such a move."

Because this bi-state region is centrally located with respect to the nation's population and already is the second largest auto assembly area in the nation, RIDC has concentrated efforts on showing parts manufacturers the profit potentials in this region as compared to the cities now being used, as sourcing points for various parts.

"OPERATION: ADVANCE" Presides a historic Council on Evangelism to be conducted at Kiel Auditorium, August 26-29. Thousands of ministers and laymen from across the nation will be in attendance in addition to a large delegation of foreign missionaries and nationals from 78 countries. Unprecedented in scope and appeal, the Council on Evangelism will be welcoming representatives of many major denominations and is open to all who are interested in propagating the Gospel of Jesus Christ. Why not get acquainted with the assemblies of God during Operation: Advance and the Council on Evangelism.

Home Notes

By Mrs. Catherine R. Mauck, Madison County Home Adviser,
Home Economics Extension of University of Illinois

All Detergents Now Biodegradable

When several Wisconsin streams foamed last spring, most of the officials who investigated the incidents attributed the foam to natural causes—not detergents. The reason for their assurance? Since mid-1965, all household detergents manufactured for use throughout the U. S. have been made of "soft" (biodegradable) materials—and subsequent tests have shown that the conversion to this type was highly successful.

Although the occasional foaming problems created by the old "hard" detergents were strictly esthetic ones, the detergent industry voluntarily began to seek a solution as early as 1951. The goal was to develop products that would break down readily after use, and still continue to be just as efficient and economical as ever. After a decade of research and an expenditure of some \$150 million, this major effort culminated in the 1965 change-over to "soft" detergents—move widely hailed as an outstanding contribution to the nation's clean-water program. Field tests, and later monitoring at waste treatment plants around the country, have clearly demonstrated that the new "soft" detergents do break down readily under proper waste treatment.

However, homemakers can not tell the difference because the newer detergents—which may be either normal sudsers or low sudsers—perform just as well as the earlier ones as biodegradability characteristics show up after use, not in the laundry or dishpan. And don't be concerned if the detergent you use is not labeled biodegradable. There is no need to indicate this on packages now that all brands are biodegradable.

Who Called That Phrase "The Good Old Days?"

Have you made yourself a new scrub broom lately? Out of a hickory sapling, that is, cut with a jackknife? And have you starched and ironed those homespun linen bedsheets?

If you have just picked up a long-handled scrub brush at the store, and tossed your durable press sheets into the automatic washer, you can't qualify for the title—the title of "Frugal Housewife," which a respectable housewife used to strive for back in the 1890's and the early 1900's. That phrase was her reward for scrubbing, washing, ironing, cleaning and carrying water from dawn till dark.

Perhaps American housewives ought to be ashamed of their "lazy" lives in this year of 1968—as compared with those described in a very interesting and amusing little book, "The Frugal Housewife," that recently came to light. The author, Ruth Freeman, writes sympathetically of the good old days, when her grandparents and great-grandparents in New York State really kept house the hard way. Most of her information comes from stories told among her own kindred. And, oh, how it brings home the blessed contrast of the

"good old days" and the good new days.

It's a miracle how any homemaker, way back then, ever got the family washing done. She considered herself well equipped to do the laundry if she had a copper boiler, a washboard, a wooden wash tub, a clothesline and maybe the luxury of a hand-turned clothes wringer and a knife to cut the bars of homemade yellow soap she used.

With no washing machine, no automatic dryer, no automatically controlled electric iron, no convenient laundry cart, no efficient soaps and detergents—she really kept her family clean the hard way. And, more power to her because she never gave up her many-ruffled petticoats, even if it took hours to "do them up."

Housewives of 1968 should start counting their blessings—the blessings of modern equipment and scientific developments because they don't begin to know what hard work really means!

Nipped
Nature allows a man to get to thinking he's some pumpkin, and then sends a heavy frost.

Inflation
Today the ounce of prevention costs as much as the pound of cure used to cost.

Beacon Light
Different minds bring about a difference of opinion in this indifferent world.

Tempus Fugit
Many a man loses his chance because he never knows it's too late until it is too late.

RED DUST MONITOR atop the city hall in Granite City is inspected by Dr. Irwin H. Parrill, consulting chemist, who is an STU-SW assistant professor of chemistry and the acting Granite City Air Pollution Control Board technical secretary this summer. The red oxide discoloration monitoring

panels will provide physical evidence of a type expected to aid in documenting the timing and extent of air pollution. The panels, left to right, are a section of a painted home exterior, painted aluminum siding and a strip with latex paint.

By Press-Record Staff Photographer

Model K and Stanley Steamer at State Fair

Last year's grand champion of the Antique Auto and Sports Car Meet at the Illinois State Fair, a 1906 Model K, is the featured car in an exhibit on display throughout this year's fair.

The exhibit is on the Avenue of Flags, directly opposite the entrance to the grandstand. The Model K Ford, which was manufactured only in 1906, 1907 and 1908, is an unusually rare car. It represents Henry Ford's unsuccessful effort to enter the high-priced car field. It has a six-cylinder engine, and sold for \$2850. The car is owned by Durward Fagan of Palos Heights.

Another car in the exhibit also offers interesting history. This is a 1911 Cadillac owned by Jack L. Tallman of Decatur.

Theodore Roosevelt was the first American president to drive his own car, which was this one or one just like it. They had cars at the White House prior to this time, but Roosevelt was the first president to drive.

Other cars in the exhibit and the owners include: 1905 Model, Herbert Lehman of Hillsdale; 1909 Sears, Richard C. Dobbins of Springfield; 1910 Packard, Fred Woods of Evergreen Park; 1911 Stanley Steamer, Wilbur Yates of Heyworth; 1913 H.A. Moyer, Wayne McKinley of O'Fallon; 1916 Dorr, Walter Belin of Highland; 1921 Overland, V.A. Garner of Decatur; 1924 Lincoln, R. M. Johnston of Springfield; 1926 Ford, Glenn DeMoss of Galesburg; 1927 LaSalle, Richard C. Johnston Jr., of Winnetka; 1929 Ford, Martin M. Wick of Highland; and 1933 Chevrolet, Lawrence R. Keeler of Olney.

Lift Off Program To Continue in GC On \$122,786 Grant

A Title I application for federal funds of \$122,786 to continue the Lift Off program for another year was approved by the Granite City board of education Monday night.

As in the past two years, Emerson, Logan, Washington and Webster grade schools will continue as attendance centers for the project.

Each center will have one pre-school class, utilizing a half-time teacher. Remedial reading and health services will continue with a full-time person in each center.

Guidance will again be provided for the four centers by two counselors. The per capita grant per eligible child has been reduced by Congress this year from \$169.77 to \$146. The reduction has been partially offset, however, by an increase from 704 to 841 in the number of eligible children in the Granite City district.

Allocations include \$85,389 for instructional salaries, \$33,196 for health service salaries and \$200 for other expenditures. The reduction in the per capita grant may be restored, as it is tentative. The application was forwarded to the county superintendent of schools this week.

The luggage chosen specially for the U.S. Olympic team this year. Saturn is rugged. Scuff and stain-resistant body of tough polypropylene. Locks recessed out of harm's way in the distinctive Channel-Gard. Frame of lightweight aero-metal. Cushion-comfort handle that retracts. Saturn will take all you need. Spacious compartments that pack flat. Your choice of colors that refuse to fade. Get Saturn and get going. It's the one luggage to take when you're going for years.

Initial FREE with handsome metal initials.

Farm Column

By WARREN W. BUNDY
Madison County
Extension Adviser

Corn plants, parts of plants, and soil samples were collected from 19 townships in Madison county as part of a statewide research effort to determine the micro-nutrient or "minor elements" situation as related to crop production.

Spectrographic analysis of these samples will be made at the agronomy department of the University of Illinois.

One purpose of this work is to identify any areas where certain elements may be lacking, or present in excess supply, for optimum crop production. The results may suggest areas where field trials should be made for further study.

Most farmers would like to know if there are additional materials they can use to fertilize their soils for improved crop yields. This research

should help to provide such information.

Next year, similar research will be done in Madison county on soybeans.

Farms from which corn and soil samples were collected this year are Nickolas Freeland, Godfrey township; Eugene Laux, Fosterburg; Wilbur Heimkamp, Mory; Richard Watson, Omphigant; Rudolph Kuttin, Olive; Edward Henschen, New Douglas; Eugene Suesen, Wood River; Lester Strohmeyer, Ft. Russell; William Blase, Hame; Richard Hopkins, Alhambra; Dale Bloemker, Lee; Howard Knecht, Edwardsville; John Meier, Pin Oak; Bernell Wells, Marine; Clarence Beck, Saffner; Arlyn Gerling, Collinsville; Robert Stock, Jarvis; Al Pfister, St. Jacob; and Francis Boeser, Hevelia.

Assassin Bug Found
A Route Four Edwardsville woman brought her small child to the extension office last week, along with a bug that was found sucking blood from under the child's fingernail. The huge insect, about an inch long and 3/4 inch wide, was identified as a species of the kissing bug family, also known as assassin bug.

Soon after spraying the yard area with chlordane, a second such bug was found dead and a third still alive.

This particular species, a "wheel" bug, does not transmit Chagas disease, but a year ago a species of kissing bug that is capable of transmitting that disease to humans was found west of Edwardsville.

Applying a foundation spray entirely around the house, and spraying the yard area—including inside the garage and especially in piles of wood or trash—is good insurance against most insect problems. Insecticides recommended for such treatments are listed in University of Illinois circulars entitled "Keep Outdoor Pests Out of Your House" and "Insect Control By The Homeowner." For copies, write to County Extension Office, 900 Hillside, P.O. Box 406, Edwardsville, or call 636-7200.

Grain, Feed Facilities
Farmers who want to expand their on-farm grain drying and feed handling facilities in preparation for the 1968 corn harvest will be interested in looking at a couple of new plans just received from the Midwest Plan Service.

Each plan consists of 14 sheets of explicit details, along with alternative layout arrangements. They were developed by agricultural engineers at Purdue University.

For those just getting into on-farm grain drying, the lay-

outs start with one bin dryer plus the elevator. Expansion plans include arrangements for high-speed batch-in-bin, continuous flow or batch dryers with facilities for 30,000 bushels or more of storage. The plans also include bin layouts for dryers for hot grain and aeration of stored dry grain.

One plan is especially adapted to wagon unloading, with equal sheds and center work tower

across the drive for feed processing.

Another is designed for outside truck unloading and scale installation under the roof.

Both plans feature a vertical bucket elevator and work tower with hoppers overhead bins for grain handling and feed processing.

Plans can be seen in the county extension adviser's office.

31 Going to DeMolay 40th State Conclave

(Twenty-nine boys and two advisors of the Granite City DeMolay Chapter will attend the 40th annual State Conclave to be held in Peoria Friday through Sunday at the Pere Marquette Hotel.

There will be three days of meetings, a softball game—as champion representing the jurisdiction—and the crowning of the state DeMolay sweetheart at a banquet to be held Saturday evening. On Sunday morning, a breakfast will be served and awards presented. U. S. Sen. Everett Dirksen will be the featured speaker, followed by in-

stallation of state officers. Bruce Hawkins will participate in "state flower talk" competition. Those attending will be Charles Hileman, Keith Darnier, Randy Fowler, Steve Hileman, Tim Noid, Bill Watson, Bruce Hawkins, Mike Faw, Mike Norton, John Tolbert, Steve Meador, Dale Jones, Jim Naeve, Bill Kee, Carl Earls, Max Merz, Wally Todd, Rich Bargiel, Ernie Edwards, Kirk Darnier, Gus Schalkham, Mike Asadorian, Roger Matthews, Charles McPhee, Mike Sparks, Reggie Teague, Larry Wallace, Mike Welsner and Advisors Gilbert Welsner and Charles Meyer.

Part-Time Jobs for Unemployment Aides

Part-time professional positions as Intermittent Unemployment Claims Deputy Aides have been announced by the Division of Unemployment Compensation of the Illinois Department of Labor.

Durward Book, local office manager, said the \$3.35 per hour jobs are open to both men and women who have completed four years of college or its equivalent.

Responsible full-time paid experience in fields closely related to this position may be substituted year for year for college. Examples include:

Accountant.
Employment Interviewer in an employment agency.
Personnel counselor or manager.

Teacher (in an accredited school).
Supervisory sales experience with major duties in personnel work, such as division or district manager.

Vocational counselor.
The work involves investigation and adjudication of claims for unemployment compensation when a claimant's eligibility is questioned.

Applicants will take a civil service examination and, if accepted, will be paid during a two- to three-week full-time training period and must then be available for work at least four hours on each of any two business days a week, Monday through Friday.

Applicants should contact Book at 2850 Iowa street.

Question:

What can you get 19,000 copies of for \$1.00?

George D. Butler, 69, War I Veteran, Dies

George D. Butler, 69, a former 25-year Granite City resident, died Monday at the John Cochran Veterans Administration Hospital in St. Louis.

Born in Venice, he had moved to St. Charles, Mo., after his marriage. His wife preceded him in death.

He was employed at a car foundry in St. Charles, Mo., and had operated a tavern at 2900 Missouri avenue until six years ago. He had traveled extensively in recent years.

A world war I veteran, he had served in the Army for 1½ years, enlisting in 1917.

Ill for several years, he was unable to walk and had been a patient in the Hot Springs, Ark., Veterans Hospital and in the past three months a patient at St. Mary's Hospital, East St. Louis, and Firmin Desloge Hospital, St. Louis.

Surviving are a brother, Garvin Butler of Granite City, and one sister, Mrs. Mary Rowland of Freeport, Ill.

Services were held yesterday at a Granite City funeral home, with burial at St. John's Cemetery. Arrangements were given in the obituary column.

Card of Thanks 32

WE WISH to thank our kind friends and neighbors for their acts of love and sympathy during our recent loss of our beloved husband and father ALFRED BUSHONG, also we extend our grateful thanks to the beautiful floral tributes, food received from our friends and neighbors. Special thanks to Rev. Legate, pallbearers, nurses on 1st East of St. Elizabeth Hospital, Mercer's Funeral Home and Dr. Tejada.

Job, Jobless Levels Stable During July

The U. S. employment situation in July remained basically unchanged from June, the U. S. Department of Labor's Bureau of Labor Statistics announced today.

Total unemployment was 3.2 million in July. This was 400,000 below the June level, when unemployment rose sharply as nearly 3 million youths entered the job market. The June-to-July decline was in line with the normal seasonal pattern.

Since April, when the jobless total reached its lowest level in more than a decade, seasonally-adjusted unemployment has increased by 240,000.

The July unemployment rate was 3.7%, compared with 3.6% in June and 3.5% in April and May.

There was some improvement in July in the employment situation for workers 20 to 24 years of age, as many of these youths who had entered the labor force in June were able to secure jobs. The unemployment rate for this group, after rising sharply in June, returned to the April-May average of 5.5% as their employment (seasonally adjusted) rose by 200,000.

The situation for teenagers, on the other hand, showed no improvement in July. The jobless rate for 16 to 19 year-olds, which had risen from 12.6% in May to 13.6% in June, was unchanged in July. Both the teenage labor force and employment rose less than expected in July, and the unemployment rate remained at the June level.

The rise in unemployment in the last few months has been concentrated among the less skilled workers in construction, agriculture, and the service industries.

The unemployment rate for

Edward Mueller, 47, Machinist, Succumbs

Edward Earl Mueller, 47, of 2112 Richmond avenue died at 4:50 p.m. Tuesday at St. Elizabeth Hospital. He had entered the hospital a week ago and underwent major surgery.

He was born in Collinsville and had lived in Granite City for several years. A machinist, he was employed at McDonnell-Douglas Aircraft Corp. in St. Louis county.

Survivors include his wife, Mrs. Alice Schmidt Mueller; one son, Thomas Mueller, ten years old; his parents, Mr. and Mrs. Edwin Mueller of Collinsville and two brothers, Robert Mueller of Collinsville and Sam Mueller of Manhattan Beach, Calif.

Funeral arrangements are given in today's obituary column.

FOURTH BIRTHDAY OF MICHAEL ZUKAS

Michael Zukas, son of Mr. and Mrs. Charles Zukas, 1624 Lindell, was honored with a fourth birthday party Sunday afternoon. Mrs. Zukas had the home decorated for the event.

Games were played and prizes were awarded. Balloons were given to all the children and a clown cake was served with refreshments to Paul Barington, Annette Cary, Sheila and Becky Crews, Lisa Petrosky, Debbie Kacera, Paul Morison, Susan, Michael and Cindy Schaffner, James and Kathy Carter.

Advising assisting were Mrs. Mary Schaffner, Mrs. Pat Crews and Mrs. Mabel Carter.

MISS JOANN MAERAS HONORED AT SHOWER

Miss Joann Maeras was celebrated Monday evening with a personal bridal shower given by her bridesmaids, Miss Janice Derner, maid of honor, and Miss Pat McDaid and Donna Wargin at the Derner home, 901 Washington avenue.

The gift table was centered with a large blue umbrella decorated with white ribbons of the valley. Games were played and prizes were awarded.

A buffet lunch was served to Mrs. Donna Maeras, mother of the bride-to-be, Mrs. Sophie Derner, Mrs. Sharon Honer, Miss Linda Sabo, Mrs. Mary Ponce, Miss Vickie Wrightman, Miss Barbara Blatter, Miss Marian Haddock, Miss Margaret Botts, Miss Charlene Volokai, Miss Carol Chapman, Miss JoAnn Sabol, Miss Lena Loersch, Miss Georgann Vasiloff, Miss Helen Mooshegan, Miss Judy Kaleta, Miss Diane Blatter, Miss Paulette Volokai, Miss Nola Barham and Miss Sandy Derner.

William Westlake Dies; Retired Plant Supt.

William M. Westlake, 69, of 29 Pine Lake Manor, Collinsville, a retired General Steel Industries superintendent, died at 1:30 p.m. Tuesday at his home following an extended illness. Among the survivors is a brother, George B. Westlake of Granite City.

A resident of Collinsville the past 24 years, Mr. Westlake was a native of St. Louis. He had retired about five years ago from the local plant of General Steel Industries, where he was employed many years. He was a member of the First Presbyterian Church of Collinsville.

Survivors include his wife, Mrs. Eleanor Somershalder Westlake; one son, Lt. Cmdr. William Robert Westlake, U. S. Navy, Jacksonville, Fla.; one daughter, Mrs. Gale (Sharon) Stowers of Encinitas, Calif.; and one brother, Clarence Westlake of St. Charles, Mo.; and four grandchildren.

Funeral arrangements are given in the obituary column.

Conference on World University Outlook

Oliver J. Caldwell, University dean of International Program Development at Southern Illinois University, has announced that a conference on the international dimensions of the American University in 1980 will be held at the Hilton Inn in St. Louis county Nov. 21-23.

Caldwell is chairman of the planning committee for the event, jointly sponsored by the Associated Universities for International Education and by Education and World Affairs, an organization founded by the Carnegie and Ford Foundations to provide leadership and service to American higher education in the field of international education.

The November conference will concentrate on innovations and changes in the undergraduate curriculum.

SEVENTH BIRTHDAY OF ANGELA CUCCATTI

Angela Cuccatti of Bluebird Lane celebrated her seventh birthday Sunday afternoon with a party given by her parents, Mr. and Mrs. Carl Cuccatti. Games were played and prizes were awarded. Betty Gerling, Tonya Cuccatti and Beth Oxford.

Favors were given to each guest, and refreshments were served to her great-grandmother, Mrs. Leola Pyles, grandparents, Mr. and Mrs. Glenn Tucker, aunt, Mrs. Glenn Stages, and Connie and Debbie Miller; David Marlen, Crystal and Michelle Stages, Phillip and Sarena Bellipanni, Sherry Clemmonson, Mary Mullen, Grant and Beth Oxford, Christine King, Laura Corneaux and Tonya and Phillip Cuccatti.

The gift table was centered with a large blue umbrella decorated with white ribbons of the valley. Games were played and prizes were awarded.

A buffet lunch was served to Mrs. Donna Maeras, mother of the bride-to-be, Mrs. Sophie Derner, Mrs. Sharon Honer, Miss Linda Sabo, Mrs. Mary Ponce, Miss Vickie Wrightman, Miss Barbara Blatter, Miss Marian Haddock, Miss Margaret Botts, Miss Charlene Volokai, Miss Carol Chapman, Miss JoAnn Sabol, Miss Lena Loersch, Miss Georgann Vasiloff, Miss Helen Mooshegan, Miss Judy Kaleta, Miss Diane Blatter, Miss Paulette Volokai, Miss Nola Barham and Miss Sandy Derner.

WEDDING SHOWER FOR MRS. DAUMA

A belated wedding shower was given Sunday afternoon at the VFW in honor of Mrs. Mary Phelps Dauma by her aunts, Mrs. Cleo Schaefer, Mrs. Irene Schaefer and Mrs. Sandy Schaefer.

Decorations for the tables were in gold and green, with a portrait of the bride and groom centered on the main table, and a floral trellis placed over the picture.

Her husband, Spec-four John Dauma, is in Pleu-Ku, Vietnam, and is expected home Aug. 14 after serving 13 months overseas.

Upon his return, the couple will reside at Fort Worth, Tex., where he is to be stationed to complete his final nine months of service.

Games were played, with numerous prizes awarded, followed by the honoree opening the picture.

Guests attending were Mrs. Verla Dauma, mother of the bride, from Little York, Ill.; Mesdames Margaret Feurka, Loretta Feurka and children, Pete and Nicholas; Janet Werner, children, Gerald, Cathy, Keith and Kevin; Joe Thomas, Shirley Leaner, Ethel Snyder, Chris Petrillo, Goldie Coleman, Carol Hendricks and children, Robin and Sherry, Agnes Lindsay and Glenna Toland, daughter, Mary Helen.

Out-of-town guests were Mesdames Verna Dodge, Jean Gore, Alma Dacko, Mildred Schaefer, Esther Underwood, Marilyn Bladdick and daughter, Pamela, of St. Louis; Mary Jane Weasley, St. Peters; Dorothy DeCleru, Herculaneum, Mo.; Joan Hendricks and daughter, Joyce; Barbara DeCleru of Festus, Mo.; Miss Chambers, Miss Karen Thomas, Mrs. Bernice Schaefer and Mrs. Phelps, both grandmothers of the bride, and Susan Schaefer, Mary Ellen and Mary Ann Schaefer, and Cheryl, Faith, Nancy and Debby Schaefer.

BRIDGE CLUB MEETS

Fred Niemen and Al Schaefer took first place honors in games of the Granite City Duplicate Bridge club at a weekly meeting Sunday evening at the Elks club.

Mrs. Helen Todd and Mrs. Bernice Grzesk were second and Mr. and Mrs. Paul Densford third.

Mrs. Golda Belser and Mrs. Bernice Grzesk were first-place winners in games Monday morning of the Nameoki Duplicate Bridge club. This weekly session is held in the home of Mrs. Helen Meyer, 2832 Yale drive, who serves as director for both clubs.

Second place went to four members whose scores resulted in a tie. They were Mrs. Mildred Branding, Mrs. Helen Wyman, Mrs. Jerry Seibold and Sam Meyer. Fourth place was taken by Mrs. Lee England and Mrs. Ruth Densford.

The clubs will meet again on Aug. 19 and 19 at their respective meeting places.

June and Glenn Williams, children of Mr. and Mrs. James R. Williams Jr., 129 Rivera drive, returned to their home

Fondling By Parents Essential to Infants

Are you afraid that too much fondling, caressing and holding of your baby will spoil him? Well, don't be. Parents' love in infancy is almost impossible to overdo—and "underdoing" it can lead to tragic results.

A new study has shown that many babies in the best homes—given the most careful physical attention but little parental love—frequently developed a mysterious condition called "marasmus." They became listless, refused to eat, and—in some instances—died.

On the other hand, infants in the poorest homes, but with loving parents, often overcame the physical handicaps of poverty and became bouncing, healthy babies.

The necessity of parental love, therefore, is more than just sentimentality; it's scientific fact.

Reason: Much of the infant's mental and nervous development is incomplete at birth. The cells are not completely formed, and the blood cells which feed and irrigate these cells are not yet developed.

To help the infant adjust, he still needs to be rocked gently, he also needs to be carried about at regular intervals until he is able to move and coordinate his own body.

Parents should realize, however, that they can't "fake" affection and get away with it—the affection must be real. Manifestations of their love must be greater than just feeding, bathing and attending to all of the perfunctory details of infant care. They must include all of the tender evidences of real feeling—fondling, caressing and singing or speaking to the baby.

While many children don't die physically from lack of affection as children, they DO suffer psychologic problems.

So—don't hold back your natural urge to love your baby—it's the best "medicine" available to help him grow into a happy, adjusted adult.

The Garden Corner

FERTILIZE STRAWBERRIES NOW FOR BIGGER YIELDS

Strawberries should be fertilized in early August to promote more flower buds to form. The flower buds for next year's crop develop during the fall months. Adequate fertilizer, especially nitrogen, will help make more buds and stronger buds.

Ammonium nitrate (33-0-0) should be applied at the rate of four pounds per 100 square feet. This can be broadcast over the rows, but it should be applied when the foliage is dry. Brush the leaves with a broom or rake to remove fertilizer particles to prevent burning.

Avoid excessive applications of fertilizer at this time. The suggested rate above is average. If too much nitrogen is applied, yields will be reduced and vegetative growth will be too strong.

TIME FOR FALL GARDENS

The end of summer is in sight and it is time to plan to plant your fall garden. Vegetables that can be planted now include beets, cabbage, carrots, Chinese cabbage, Kohlrabi, snap beans, turnips and summer squash. It is a little early to seed fall lettuce and radishes, but a small planting does not cost much in seed and the results might be profitable. Mustard and spinach should be planted toward the end of the month.

Several plantings of lettuce and radishes can be made at 10-day intervals for a month or more. Lettuce requires about 45 days to mature for eating, and radishes can mature in about 23 days. Plan your last planting on this basis but remember that a light frost will not damage these crops.

Apply some fertilizer before working the soil for these fall

plantings. Nitrogen is the most important element, especially for the leafy vegetables. It is in short supply because of the rainfall this spring and summer.

If you are certain that enough potash and phosphorus is in the soil, apply one-half pound of ammonium nitrate (33-0-0) per 100 square feet to supply the nitrogen. If there is need for all nutrients, apply one-half to one pound per 100 square feet of a complete fertilizer such as 12-12-12.

Even though soil moisture is plentiful at this time, soils can dry out quicker at this time of the year than in the spring. As a result, seeds should be planted slightly deeper now. Supplemental watering as needed will aid in getting a good stand.

Multiple Variety Fruit Trees

Nursery catalogs advertise 5-in-1 trees that have several varieties on one stock. Gardeners can build their own multiple-variety trees through budding and now is the time to do it.

Multiple-variety trees enable you to have several varieties in a small space and reduces the number of trees that require care and spraying. They also provide a fruit size and color variation for conversation among friends. Any fruit tree that you now have growing can serve as a stock or host plant for making a multiple-variety tree. It should be growing normally and the younger the better. Trees planted this spring can be used if they have made enough growth. The bark has to be peeling or slipping to succeed.

The "T" bud method is most commonly used on fruit plants. If you desire more information on this type of operation, contact your local county extension adviser for a copy of Fruit Growing Report Number 4 on Plant Budding.

Summer Harvest Time

Many gardeners are now experiencing the rewards of their labors with home-grown produce. Summer time eating is near its best with the peak of the season for sweet corn, tomatoes, eggplant, peppers, cucumbers, peaches and many other crops.

Commercial growers, too, are in the midst of harvest of sweet corn and tomatoes. Cantaloupes and watermelons in the American Bottom will be ready in a week or two. Summer apples and early peaches are available at orchards in Calhoun, Jersey, and St. Clair counties.

Note About Chiggers

Newer repellents like DEET make picnics and fishing trips more fun by preventing a problem with chiggers.

When you spray or rub DEET repellent on cuffs, collars, socks, and exposed skin, chiggers have a tough time. Even with repellents the chiggers may find an unprotected area unless you promptly change your clothes and take a shower when you get home.

Usually the bath and the soap kills most of the chiggers but you may still notice some itching. Immediately treat the itchy area with an antiseptic to kill the chiggers. Itching will probably continue for sometime after the treatment. If you have chiggers in your lawn or in

nearby recreation areas, contact our office in Edwardsville (Belleville) for information on treating turf for chiggers.

Rabies and Skunks

When skunks object to vaccination they spoil the war on rabies.

Last year, rabies in skunks was nine times more common than rabies in dogs and cats, according to Prof. George Woods, University of Illinois College of Veterinary Medicine. Until the 1953 law requiring vaccination of dogs for rabies, this disease seemed equally common in dogs and cats. Even cattle were occasionally infected.

Since required vaccination of dogs began, the occurrence is 25 times less, with only eight

known cases of dog rabies in 1967.

Since skunks have become the main source of this fatal disease, it's easy to understand how dogs, cats and livestock become infected.

When an animal is bitten and infected, the disease may show up in two weeks. Pets will often change. A shy dog may become vicious. Pets often wander away from home, biting anything or anybody. Sometimes foaming at the mouth is apparent. Eventually they die. Be suspicious of any skunk that begins to travel during the

daytime. "Friendly" skunks can be a serious threat to children and pets.

In case you are bitten by a pet or "friendly animal" try to catch or confine the animal for observation.

Even though a new vaccine is less painful and more effective, 21 treatments are still necessary unless we confine the animal for observation. In the case of a skunk, it may prove to be quite an adventure. Call your local veterinarian for a copy of the detailed pamphlet, "What you should know about Rabies."
